

Aroepurt CPT19

Aroepurt Phone Case and Tempered Glass Screen Protector User Manual

Model: CPT19 for Siragon Sp-6300

INTRODUCTION

Thank you for choosing the Aroepurt CPT19 Phone Case and Tempered Glass Screen Protector for your Siragon Sp-6300. This manual provides detailed instructions for installation, operation, and maintenance to ensure optimal use and protection for your device.

PRODUCT FEATURES

- **Kickstand Function:** Designed to stand upright, providing a convenient viewing angle for watching movies or video calls.
- **Durable Material:** Constructed from high-quality PU leather, PC hard back panel, and soft silicone frame for comprehensive protection.
- **Card Storage:** Features dedicated card slots to securely hold cards and cash, combining a wallet and phone case into one unit.
- **Magnetic Closure:** Equipped with a magnetic closure to keep the case securely shut, protecting your phone and valuables.
- **Fine Stitch Edge Sealing:** Ensures durability and a refined finish.
- **Integrated Finger Ring:** Includes a metal support finger ring for enhanced grip and additional stand functionality.

WHAT'S IN THE BOX

- 1 x Aroepurt CPT19 Phone Case
- 1 x Tempered Glass Screen Protector

SETUP AND INSTALLATION

Installing the Phone Case

1. Ensure your Siragon Sp-6300 phone is clean and free of dust or debris.
2. Gently align your phone with the silicone frame of the case.
3. Press the phone firmly into the case, ensuring all corners and edges are securely seated within the protective

frame.

4. Verify that all ports, buttons, and camera cutouts align correctly with your phone.

Installing the Tempered Glass Screen Protector

Proper installation is crucial for optimal screen protection and touch sensitivity.

1. **Clean the Screen:** Use a microfiber cloth to thoroughly clean your phone's screen. Ensure there are no dust particles, smudges, or fingerprints.
2. **Align the Protector:** Carefully peel off the protective film from the adhesive side of the tempered glass. Align the screen protector with your phone's screen, paying close attention to the edges, camera, and speaker cutouts.
3. **Apply and Smooth:** Once aligned, gently lower the screen protector onto the screen. The adhesive will begin to spread. Use your finger or a soft card to gently push out any air bubbles towards the edges of the screen.
4. **Final Check:** Ensure the protector is fully adhered and there are no remaining bubbles.

OPERATING INSTRUCTIONS

Using the Kickstand Feature

To use the kickstand, simply fold the back cover of the case outwards. The case is designed to prop your phone up at an adjustable viewing angle, ideal for hands-free media consumption.

Accessing Card Slots and Wallet

Open the front flap of the case to reveal the integrated card slots. You can store up to two cards and some cash in the designated pockets. The magnetic closure ensures your cards and phone remain secure.

Magnetic Closure

The case features a magnetic strap or integrated magnets that automatically secure the front flap when closed, providing an extra layer of protection for your screen and contents.

MAINTENANCE AND CARE

- **Cleaning the Case:** Wipe the PU leather and silicone surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the material.
- **Cleaning the Screen Protector:** Use a microfiber cloth to gently wipe the screen protector. For stubborn smudges, a small amount of screen cleaner can be applied to the cloth (not directly to the screen).
- **Avoid Extreme Conditions:** Do not expose the case or screen protector to extreme temperatures, direct sunlight for prolonged periods, or sharp objects, which could cause damage.

TROUBLESHOOTING

Screen Protector Bubbles

If bubbles appear after installation, gently lift the nearest edge of the screen protector and re-apply, pushing the bubble out with a soft card or your finger. Ensure the screen is completely dust-free before re-application.

Case Fit Issues

Ensure you have the correct model (Siragon Sp-6300) for this case. If the case does not fit properly, double-check that your phone is fully seated within the silicone frame and that no foreign objects are obstructing the fit.
