HAPPYGRILL HG1631New

HAPPYGRILL 360° Swivel Hunting Chair

Model: HG1631New

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and safety of your HAPPYGRILL 360° Swivel Hunting Chair. Please read this manual thoroughly before using the product to ensure proper function and safety.

SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or product damage.

- Ensure the chair is set on a stable, level surface before use.
- Do not exceed the maximum weight capacity of **330 lbs (150 kg)**.
- Use caution while assembling and operating the adjustable seat height and swivel mechanisms to avoid injury.
- Keep hands and fingers clear of moving parts during adjustment and folding.
- Regularly inspect all components for wear, damage, or loose connections. Do not use if damaged.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Chair Seat with Backrest and Armrests
- Swivel Base with Adjustable Legs and All-Terrain Foot Pads
- Assembly Hardware (screws, bolts, etc.)
- Instruction Manual (this document)

SETUP AND ASSEMBLY

The HAPPYGRILL 360° Swivel Hunting Chair is designed for easy assembly and portability. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Attach Chair Seat to Swivel Base:** Align the chair seat with the swivel base. Secure it using the provided hardware (screws/bolts). Ensure all connections are tight.
3. **Adjust Leg Height:** Each leg features an adjustment mechanism. To adjust, locate the lock lever or knob on each leg. Unlock it, extend or retract the leg to the desired height, and then firmly lock it into place. Ensure all four legs are adjusted to the same height for stability. The chair offers 8.5 inches of height adjustment.
4. **Position Foot Pads:** The large 4-inch flat rotating duck feet are designed to adapt to various terrains. Ensure they are positioned flat on the ground for maximum stability.

OPERATING INSTRUCTIONS

Your hunting chair is designed for comfort and functionality in various outdoor settings.

- **360° Swivel Function:** The chair features a smooth and silent 360-degree swivel base. To rotate, simply shift your weight and turn. The silent operation helps avoid disturbing wildlife.
- **Height Adjustment:** Utilize the telescopic legs to adjust the seat height to your preference, ensuring optimal viewing and comfort. Always ensure the legs are securely locked after adjustment.
- **All-Terrain Stability:** The large, rotating foot pads are designed to prevent sinking into soft ground and provide stability on uneven surfaces like gravel, sand, or mountain terrain. Adjust the foot pads to sit flush with the ground for maximum support.
- **Folding for Transport:** To fold the chair, first detach the seat from the base if necessary (refer to assembly steps in reverse). The seat and base can then be folded into two separate, compact parts for easy storage and transportation. A strap is included to secure the armrest when the seat is folded.

360° Quiet Rotation

Find prey in any direction while avoiding disturbing them

Silent

Smooth

MAINTENANCE

Proper maintenance will extend the life of your HAPPYGRILL hunting chair.

- **Cleaning:** Wipe down the metal frame with a damp cloth and mild soap. For the Oxford fabric and mesh, use a soft brush or cloth with mild detergent and water. Rinse thoroughly and allow to air dry completely before storage.
- **Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight. Tighten any loose hardware. Inspect the fabric for tears or excessive wear, and the metal frame for any signs of damage or corrosion.
- **Lubrication:** The swivel mechanism is designed for smooth operation. If rotation becomes stiff, a small amount of silicone-based lubricant can be applied to the moving parts of the swivel base.
- **Storage:** When not in use, fold the chair and store it in a dry, protected area to prevent exposure to extreme weather conditions, which can prolong its lifespan and maintain the rust-resistant finish.

TROUBLESHOOTING

If you encounter issues with your chair, refer to the following common solutions:

- **Chair feels unstable:** Ensure all four legs are adjusted to the same height and securely locked. Verify that the all-terrain foot pads are flat on the ground. Check all assembly hardware for tightness.
- **Swivel mechanism is stiff or noisy:** Inspect the swivel base for any obstructions. Apply a small amount of silicone-based lubricant to the rotating components. Ensure the chair is not overloaded beyond its weight capacity.
- **Difficulty folding/unfolding:** Check for any obstructions in the folding joints. Ensure all locking mechanisms are disengaged before attempting to fold.

SPECIFICATIONS

Feature	Detail
Model Name	Hunting Chair
Model Number	HG1631New
Brand	HAPPYGRILL
Material	Alloy Steel, Nylon, Polypropylene
Color	Camouflage
Item Dimensions (LxWxH)	21.5 x 21.5 x 33.5 inches (unfolded)
