1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your CABIHOME Full Size Upholstered Platform Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Ensure all components are present and undamaged before assembly.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly.
- Periodically check all connections to ensure they remain tight.
- This bed frame is designed to support a maximum weight of 1000 lbs. Do not exceed this limit.
- Keep small parts away from children during assembly.

2. PACKAGE CONTENTS

Before assembly, verify that all parts listed below are included in your package. If any parts are missing or damaged, please contact customer support.

- Upholstered Headboard with Button Tufting and Nailhead Trim
- Side Rails (2)
- Footboard
- Center Support Beam
- Wood Slats (Quantity as per design)
- Support Legs (7)
- Hardware Pack (screws, bolts, washers, Allen wrench)

3. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your CABIHOMÉ Full Size Upholstered Platform Bed Frame. It is recommended to have two people for assembly.

1. Step 1: Unpack and Identify Parts

Carefully unpack all components and lay them out on a clean, soft surface. Compare them with the package contents list to ensure everything is present.

2. Step 2: Attach Side Rails to Headboard and Footboard

Connect the side rails to the headboard and footboard using the provided bolts and washers. Do not fully tighten the bolts until all major components are aligned.

Figure 3.1: The fully assembled bed frame, showcasing the headboard, side rails, and footboard.

3. Step 3: Install Center Support Beam and Legs

Attach the center support beam to the designated points on the headboard and footboard. Screw in the 7 support legs, ensuring they are securely fastened and evenly distributed for stability.

4. Step 4: Place Wood Slats

Lay the wood slats across the side rails. The slats are designed for easy placement to finish the assembly. Ensure they are evenly spaced and secured if applicable (some designs may have Velcro or plastic caps). The wooden slats are equipped with sound-dampening foam to minimize friction and eliminate creaks.

Figure 3.2: Close-up of the wood slat system, highlighting the ease of assembly and the sound-dampening foam for noise reduction.

5. Step 5: Final Tightening

Once all components are in place and aligned, fully tighten all bolts and screws. Do not overtighten.

4. USAGE

Adjustable Headboard

The headboard of your CABIHOME bed frame is designed with adjustable height settings to accommodate various mattress thicknesses and personal preferences. The headboard can be adjusted between 42.1 inches and 46.1 inches.

- To adjust the height, loosen the bolts connecting the headboard to the side rails.
- Carefully raise or lower the headboard to your desired position.
- Once the desired height is achieved, securely tighten the bolts to lock the headboard in place.

ADJUSTABLE HEADBOARD TO FIT DIFFERENT SIZE MATTRESSES

Figure 4.1: Illustration of the adjustable headboard, demonstrating the range of height settings.

General Use

- This platform bed frame does not require a box spring. Place your mattress directly on the wood slats.
- The sturdy construction and noise-free design ensure a stable and quiet sleeping environment.

5. CARE AND MAINTENANCE

- **Cleaning Upholstery:** For general cleaning, gently vacuum the upholstered headboard and frame to remove dust. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner following the product's instructions, testing on an inconspicuous area first.
- **Frame Care:** Wipe down the wooden and metal components with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically (e.g., every 3-6 months) inspect all bolts and screws to ensure they are tight. Retighten if necessary to maintain stability and prevent squeaks.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the upholstery fabric.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or screws. Uneven floor.	Ensure all bolts and screws are securely tightened. Check if the bed is on a level surface; use furniture pads if needed.
Squeaking noises.	Loose connections. Friction between slats and frame.	Tighten all hardware. The wood slats are designed with sound-dampening foam, but if squeaking persists, check slat placement.
Headboard height cannot be adjusted.	Bolts are too tight. Obstruction.	Loosen the headboard connection bolts. Ensure no bedding or other items are obstructing the adjustment mechanism.
Missing parts during assembly.	Packaging error.	Contact CABIHOME customer support immediately with your purchase details.

7. SPECIFICATIONS

Model: COG7nc0JIK1JVy5QF4sfDQau

Size: Full

Product Dimensions (Overall): 77.95"L x 55.12"W x 43.31"H

Adjustable Headboard Height: 42.1" - 46.1"

Color: Grey

Material: Upholstered Linen Fabric, Wood Slats, Metal Frame

Weight Capacity: Up to 1000 lbs

Assembly Required: Yes

Box Spring Needed: No

Item Weight: 67.2 pounds
