LOEWAY LEDH05-7

LOEWAY Full Size Bed Frame with Storage Headboard

Model: LEDH05-7

Introduction

Thank you for choosing the LOEWAY Full Size Bed Frame. This bed frame is designed to provide a sturdy and comfortable sleeping solution with added convenience features, including a storage headboard, integrated charging station, and customizable LED lighting. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product.

Safety Information

- Do not exceed the maximum weight limit of 800 pounds for the bed frame.
- Exercise caution during assembly and use to avoid sharp edges.
- Always follow the provided assembly instructions precisely to prevent instability and potential injury.
- Keep the LED lights and charging station away from water and flammable materials. Unplug the power cord when the bed frame is not in use or during cleaning.
- Ensure all electrical connections for the charging station and LED lights are secure before use.

Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Metal Bed Frame Components (Side Rails, Crossbars, Support Legs)
- Wooden Headboard Panels
- Metal Slats
- Charging Station Unit (Pre-installed in headboard)
- LED Light Strips (Pre-installed in headboard)
- Assembly Hardware (Screws, Bolts, Washers, Allen Wrench)
- Instruction Manual

Setup and Assembly

The LOEWAY bed frame is designed for easy assembly. An illustrated installation manual is included with your product,

providing step-by-step guidance. All necessary tools and parts are provided.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the parts list in the included manual to identify each piece.
2. **Assemble the Frame:** Begin by connecting the main metal frame components according to the diagrams in the manual. Ensure all bolts are finger-tightened initially.
3. **Attach the Headboard:** Secure the wooden headboard panels to the frame. The charging station and LED lights are typically pre-installed in the headboard.
4. **Install Metal Slats:** Place the metal slats onto the frame. The seamless locking system and EVA mute stickers are designed to reduce noise. Ensure each slat is properly seated and secured.
5. **Tighten All Connections:** Once the frame, headboard, and slats are in place, fully tighten all bolts and screws using the provided Allen wrench. Do not overtighten.
6. **Connect Power:** Plug the power cord for the charging station and LED lights into a wall outlet.

Operating Instructions

Charging Station

The headboard features a built-in charging station for convenient power access. It includes:

- 2 Standard AC Outlets
- 1 USB Port
- 1 Type-C Port

Simply plug your devices into the appropriate ports to charge. The charging station is designed for indoor use only.

Figure 3: Detail of the integrated charging station, offering multiple power options for your devices.

LED Lights

The bed frame features multi-color RGB LED light strips integrated into the headboard. These lights can be controlled via a dedicated phone app or physical buttons (if included). You can customize your lighting experience with:

- Over 60,000 color options
- Adjustable brightness levels
- Various lighting modes (e.g., static, dynamic)
- Timer settings
- Music synchronization to create an immersive atmosphere

Figure 4: The LED lighting system offers extensive customization options via app or remote control.

Maintenance

To maintain the appearance and functionality of your bed frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. The wooden surfaces of the headboard are coated for water and scratch resistance, allowing for easy cleaning with a mild cleaner and soft cloth. Avoid abrasive cleaners.
- **Hardware Check:** Periodically inspect all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability.
- **LED Lights:** Keep the LED light strips dry and free from dust. Avoid direct impact or bending of the strips.
- **Charging Station:** Ensure the charging ports are free of dust and debris. Do not attempt to open or repair the charging station unit.

Troubleshooting

If you encounter any issues with your LOEWAY bed frame, refer to the following common solutions:

- **Squeaking Noises:** Ensure all assembly bolts are securely tightened. Check that the metal slats are properly seated within their locking system and that the EVA mute stickers are in place. Uneven floor surfaces can also contribute to squeaking; consider using furniture pads under the legs.
- **LED Lights Not Working/Flickering:** Verify that the power cord is securely plugged into both the bed frame and the wall outlet. Check if the remote control battery needs replacement or if the phone app connection is stable. Ensure there is no visible damage to the LED strip or its wiring.
- **Mattress Sliding:** The bed frame features an embedded design to help keep the mattress in place. If your mattress slides, ensure it is correctly positioned within the frame's perimeter. For some mattress types, additional non-slip pads placed between the mattress and slats may be beneficial.
- **Instability/Wobbling:** Re-check all connections and tighten any loose bolts. Ensure the bed frame is on a flat, level surface.

Specifications

Model Number	LEDH05-7
Size	Full
Dimensions (L x W x H)	81.7 x 54.1 x 42.5 inches
Color	Black
Material	Iron Alloy (Frame), Wood (Headboard)
