IRONCK 44 inch Large Dog Crate Furniture Instruction Manual

Model: HK-GL-04B

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your IRONCK 44 inch Large Dog Crate Furniture. Designed for medium to large dogs, this furniture piece combines a secure dog kennel with functional storage drawers and a tabletop surface. Please read all instructions carefully before assembly and use to ensure proper function and safety.

SAFETY INFORMATION

- Ensure all parts are securely fastened before allowing your pet to use the crate.
- Do not exceed the recommended weight capacity for the tabletop (150 pounds).
- Regularly inspect the crate for any loose or damaged components. Replace or repair as necessary.
- Keep small children away from the assembly area.
- This product is intended for indoor use only.
- Do not allow pets to chew on wooden components. While designed to be chew-resistant, excessive chewing can cause damage.

PARTS LIST

Before beginning assembly, verify that all components listed below are present. Refer to the included hardware pack for specific fasteners and tools.

- Top Panel (1)
- Side Panels (2)
- Back Panel (1)
- Bottom Panel (1)

- Front Doors (2)
- Drawers (2) - includes drawer fronts, sides, backs, bottoms, and slides
- Metal Mesh Inserts (4)
- Door Latches (4)
- Drawer Knobs (2)
- Support Bars/Base Slats (various)
- Hardware Pack (screws, bolts, Allen wrench, etc.)

Note: Each accessory should have a corresponding label for easy identification during installation.

SETUP AND ASSEMBLY

Assembly typically requires two people and can take several hours. Follow the numbered steps carefully. Ensure all connections are tight but do not overtighten screws to avoid damaging the wood.

1. **Prepare the Area:** Clear a spacious, flat area for assembly. Lay out all parts and hardware, matching them to the labels.
2. **Assemble the Base:** Attach the side panels to the bottom panel using the designated screws. Ensure the orientation is correct for the door hinges and base slats.
3. **Install Support Bars:** Secure the horizontal support bars to the base structure. These provide stability and support for the dog bed.
4. **Attach Back Panel:** Fasten the back panel to the assembled base and side panels.
5. **Construct Drawers:** Assemble the two drawers by connecting the drawer sides, back, and bottom to the drawer front. Install the drawer slides onto the drawers and the corresponding tracks within the main frame.
6. **Install Top Panel:** Carefully place and secure the top panel onto the assembled frame, ensuring it aligns with the drawer openings.
7. **Attach Doors:** Mount the front doors to the designated hinges on the frame. Ensure they swing freely.
8. **Secure Metal Mesh:** Insert and secure the metal mesh panels into the door frames.
9. **Install Latches and Knobs:** Attach the door latches to secure the doors when closed. Install the drawer knobs onto the drawer fronts.
10. **Final Check:** Verify all screws are tightened and the structure is stable.

How to Choose the Crate Size?

Step 1: Length
Measure from their nose to the base of their tail while they are standing.

Step 2: Height
Measure from the ground to the top of their head while they are sitting.

*Tips: Include an additional 4 inches in both measurements for extra space.

OPERATING INSTRUCTIONS

Using the Dog Crate

- **Opening/Closing Doors:** To open, unlatch the door locks and swing the doors outwards. To close, swing the doors inward and secure the latches.
- **Pet Entry/Exit:** Guide your dog into or out of the crate through the open doors.
- **Comfort:** Place a suitable dog bed or mat on the bottom panel for your pet's comfort.

Using the Storage Drawers

- **Accessing Drawers:** Pull the knobs to open the drawers. Push them gently to close.
- **Storage:** Use the drawers to store pet supplies such as food, treats, toys, or grooming tools.

Figure 3: Open drawers displaying storage for pet supplies.

MAINTENANCE

- **Cleaning:** Wipe down wooden surfaces with a soft, damp cloth. Avoid harsh chemicals that could damage the finish or be harmful to pets. The metal mesh can be cleaned with a mild soap solution and water.
- **Regular Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Damage Prevention:** To prevent damage from chewing, consider using chew deterrent sprays or providing appropriate chew toys for your pet.

Sturdy Metal Frame

With high density Wire Cage to reduce chewing possibility

Others

- × Rough & Difficult to clean
- × Fragile & Easy to be Destroyed

Ours

- ✓ Anti-chewing
- ✓ Safe and Stable

TROUBLESHOOTING

Problem	Possible Cause	Solution
Crate feels unstable or wobbly.	Loose fasteners.	Check and tighten all screws and bolts. Ensure the crate is on a level surface.
Drawers do not slide smoothly or close completely.	Improper installation of drawer slides; obstruction in the tracks.	Re-check drawer slide installation. Ensure no debris is in the tracks. Adjust drawer alignment if needed.
Doors do not latch securely.	Misaligned doors or latches.	Adjust door hinges or latch position to ensure proper alignment.

Problem	Possible Cause	Solution
Pet is chewing on the wooden parts.	Lack of appropriate chew toys; behavioral issue.	Provide durable chew toys. Consider applying a pet-safe chew deterrent spray to the affected areas. Consult a veterinarian or trainer for persistent behavioral issues.

SPECIFICATIONS
