## Boolegon 53W x 88H

# Boolegon Linen Fabric Cordless Zebra Blinds Instruction Manual

## INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, and maintenance of your Boolegon Linen Fabric Cordless Zebra Blinds. Please read these instructions carefully before proceeding with installation or use to ensure proper function and longevity of your product.

The Boolegon Linen Fabric Cordless Zebra Blinds offer a blend of elegance and functionality, featuring UV-blocking thermal linen fabric for light filtering and room darkening capabilities. The cordless design ensures ease of use and safety.

## SETUP AND INSTALLATION

---

### Included Components

Before beginning installation, verify that all components are present:

- 1 x Stylish Zebra Blind
- 2 x Brackets
- 1 x Handle
- 4 x Screws

### Measuring for Installation

Accurate measurement is crucial for proper blind fit. Determine whether you will use an Inside Mount or Outside Mount.

## HOW TO MEASURE

### Measure Outside Mount

Blind width=Window width+4 Inches  
Blind height=Window height+4 Inches

### Measure Inside Mount

Window depth  $\geq$  2 Inches  
Blind width=Window width-1/2 Inches  
Blind height=Window height

Measure exact inch, if meet measurement less than 1 inch, please also let us know exact measurement, please do not leave it

## WHAT IS INCLUDED

Stylish zebra blind X1

Brackets X2

Handle x 1

Screws X4

## INSIDE/OUTSIDE MOUNT

1

Mark install locations

2

Punch at marked position

3.1

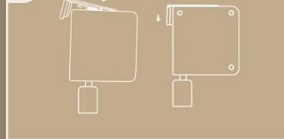

Drill holes & Inside bracket

3.2

Drill holes & Inside bracket

4

Install the blind

5

Finish

Image: Detailed diagram illustrating how to measure for both inside and outside window mounts, along with a visual list of included installation hardware.

### Measure Outside Mount:

- **Blind Width:** Window width + 4 inches
- **Blind Height:** Window height + 4 inches

### Measure Inside Mount:

- **Window Depth:** Must be  $\geq$  2 inches
- **Blind Width:** Window width - 1/2 inch
- **Blind Height:** Window height

**Important: Measure exact inch. If measurement is less than 1 inch, please do not leave it.**

### Installation Steps (Inside/Outside Mount)

1. **Mark Installation Locations:** Hold the blind in the desired position and mark the spots where the brackets will be installed. Ensure marks are level.
2. **Punch Marked Position:** Use a punch or awl to create pilot holes at the marked positions.
3. **Drill Holes & Install Brackets:**
  - **Inside Mount:** Drill holes inside the window frame and secure the brackets with screws.
  - **Outside Mount:** Drill holes outside the window frame and secure the brackets with screws.
4. **Install the Blind:** Carefully align the blind headrail with the installed brackets and snap it into place. Ensure it is securely fastened.
5. **Finish:** Test the blind operation to ensure smooth movement.

## OPERATING INSTRUCTIONS

---

Your Boolegon Zebra Blinds feature a cordless design for easy and safe operation. The unique layered fabric allows for flexible light and privacy control.

### Cordless Operation

To adjust the blind height, simply grasp the bottom rail of the blind and gently push up or pull down to the desired position. The blind will stay in place once released.

### Day & Night Light Control

The double-layered fabric consists of alternating sheer and solid stripes. By adjusting the position of these layers, you can control the amount of light entering the room and your level of privacy.

## Light control is freely adjustable

Image: Visual representation of the blinds in 'Open' (sheer and solid stripes aligned for maximum light), 'Half-open' (partially aligned for filtered light), and 'Closed' (solid stripes aligned for privacy and room darkening) positions.

- **Open Position:** Align the sheer stripes to allow maximum light and visibility.
- **Half-Open Position:** Partially overlap the sheer and solid stripes for filtered light and moderate privacy.
- **Closed Position:** Align the solid stripes to block light and ensure full privacy.

## MAINTENANCE

Regular cleaning and proper care will extend the life and appearance of your zebra blinds.

### Cleaning Instructions

- **Dusting:** Use a soft brush attachment on a vacuum cleaner or a feather duster to gently remove dust from the fabric.
- **Spot Cleaning:** For small spots, use a damp cloth with mild soap and water. Blot the stained area gently; do not rub vigorously. Allow to air dry completely.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the fabric and color.
- **Do Not Submerge:** Do not immerse the blinds in water.

## TROUBLESHOOTING

---

Here are solutions to common issues you might encounter with your zebra blinds.

- **Blind Does Not Stay Up/Down:** This may indicate an issue with the cordless mechanism. Ensure the blind is installed correctly and not obstructed. If the issue persists, contact customer support.
- **Uneven Movement:** Check if the brackets are installed level. Uneven installation can cause the blind to move unevenly. Re-leveling the brackets may resolve this.
- **Fabric Fraying/Damage:** Avoid pulling the fabric directly. Always use the bottom rail to operate the blinds. If damage occurs, contact customer support for repair options.
- **Light Gaps:** Ensure your measurements were accurate for your chosen mount type. For inside mounts, small light gaps on the sides are normal. For outside mounts, ensure the blind width extends sufficiently beyond the window frame.

## SPECIFICATIONS

---

Feature	Detail
Brand	Boolegon
Model	53" W x 88" H
Material	Aluminum, Polyester
Color	Grey
Product Dimensions	88"L x 53"W
Mounting Type	Inside Mount; Outside Mount
Special Features	Blackout, Cordless, Light Filtering

## WARRANTY INFORMATION

---

Boolegon products are manufactured to high-quality standards.
