2. WHAT'S IN THE BOX

Verify that all items are present in the packaging:

- realme GT 7T Smartphone
- USB data cable
- Charger (120W UltraDART/SuperVOOC compatible)
- Quick Start Guide

3. SETUP

3.1. Inserting the SIM Card

1. Locate the SIM card tray on the side of the device.
2. Use the provided SIM ejector tool to open the tray.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down. The realme GT 7T supports Dual 5G SIM.
4. Carefully reinsert the tray into the phone.

3.2. Initial Power On and Setup

1. Press and hold the Power button until the realme logo appears.
2. Follow the on-screen instructions to select your language, region, and connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one.
4. Complete the setup process, including setting up security features like fingerprint or face unlock.

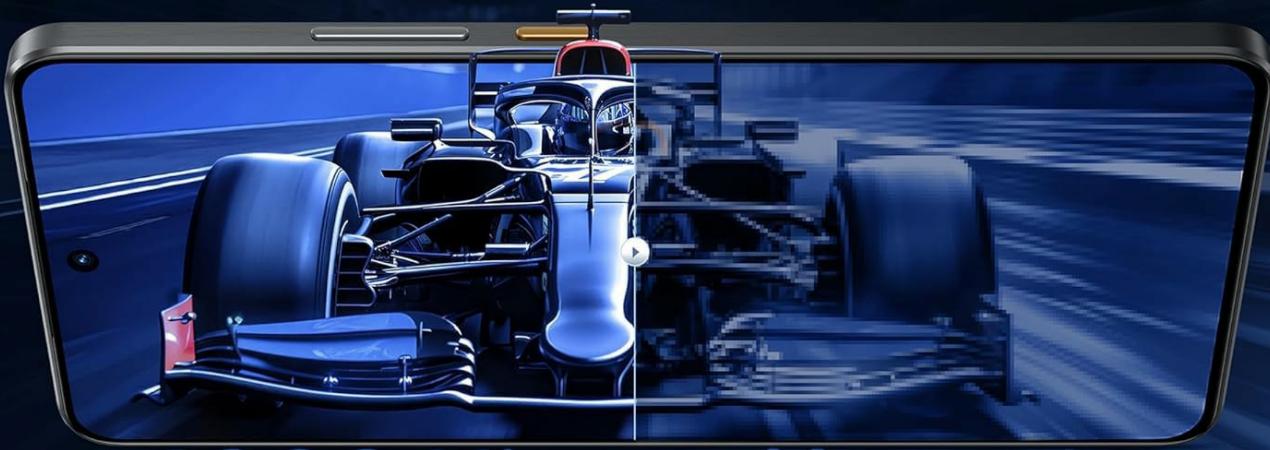

4. OPERATING INSTRUCTIONS

4.1. Display Features

The realme GT 7T features a 6.8-inch 1.5K display with a 120Hz refresh rate for smooth visuals. It supports 2160Hz high-frequency PWM dimming to reduce eye strain during extended use.

4.5. Connectivity

The realme GT 7T supports various connectivity options including Bluetooth, NFC, USB, and Wi-Fi. It also features Dual 5G SIM capability for enhanced network access.

5. MAINTENANCE

5.1. Cleaning the Device

- Use a soft, lint-free cloth to clean the screen and body.
- Avoid using harsh chemicals or abrasive materials.
- Ensure ports are free of dust and debris.

5.2. Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Navigate to **Settings > About phone > Software update** to check for available updates.

6. TROUBLESHOOTING

6.1. Device Not Powering On

- Ensure the battery is charged. Connect the device to the charger for at least 10 minutes.
- Press and hold the Power button for 10-15 seconds to perform a forced restart.

6.2. Charging Issues

- Verify that the charger and USB cable are securely connected and undamaged.
- Use the original realme charger and cable for optimal charging performance.
- Try charging from a different power outlet.

6.3. Network Connectivity Problems

- Check if the SIM card is correctly inserted.
- Ensure mobile data is enabled in **Settings > Mobile network**.
- Restart the device.
- Reset network settings: **Settings > System > Reset options > Reset Wi-Fi, mobile & Bluetooth**
