## Jawploy ZY-006

# Jawploy 80GB MP3 Player with Bluetooth (Model ZY-006) Instruction Manual

Brand: Jawploy | Model: ZY-006

## 1. INTRODUCTION

---

Thank you for choosing the Jawploy 80GB MP3 Player with Bluetooth. This device is designed to provide a versatile and portable audio experience, featuring high-fidelity sound, extensive storage, and multiple functions including FM radio, voice recording, video playback, and e-book reading. This manual will guide you through the setup, operation, and maintenance of your new MP3 player.

## 2. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- 1 x Jawplay 80GB MP3 Player (16GB built-in + 64GB card)
- 1 x USB Cable
- 1 x Earphones
- 1 x User Manual

## 3. PRODUCT OVERVIEW

The Jawplay MP3 Player features a durable alloy body, a 1.8-inch vibrant color display, and responsive touch buttons for easy navigation. It includes a built-in HD speaker, a 3.5mm audio jack for wired headphones, and a TF card slot for expandable storage.

## 4. SETUP

### 4.1 Powering On/Off

To power on the device, press and hold the power button located on the side until the screen illuminates. To power off, press and hold the power button again until the device shuts down.

### 4.2 Charging the Device

Connect the included USB cable to the MP3 player's charging port and the other end to a USB power adapter (not included) or a computer's USB port. The battery indicator on the screen will show charging status. A full charge typically takes a few hours.

### 4.3 Inserting the Memory Card

The device comes with a 64GB TF card pre-installed, complementing the 16GB built-in storage. To insert or replace a TF card, locate the card slot on the side of the player. Gently push the card into the slot until it clicks into place. To remove, push the card in again until it springs out.

## 5. OPERATING INSTRUCTIONS

### 5.1 Navigation

Use the touch buttons below the screen to navigate through menus and control playback. The central button typically acts as 'Enter' or 'Play/Pause', while the surrounding buttons are for navigation (up, down, left, right) and volume control.

### 5.2 Music Playback

From the main menu, select 'Music'. You can browse your music by All Songs, Artists, Albums, Genres, or Playlists. The player supports various audio formats including FLAC, MP3, WMA, WAV, AAC, and OGG for a high-quality listening experience.

## 5.3 Bluetooth Pairing

To connect to Bluetooth headphones or speakers:

1. Go to 'Settings' from the main menu.
2. Select 'Bluetooth'.
3. Turn Bluetooth 'On'.
4. The player will search for available devices. Select your device from the list to pair.

## 5.4 FM Radio

To use the FM radio function, ensure wired earphones are connected as they act as the antenna. Select 'FM Radio' from the main menu. You can auto-scan for stations or manually tune.

## 5.5 Voice Recorder

Select 'Record' from the main menu to access the voice recorder. Press the appropriate button to start and stop recording. Recorded files are saved in the device's memory.

## 5.6 Video Playback

The player supports AVI and AMV video formats (128x160 resolution). Transfer compatible video files to the device and select 'Video' from the main menu to play them.

## 5.7 E-Book Reader

The device supports TXT format e-books. Transfer your TXT files to the player and select 'E-Book' from the main menu to read.

## 5.8 Other Features

The player also includes a stopwatch, alarm clock, and calendar functions, accessible through the 'Tools' or 'Settings' menu.

## 6. MAINTENANCE

- Keep the device dry and away from extreme temperatures.
- Clean the screen and body with a soft, dry cloth. Avoid using harsh chemicals.
- Avoid dropping the device or subjecting it to strong impacts.
- Charge the battery regularly to maintain its lifespan, even if not in frequent use.

## 7. TROUBLESHOOTING

- **Device not turning on:** Ensure the battery is charged. Connect to a power source and try again.
- **Unable to play certain files:** Verify that the file format is supported by the player (e.g., FLAC, MP3, WMA, WAV, AAC, OGG for audio; AVI, AMV for video; TXT for e-books).
- **Bluetooth connection issues:** Ensure Bluetooth is enabled on both the player and the external device. Keep devices within close proximity during pairing.
- **No sound:** Check volume levels. Ensure earphones are properly connected or Bluetooth device is paired and connected.
- **Device frozen:** Press and hold the power button for 10-15 seconds to force a restart.
