COMHOMA EU-CH8150

COMHOMA EU-CH8150 Relaxation Recliner Chair User Manual

Model: EU-CH8150

1. INTRODUCTION

Thank you for choosing the COMHOMA EU-CH8150 Relaxation Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read these instructions thoroughly before use and retain them for future reference.

The COMHOMA EU-CH8150 is designed to offer comfort and versatility with its adjustable backrest and integrated footrest, suitable for various living spaces.

2. SAFETY INSTRUCTIONS

- Ensure all components are securely fastened before use.
- Do not stand on the chair or use it as a step stool.
- Keep hands and feet clear of the reclining mechanism during adjustment to prevent injury.
- Do not exceed the maximum weight capacity of 150 kg (330 lbs).
- Keep children and pets away from the reclining mechanism.
- Place the chair on a level surface to ensure stability.

3. PACKAGE CONTENTS

Please verify that all parts are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Backrest
- Seat Base with Armrests
- Legs (4x)
- Hardware Pack (screws, washers, Allen key)

4. SETUP AND ASSEMBLY

While specific assembly steps may vary, the general process involves attaching the backrest to the seat base and securing the legs. Detailed assembly instructions are typically included within the product packaging.

1. Carefully unpack all components and lay them out on a soft, clean surface to prevent scratches.

2. Attach the backrest to the seat base, ensuring the connection points align. Secure with the provided hardware.
3. Attach the four legs to the underside of the chair base using the provided screws. Tighten all screws firmly but do not overtighten.
4. Ensure the chair is stable and all connections are secure before use.

Durable

Skin-friendly

Breathable

Figure 4.1: Product Dimensions. The chair measures approximately 90.5 cm (35.6 inches) deep, 66 cm (26 inches) wide, and 98.8 cm (38.9 inches) high in its upright position. The maximum load capacity is 150 kg (330 lbs).

5. OPERATING INSTRUCTIONS

The COMHOMA EU-CH8150 recliner features a manual reclining mechanism and an integrated footrest for personalized comfort.

5.1. Reclining Function

To recline the chair, gently push back on the backrest while applying slight pressure with your body. The backrest can be adjusted between 90° (upright) and 160° (fully reclined). The integrated footrest will extend as you recline.

- **90° Position:** Ideal for sitting upright, reading, or working.
- **120° Position:** Suitable for watching television or relaxed conversation.
- **160° Position:** Optimal for napping or deep relaxation.

To return to the upright position, lean forward and gently push the footrest down with your legs until it locks into place. The backrest will simultaneously return to its upright position.

Figure 5.1: Reclining Function. The chair offers multiple reclining angles, from 90 degrees for resting, 120 degrees for watching TV, to 160 degrees for napping.

Figure 5.2: User enjoying the recliner in an upright position, demonstrating its suitability for reading.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your recliner.

6.1. Cleaning

The chair is upholstered in durable teddy fabric, which is easy to maintain. A simple wipe with a clean, damp cloth is sufficient for most spills and dust. Avoid using harsh chemicals or abrasive cleaners, as these may damage the fabric.

6.2. General Care

- Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.
- Keep the chair away from heat sources to prevent material degradation.

IMPROVED RELAXATION SOFA

Figure 6.1: Fabric Qualities. The teddy fabric is durable, skin-friendly, and breathable, contributing to comfort and ease of maintenance.

7. TROUBLESHOOTING

If you encounter any issues with your recliner, refer to the following common solutions:

- **Chair feels unstable:** Ensure all legs are securely attached and all assembly screws are tightened. Check that the chair is on a flat, even surface.
- **Reclining mechanism is stiff:** Ensure there are no obstructions around or under the chair. Apply gentle, even pressure when reclining. If the issue persists, check the mechanism for any visible damage or loose parts.
- **Footrest does not extend/retract smoothly:** Verify that no objects are blocking the footrest's path. Ensure the mechanism is clean and free of debris.

For problems not addressed here, please contact COMHOMA customer support.

8. SPECIFICATIONS

Feature	Specification
Brand	COMHOMA
Model Number	EU-CH8150
Color	White
Product Dimensions (L x W x H)	90.5 x 66 x 98.8 cm (35.6 x 26 x 38.9 inches)
