

Aroepurt IMDH-HTT

Aroepurt Phone Case and Tempered Glass Screen Protector for Cricket U656Ac Instruction Manual

Model: IMDH-HTT

INTRODUCTION

This manual provides detailed instructions for the proper installation, operation, and maintenance of your Aroepurt phone case and tempered glass screen protector for the Cricket U656Ac. Please read this manual thoroughly before use to ensure optimal performance and protection for your device.

Package Contents:

- 1 x Aroepurt Phone Case (IMDH-HTT)
- 1 x Tempered Glass Screen Protector

1. SETUP AND INSTALLATION

1.1 Phone Case Installation

The Aroepurt phone case is designed for easy installation and robust protection. It features a 2-in-1 construction with a hard PC back panel and a soft silicone frame, enhanced with four-corner shock airbags for impact absorption.

1. Ensure your Cricket U656Ac phone is clean and free of dust or debris.
2. Gently insert the phone into the soft silicone frame, ensuring all edges are properly seated.
3. Press firmly around the edges of the case to ensure a secure fit. The case is designed to be slightly higher than the camera and screen for flat surface protection.

Shockproof

2 in 1, hard PC + soft silicone

Four corner thickening

With Shock Airbags

Image 1.1: The phone case features reinforced corners with shock airbags for enhanced drop protection. It combines a hard PC back with a soft silicone frame.

IMD laser style

Different angles will produce different color reflection effects

Clear, scratch-resistant protective surface

Laser layer

Ultra HD print pattern layer

PC rugged protective backplate

Image 1.2: The back panel of the case is constructed with four layers: a solid PC base, an ultra-high definition pattern layer, a special process layer, and a clear, scratch-resistant surface layer. This design creates a colorful reflective light effect from different angles.

1.2 Tempered Glass Screen Protector Installation

The tempered glass screen protector provides 9H high hardness, shatterproof protection, and maintains 99.9% super transparency. It is designed to be case-friendly and features an anti-fingerprint coating.

1. **Clean the Screen:** Use the provided cleaning wipes (if included, otherwise a microfiber cloth) to thoroughly clean your phone screen. Ensure there are no dust particles, smudges, or fingerprints.
2. **Align the Protector:** Carefully peel off the protective film from the adhesive side of the tempered glass. Align the screen protector with your phone's screen, paying attention to cutouts for the speaker and camera.
3. **Apply the Protector:** Once aligned, gently lower the screen protector onto the screen. It will adhere automatically. If bubbles appear, gently push them towards the edges with a soft cloth.
4. **Final Check:** Ensure the protector is fully adhered and there are no remaining bubbles.

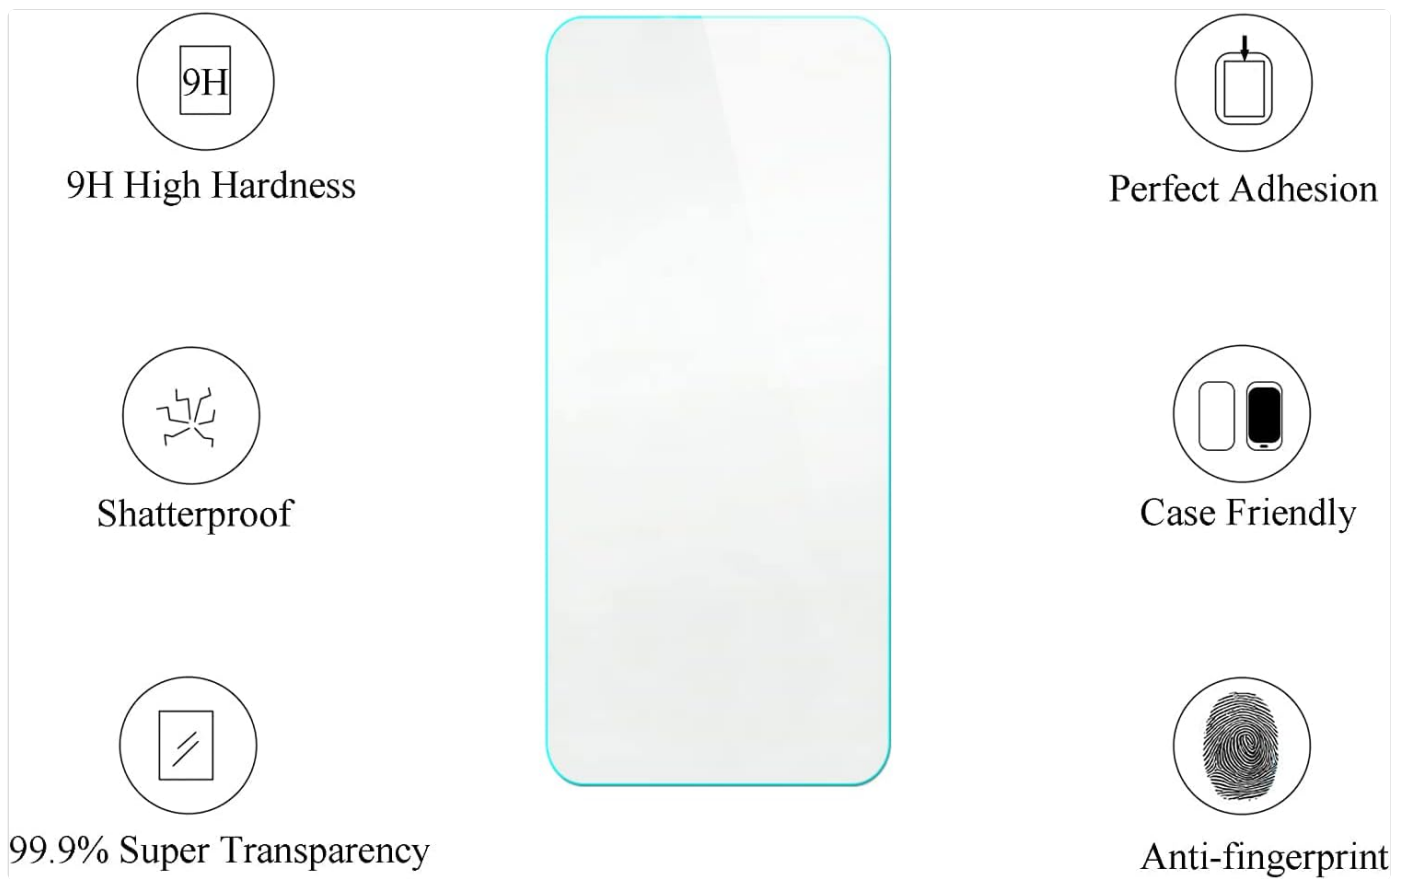

Image 1.3: Key features of the tempered glass screen protector include 9H high hardness, perfect adhesion, shatterproof design, case-friendly dimensions, 99.9% super transparency, and an anti-fingerprint coating.

Scratch Proof

Scratch proof screen effectively avoids sharp objects scratching or abrasion

Image 1.4: The screen protector is designed to be scratch-proof, effectively preventing sharp objects from scratching or abrading the phone screen.

2. OPERATING INSTRUCTIONS

2.1 Ring Support Functionality

The integrated metal finger ring provides enhanced grip and serves as a kickstand. It can rotate 360 degrees for comfortable viewing angles and 180 degrees for flexible positioning.

1. **Finger Grip:** Slide your finger through the ring for a secure hold, reducing the risk of accidental drops.
2. **Kickstand:** Rotate the ring to a desired angle and prop your phone up on a flat surface for hands-free viewing of media.
3. **One-Hand Operation:** The ring support allows for easier one-handed operation, enabling you to reach more areas of the screen with your thumb.

One-Hand Operation

Touch more spots on the screen

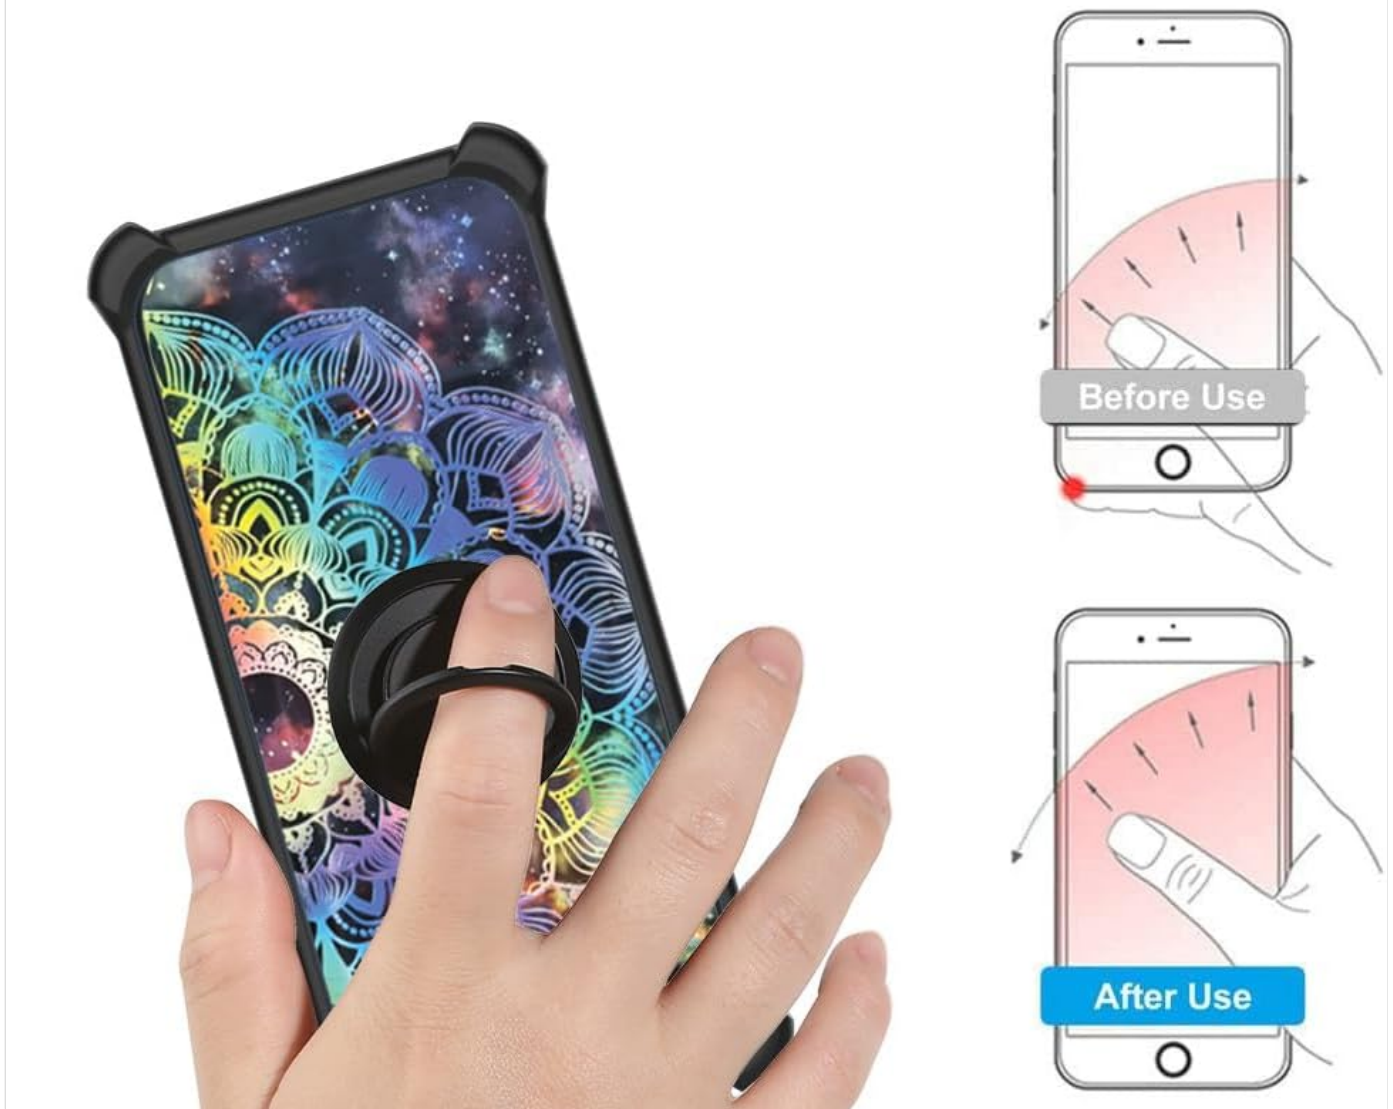

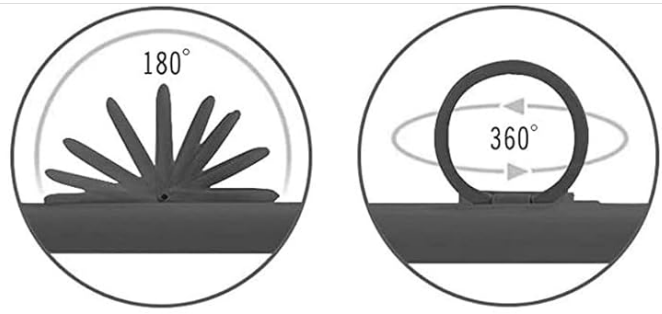

Image 2.1: The integrated ring support facilitates comfortable one-hand operation, allowing users to easily reach all areas of the screen.

2.2 Magnetic Car Mount Compatibility

The metal plate integrated into the ring support allows for compatibility with magnetic car mounts. This feature enables convenient hands-free navigation and calls while driving.

- Simply attach the back of the phone case to a compatible magnetic car mount (not included).
- **Important Note:** This phone case does **not** support wireless charging due to the integrated metal ring. Please remove the case for wireless charging or use a wired charger.

SUPPORT MAGNETIC CAR MOUNT

Not include magnetic car mount,
not support wireless charging.

Image 2.2: The ring support features a metal plate for compatibility with magnetic car mounts. The ring offers 180-degree and 360-degree rotation for versatile positioning.

3. MAINTENANCE

To keep your Aroepurt phone case and screen protector in optimal condition, follow these simple maintenance guidelines:

- **Cleaning the Case:** Wipe the phone case regularly with a soft, damp cloth to remove dust and smudges. For tougher stains, a mild soap solution can be used, followed by rinsing and air drying. Avoid harsh chemicals or abrasive materials.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently wipe the screen protector. For fingerprints or smudges, a screen cleaner spray designed for electronics can be used.
- **Avoid Extreme Conditions:** Do not expose the case or screen protector to extreme temperatures or direct sunlight for prolonged periods, as this may affect material integrity and color.

4. TROUBLESHOOTING

If you encounter any issues with your Aroepurt product, please refer to the following common solutions:

- **Screen Protector Bubbles:** If small bubbles appear after installation, gently push them towards the nearest edge using a soft cloth or a credit card wrapped in cloth. For persistent bubbles, slightly lift the nearest edge of the

protector and reapply slowly.

- **Ring Support Looseness:** If the ring support feels loose over time, ensure it is securely attached to the case. If the adhesive fails, the ring can be re-adhered or replaced if necessary.
- **Case Fit Issues:** If the case does not fit snugly, ensure your phone model is indeed the Cricket U656Ac. Remove and re-install the case, ensuring all corners are properly seated.

5. PRODUCT SPECIFICATIONS
