SETUP

Battery Installation (if replacing)

The Goldendoodle Pup comes with 3 AA batteries pre-installed. If you need to replace them:

1. Locate the battery compartment on the underside of the puppy.
2. Using a Phillips head screwdriver, unscrew the battery compartment cover.
3. Remove the old batteries and insert 3 new AA batteries, ensuring correct polarity (+/-).
4. Replace the cover and secure it with the screw.

Attaching the Collar and Leash

To prepare your pup for play:

- Gently place the collar around the puppy's neck and secure it.
- Attach the leash to the D-ring on the collar.

OPERATING INSTRUCTIONS

Interactive Features

- **Pat on the Head:** Gently pat the puppy's head to activate joyful barks and tail wagging.
- **Walking Function:** Press the button located on the puppy's back to make it walk forward.
- **Feeding Sounds:** Bring the magnetic treat (bone) close to the puppy's mouth to activate realistic eating sounds. The bone will stick to its mouth.

Grooming

Use the included grooming brush to gently brush the puppy's soft plush fur, keeping it neat and tidy.

MAINTENANCE

Cleaning

- Wipe the surface of the puppy with a damp cloth and mild soap if it becomes dirty.
- Do not immerse the electronic puppy in water.
- Allow to air dry completely before further use.

Storage

When not in use for extended periods, it is recommended to remove the batteries to prevent leakage and damage to the toy.

TROUBLESHOOTING

If your Goldendoodle Pup is not functioning as expected, please check the following:

- **No Power/Movement:** Ensure the batteries are correctly installed and are not depleted. Replace with fresh AA batteries if necessary.
- **No Sounds:** Check battery power. If sounds are still not working, ensure no debris is blocking the speaker.
- **Walking Issues:** Ensure the puppy is on a flat, smooth surface. Check for any obstructions in its movement mechanism.

If issues persist, please contact Our Generation customer support.
