SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- Do not exceed the maximum weight limit of **176 lbs (80 kg)**. Overloading the desk can cause instability and damage.
- Utilize the anti-collision system and safety lock features to prevent accidents during height adjustments. Ensure the desk path is clear of obstructions.
- Ensure all connections are secure and cables are properly managed to avoid tripping hazards or damage to the electrical components.
- Keep children and pets away from the desk during operation.
- Do not sit or stand on the desk.
- If any unusual noise or movement occurs, immediately stop operation and consult the troubleshooting section or contact customer support.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. The package typically includes:

- Desktop surface
- Leg frames (2)
- Motorized lifting columns (2)
- Control panel with LED display
- Power adapter and cable
- Side hooks (2)
- Cable management grommets
- All necessary assembly tools and hardware (screws, Allen wrenches, etc.)
- Assembly instructions manual

ASSEMBLY INSTRUCTIONS

Assembly of the SMUG Adjustable Height Electric Standing Desk is designed to be straightforward. Most users can complete assembly in under 30 minutes by following the detailed instructions provided in the included assembly guide.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Leg Frames:** Secure the leg frames to the motorized lifting columns using the provided hardware.
3. **Mount Desktop:** Carefully place the desktop onto the assembled leg structure and secure it with the appropriate screws.
4. **Install Control Panel:** Attach the control panel to the underside of the desktop in the designated location.
5. **Connect Wiring:** Connect the motor cables and control panel cable to the main control box, then connect the power adapter. Ensure all connections are firm.
6. **Install Accessories:** Attach the side hooks and insert cable management grommets into the desktop holes.
7. **Initial Power-Up:** Plug the desk into a power outlet. The desk may perform an initial calibration cycle.

OPERATING INSTRUCTIONS

The SMUG Adjustable Height Electric Standing Desk offers intuitive controls for seamless height adjustment.

Height Adjustment

- **Up/Down Buttons:** Use the **Up (▲)** and **Down (▼)** buttons on the control panel to manually adjust the desk height. The desk will move smoothly and quietly between 28.7 inches (72.9 cm) and 46.5 inches (118.1 cm).
- **LED Display:** The integrated LED display shows the current desk height in inches.

Memory Presets

The desk features 3 memory presets to store and recall your preferred sitting and standing heights.

1. **Set a Preset:** Adjust the desk to your desired height using the Up/Down buttons. Press the **M** button, then press one of the numbered preset buttons (**1**, **2**, or **3**) within 3 seconds. The LED display will confirm the preset is saved.
2. **Recall a Preset:** Simply press the corresponding numbered preset button (**1**, **2**, or **3**). The desk will

automatically move to the saved height.

Anti-Collision System

The desk is equipped with an anti-collision system. If the desktop encounters an obstruction during height adjustment, it will automatically stop and reverse slightly to prevent damage. Ensure the area around the desk is clear before operation.

MAINTENANCE

The SMUG Adjustable Height Electric Standing Desk is designed for low maintenance. Follow these simple guidelines to keep your desk in optimal condition:

- **Cleaning:** The desk surface is scratch-resistant and eco-friendly. For general cleaning, wipe the desktop and frame with a dry, soft cloth. For stubborn marks, a slightly damp cloth can be used, followed by drying immediately. Avoid harsh chemicals or abrasive cleaners.
- **Inspections:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Cable Management:** Ensure cables are not pinched or tangled, especially during height adjustments.

TROUBLESHOOTING

If you encounter any issues with your SMUG Adjustable Height Electric Standing Desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk does not power on or respond to controls.	Power cable disconnected; power outlet issue; control box malfunction.	Check if the power cable is securely plugged into the desk and the wall outlet. Test the outlet with another device. Ensure all internal cables are connected to the control box. If the issue persists, contact customer support.
Desk stops moving or reverses during adjustment.	Anti-collision system activated; obstruction in the desk's path.	Remove any objects that may be obstructing the desk's movement. Ensure there is sufficient clearance above and below the desktop.
Desk height display shows an error code.	System error; motor overload.	Refer to the specific error code in your detailed assembly manual for troubleshooting steps. Often, unplugging the desk for 10-15 minutes and plugging it back in can reset the system.
Desk wobbles or is unstable.	Loose connections; uneven floor.	Ensure all assembly screws are tightened. Check if the floor is level; adjust the leveling feet on the desk legs if necessary. Do not exceed the weight capacity.

If these solutions do not resolve the issue, please contact SMUG customer support for further assistance.
