

CC KITS Full-Size Conversion Kit Bed Rails

CC KITS Full-Size Conversion Kit Bed Rails Instruction Manual

For Simmons Kids Convertible Cribs

1. SAFETY INFORMATION

Read all instructions before assembly and use of the conversion kit. Keep these instructions for future reference.

- Ensure all hardware is securely tightened before use. Periodically check and re-tighten as necessary.
- This conversion kit features water-based, non-toxic finishes, free from lead and phthalates, ensuring a safe sleep environment.
- Do not substitute parts. Use only manufacturer-supplied parts.
- Always use a mattress that fits snugly within the bed frame to prevent entrapment.
- This kit is designed to convert a compatible Simmons Kids convertible crib into a full-size bed. Do not use for purposes other than intended.

2. PRODUCT OVERVIEW

The CC KITS Full-Size Conversion Kit Bed Rails are designed to transform your Simmons Kids convertible crib into a full-size bed. Crafted from 100% solid wood, this kit provides superior strength and longevity, supporting up to 600 lbs with additional slats (sold separately).

Included Components:

- Two (2) Solid Wood Bed Rails
- Four (4) Slats
- Hardware Pack
- Instruction Manual (this document)

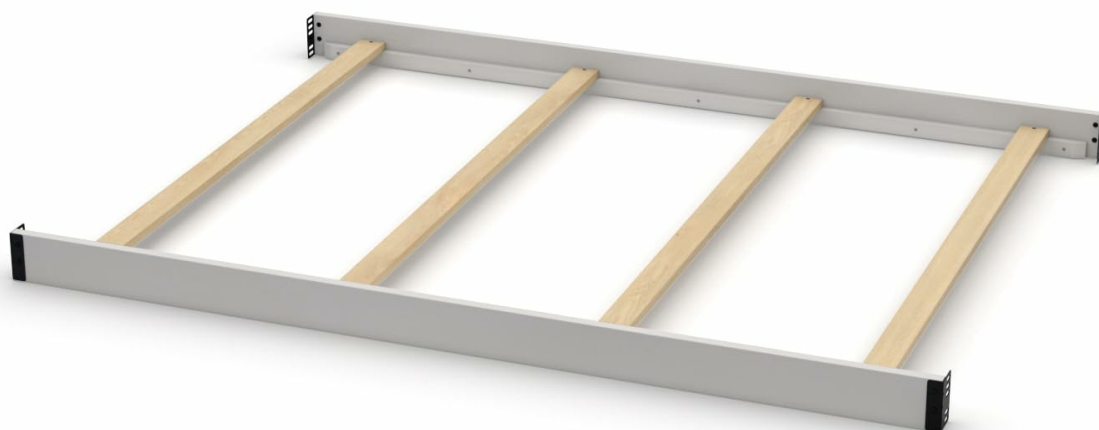

Figure 1: Example of the Full-Size Conversion Kit Bed Rails. This image displays the solid wood bed rails and included hardware, illustrating the primary components of the kit.

3. CRIB COMPATIBILITY

This conversion kit is compatible with specific Simmons Kids Convertible Crib models. Please verify your crib model against the lists below. If your crib or finish is not listed, contact customer support for assistance.

Option 1 - Bed Rail 180050, 337050, 324750, & 0050 (BRACKET)

- Aden (#W337550)
- Ainsworth (#W337250)
- Asher (#W346150)
- Bristol (#W337450)
- Caden (#W348150)
- Carter (#W109150)
- Emma (#327150)
- Fontana (#W337350)

- Foundry (#W343150)
- Franklin (#W337650)
- Juliette (#W347150)
- Kingsley (#324180)
- Monterey (#330150)
- Oakmont (331150)
- Paloma (#328150)
- Peyton (#333150)
- Ravello (#332150)
- Rowen (#320180)
- Tivoli (#329150)
- Willow (#W342150)

Option 2 - Bed Rail 180080 (HOOK-ON)

- Adele (#302180)
- Augusta (#309180)
- Castille (#317180)
- Chateau (#307180)
- Elite (#299180)
- Hanover Park (#315180)
- Impressions (#300180)
- Vancouver (#262180)

4. SETUP AND INSTALLATION

The conversion process from crib to full-size bed is designed to be straightforward, typically taking 20-30 minutes. You will utilize your existing crib's headboard and footboard.

Required Tools (Not Included):

- Screwdriver (Phillips head recommended)
- Allen wrench (if specific crib hardware requires it)

Installation Steps:

1. **Disassemble Crib:** Carefully remove the side rails of your convertible crib, retaining the headboard and footboard. Refer to your original crib's instruction manual for specific disassembly steps.
2. **Attach Bed Rails:** Connect the two solid wood bed rails from this kit to the headboard and footboard of your crib. Ensure the correct orientation and alignment.
3. **Secure Hardware:** Use the provided hardware to firmly attach the bed rails to the headboard and footboard. Tighten all screws until secure, but do not overtighten.
4. **Install Slats:** Place the four provided slats evenly across the bed rails. Secure them using the appropriate hardware. For increased support, additional slats can be purchased separately.
5. **Final Check:** Verify that all connections are tight and the bed frame is stable. Place your full-size mattress onto the installed slats.

Note: For optimal support and longevity, especially for adult use, consider purchasing additional slats (sold separately) to distribute weight more evenly.

5. USAGE GUIDELINES

Once assembled, the full-size bed is ready for use. This conversion provides a sturdy sleeping solution for toddlers through teen years and beyond.

- Ensure the mattress fits snugly within the frame to prevent gaps.
- The bed frame supports up to 600 lbs when paired with additional slats (sold separately).
- Consider optional add-ons such as a safety bed rail guard for toddlers or a new mattress to customize the sleep space.

6. MAINTENANCE

Regular maintenance ensures the longevity and safety of your full-size bed.

- **Cleaning:** Wipe surfaces with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Inspection:** Periodically inspect all hardware and connections for tightness. Re-tighten any loose screws to maintain structural integrity.
- **Damage:** If any part of the bed frame becomes damaged or broken, discontinue use immediately and contact customer support for replacement parts.

7. TROUBLESHOOTING

If you encounter issues during or after assembly, refer to the following common solutions:

- **Bed feels wobbly:** Check all hardware connections. Ensure screws are fully tightened. Verify that the headboard and footboard from your crib are securely attached to the conversion rails.
- **Parts do not fit:** Double-check the crib compatibility list in Section 3. Ensure you are using the correct bed rails for your specific crib model. If parts still do not fit, contact customer support.
- **Missing hardware:** Review the included components list. If hardware is missing, contact customer support for a replacement pack.

8. SPECIFICATIONS

Feature	Detail
Brand	CC KITS
Model	Full-Size Conversion Kit Bed Rails
Material	100% Solid Wood
Color	Moonstruck Grey
Product Dimensions	5.05 x 190.5 x 12.7 cm (approximate)
