# GLOBE Electric 60000174 Dorian 1-Light Dusk to Dawn Outdoor Wall Sconce Instruction Manual

## INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, and maintenance of your GLOBE Electric 60000174 Dorian 1-Light Dusk to Dawn Outdoor Wall Sconce. Please read this manual thoroughly before installation and retain it for future reference. This outdoor wall sconce is designed to provide reliable illumination with a built-in dusk-to-dawn sensor for automated operation.

## SAFETY INFORMATION

---

Always follow basic safety precautions when installing or maintaining electrical fixtures to reduce the risk of fire, electric shock, and personal injury.

- **WARNING:** Risk of electric shock. Disconnect power at the fuse or circuit breaker before installing or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC). Contact a qualified electrician if you are unfamiliar with proper electrical

wiring connections.

- Use only UL or ETL listed wire connectors.
- Do not exceed the recommended wattage for the bulb. Refer to the product specifications for maximum wattage.
- Ensure the fixture is securely mounted to a structural element.
- Wear safety glasses and gloves during installation.

## PACKAGE CONTENTS

Verify that all components listed below are included in your package before beginning installation.

- 1x Outdoor Wall Sconce Fixture
- Mounting Hardware (screws, wire nuts, mounting plate)
- Clear Glass Shade

*Note: E26/Medium Base 60W Bulb is sold separately.*

## INSTALLATION INSTRUCTIONS

## Tools Required (Not Included)

- Phillips Head Screwdriver
- Flathead Screwdriver
- Wire Strippers
- Electrical Tape
- Safety Glasses

## Installation Steps

1. **Turn Off Power:** Locate the circuit breaker or fuse box and turn off the power to the electrical box where you will install the fixture.
2. **Prepare Mounting Plate:** Attach the mounting plate to the electrical box using the provided screws. Ensure it is securely fastened.
3. **Make Electrical Connections:** Connect the fixture's wires to the corresponding house wires using wire nuts. Connect the black wire (live) from the fixture to the black wire from the electrical box. Connect the white wire (neutral) from the fixture to the white wire from the electrical box. Connect the ground wire (bare copper or green) from the fixture to the ground wire from the electrical box. Secure all connections with electrical tape.
4. **Mount Fixture:** Carefully tuck the wires into the electrical box. Align the fixture with the mounting plate and secure it using the provided screws.
5. **Install Glass Shade:** Place the clear glass shade onto the fixture and secure it according to the design (typically by tightening a ring or screws).
6. **Install Bulb:** Screw in one E26/Medium Base 60W max bulb (LED or incandescent, sold separately) into the socket.
7. **Restore Power:** Turn the power back on at the circuit breaker or fuse box.

## OPERATING INSTRUCTIONS

---

### Dusk-to-Dawn Sensor

Your GLOBE Electric Dorian wall sconce features a built-in photocell sensor that automatically detects ambient light levels. The fixture will turn on at dusk and turn off at dawn, providing convenient and energy-efficient outdoor lighting. Ensure the sensor is not obstructed by objects or direct artificial light sources, as this may interfere with its operation.

**Lights up at Dusk**

**Turns OFF at Dawn**

Image: Visual representation of the dusk-to-dawn functionality, showing the light on at night and off during the day.

### **Bulb Installation and Replacement**

The fixture requires one E26/Medium Base 60W max bulb. To install or replace the bulb, ensure power is off at the circuit breaker. Carefully remove the glass shade, screw in the new bulb, and reattach the shade securely.

Image: Exploded view diagram of the sconce, pointing out key features like the dusk-to-dawn sensor, matte black finish, clear glass shade, and bulb type.

## MAINTENANCE

To ensure the longevity and optimal performance of your outdoor wall sconce, follow these maintenance guidelines:

- **Cleaning:** Periodically clean the fixture with a soft, damp cloth. Do not use abrasive cleaners or solvents, as they may damage the finish or glass.
- **Bulb Replacement:** Always turn off power at the circuit breaker before replacing the bulb. Allow the bulb to cool completely before handling. Use only E26/Medium Base bulbs with a maximum wattage of 60W.
- **Inspection:** Regularly inspect the wiring and connections for any signs of wear or damage. If any issues are found, consult a qualified electrician.

## TROUBLESHOOTING

If you encounter any issues with your wall sconce, refer to the following troubleshooting guide:

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Faulty bulb. Dusk-to-dawn sensor malfunction.	Check circuit breaker/fuse. Replace bulb. Ensure sensor is not obstructed or receiving direct artificial light.
Light stays on during the day.	Dusk-to-dawn sensor obstructed or receiving insufficient light.	Clear any obstructions from the sensor. Relocate fixture if necessary to ensure proper light exposure.
Light flickers.	Loose wiring connection. Incorrect bulb type or wattage.	Turn off power and check all wire connections. Ensure bulb meets specifications.

## SPECIFICATIONS

Refer to the following table for detailed product specifications:

Feature	Detail
Brand	GLOBE
Model Name	Dorian
Part Number	60000174
Color	Matte Black
Material	Metal, Glass
Style	Transitional
Light Fixture Form	Wall Sconce
Room Type	Porch, Balcony, Deck
Product Dimensions	6.75" L x 5" W x 9" H (17.15 cm L x 12.7 cm W x 22.9 cm H)
