Lulive HI1581

Lulive HI1581 6-Drawer Fluted Wood Dresser

INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the Lulive HI1581 6-Drawer Fluted Wood Dresser. This manual provides essential information for the proper assembly, operation, maintenance, and care of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

This dresser features a stylish fluted design, six spacious drawers with smooth-sliding mechanisms, and sturdy construction from FSC-certified wood panels. It is designed for versatile use in bedrooms, living rooms, closets, or hallways.

2. Setup and Assembly

Assembly is required for this product. Detailed instructions and an installation video are provided to guide you through each step. It is recommended that two adults assemble the dresser to ensure proper alignment and safety. Pay close attention to the orientation of rails and panels to avoid rework.

Important Safety Note: This dresser comes with anti-tip hardware. It is crucial to install this hardware to secure the dresser to the wall, preventing accidental tipping and ensuring the safety of children and pets.

3. Operating Instructions

The Lulive dresser is designed for ease of use and ample storage. Each of the six drawers features a 3-section full extension slide design, allowing the drawers to open up to 25cm for convenient access to contents. The ball bearing mechanism ensures smooth and silent glides, minimizing noise when opening and closing.

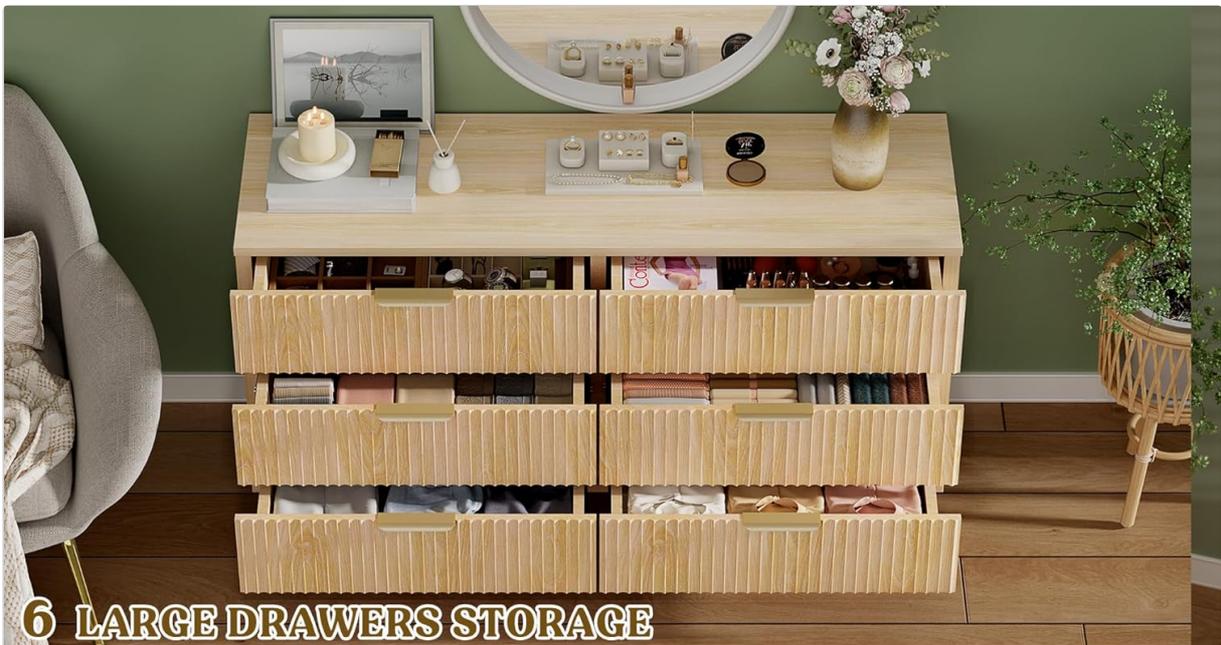

The spacious top surface (53.2" x 15") can hold up to 220 lbs, providing a stable area for decorative items, electronics, or personal belongings.

4. Maintenance and Care

To maintain the appearance and longevity of your Lulive dresser, follow these care instructions:

- **Cleaning:** Wipe the surface with a damp cloth for general cleaning. For spills or more thorough cleaning, use a dry cloth immediately after wiping with a damp cloth to prevent moisture damage.
- **Protection:** The dresser top is designed to be waterproof, making it easy to clean spills.
- **Drawer Slides:** Periodically check the drawer slides for smooth operation. If needed, a small amount of silicone-based lubricant can be applied to the slides.

Image: Key features including metal slide rails for smooth operation, conical legs for stability, golden metal handles, and corner protectors.

5. Troubleshooting

If you encounter issues during assembly or use, consider the following common solutions:

- **Drawers not closing smoothly or overlapping:** This often indicates incorrect installation of the drawer panels or rails. Ensure that the left and right panels/rails are correctly oriented as per the assembly instructions. Re-check each drawer's alignment.
- **Dresser instability:** Verify that all screws and fasteners are tightened securely. Ensure the dresser is placed on a level surface. Always install the provided anti-tip hardware for maximum stability and safety.
- **Missing parts or damaged components:** If any parts are missing or damaged upon arrival, please contact customer service immediately for assistance.
