## 4. SETUP

### 4.1 Charging the Headset

Before first use, fully charge the headset and its charging case.

1. Place the headset into the charging case.
2. Connect the USB-C charging cable to the charging port on the case and a power source.
3. The LED digital display on the charging case will show the current battery percentage.
4. A full charge takes approximately 1.5 hours. The headset provides up to 20 hours of talk time on a single charge, and the charging case extends total standby time up to 120 hours.

## Anti-mistouching Multi-Functional Button

③.Press for 2s : 📞 Reject Call /Hang up

③.Tapx1 : 📞 Answer

### 4.2 Wearing the Headset

The headset is designed for comfortable and secure wear, adaptable for both left and right ears.

1. **Step 1:** Insert the ear tip into your ear canal.
2. **Step 2:** Position the ear hook over the back of your ear.
3. **Step 3:** Make adjustments (up to 180° for the ear hook, 270° for the cantilever) for a comfortable and secure fit.

Three different sizes of ear tips (S/M/L) are included to ensure a personalized and comfortable fit, dispersing pressure evenly.

### Comfortable Fit Without Hassle

These earbuds contain ear tips in 3 sizes (S/M/L), so you can choose the ear tips that best fit your ear canals.

## For a Variety of Purposes

Image: Headset can be worn on either ear.

### 4.3 Pairing with a Device

The headset utilizes Bluetooth 5.3 for a fast and stable connection.

1. Ensure the headset is charged.
2. Take the wireless earpiece out of the charging box. It will automatically turn on and enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "N19" from the list of found devices to connect.
5. Once paired, the headset will automatically connect to your device when taken out of the charging case.

### 5.2 Call Management

- **Answer Call:** Tap button (3) once.
- **Reject Call / Hang Up:** Press button (3) for 2 seconds.

### 5.3 Music Playback

- **Play/Pause:** Tap button (3) twice.

### 5.4 Voice Assistant

- **Activate Voice Assistant (Siri/Google Assistant):** Tap button (3) three times.

## 6. FEATURES AND TECHNOLOGY

### 6.1 Ultra-Clear Call Technology

The headset incorporates a 13mm composite dynamic unit for balanced sound with rich details. A built-in high-performance audio decoding chip supports AAC and SBC encoding formats, ensuring stable and clear audio for both calls and music.

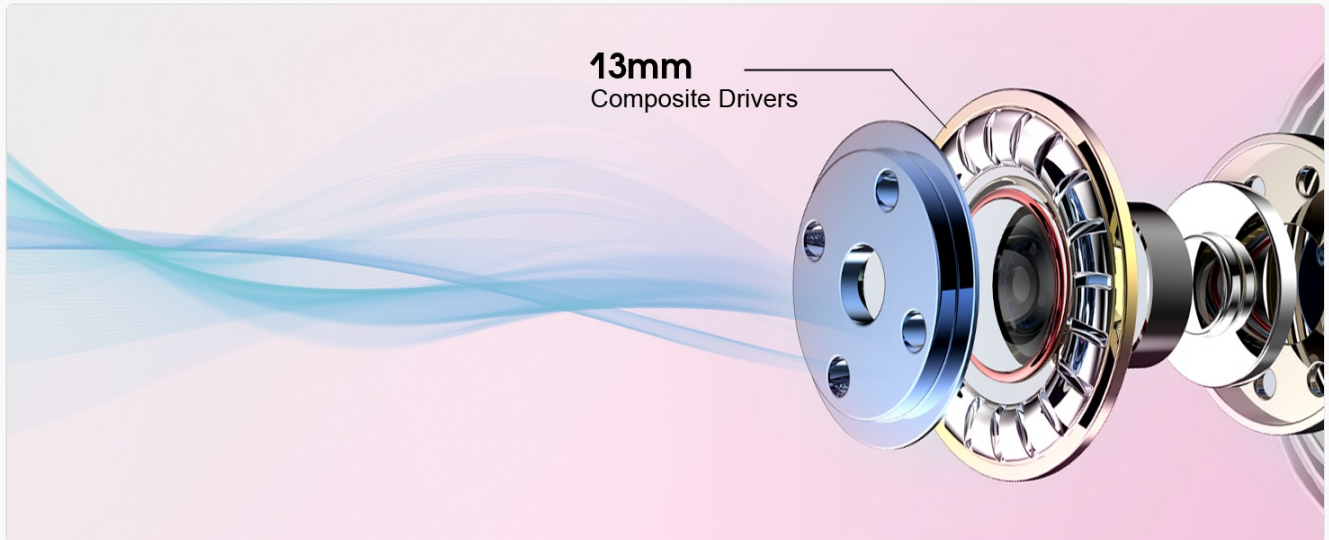

Image: 13mm Composite Drivers.

### 6.2 Dual Noise Cancellation

Equipped with ENC (Environmental Noise Cancellation) and CVC 8.0 (Clear Voice Capture) dual noise reduction systems, the headset effectively identifies and minimizes ambient noise. This ensures clearer and purer calls, even in noisy environments, by reducing background interference by up to 90%.

Image: ENC Noise Cancelling for Crystal Call.

### 6.3 IP7 Waterproof Rating

The headset has an IP7 waterproof rating, meaning it can effectively resist sweat, rain, and other liquid intrusions. This makes it suitable for various activities and environments.

Image: IPX7 Waterproof feature.

## 6.4 Ultra Lightweight Design

The headset is designed to be ultra-lightweight, ensuring comfort even during extended periods of wear.

## 7. MAINTENANCE

---

Proper maintenance ensures the longevity and performance of your headset.

- **Cleaning:** Use a soft, dry cloth to clean the headset and charging case. Do not use abrasive cleaners or solvents.
- **Ear Tips:** Regularly remove and clean the ear tips with a damp cloth. Ensure they are completely dry before reattaching.
- **Storage:** When not in use, store the headset in its charging case to protect it from dust and damage. Store in a cool, dry place.
- **Battery Care:** To preserve battery life, avoid fully discharging the headset frequently. Charge it regularly, even if not in constant use.
- **Water Exposure:** While IP7 waterproof, avoid prolonged submersion or exposure to harsh chemicals. Dry thoroughly if exposed to liquids.

## 8. TROUBLESHOOTING

---

If you encounter issues with your headset, please refer to the following common solutions:

- **Cannot Pair:**
  - Ensure the headset is charged and powered on.
  - Make sure Bluetooth is enabled on your device.
  - Place the headset and your device close to each other (within 1 meter).

- Turn off and on your device's Bluetooth, then try pairing again.
  - If previously paired, try forgetting the device on your phone and re-pairing.
- **No Sound:**
    - Check the volume levels on both the headset and your connected device.
    - Ensure the headset is properly connected to your device.
    - Try playing audio from a different application or source.
- **Charging Issues:**
    - Verify the USB-C cable is securely connected to both the charging case and the power source.
    - Try a different USB-C cable or power adapter.
    - Ensure the charging contacts on the headset and inside the case are clean and free of debris.
- **Poor Call Quality:**
    - Ensure the headset is positioned correctly on your ear.
    - Move closer to your connected device to avoid signal interference.
    - Avoid environments with excessive background noise, although the headset has noise cancellation.

## 9. SPECIFICATIONS
