## Fohil AI Voice Recorder 64GB GPT-4o

# Fohil AI Voice Recorder 64GB GPT-4o User Manual

Model: AI Voice Recorder 64GB GPT-4o | Brand: Fohil

## 1. INTRODUCTION

---

Thank you for choosing the Fohil AI Voice Recorder. This advanced device integrates AI technology, including GPT-4o, to provide seamless recording, automatic transcription, summarization, and mind mapping capabilities. Designed for professionals, students, and anyone needing efficient audio capture and processing, it features a compact design, long battery life, and intelligent noise cancellation. This manual will guide you through the setup, operation, and maintenance of your new device.

## 2. PRODUCT OVERVIEW

---

Familiarize yourself with the components and controls of your Fohil AI Voice Recorder.

### Package Contents

- Fohil AI Voice Recorder
- Magsafe Case (if included)
- Magsafe Ring (if included)
- Charging Cable
- User Manual

Figure 2.5: All items included in the Fohil AI Voice Recorder package.

## 3. SETUP

### 3.1 Charging the Device

Before first use, fully charge your Fohil AI Voice Recorder using the provided USB charging cable. Connect the cable to the device's charging port and a standard USB power adapter (not included). The indicator light will show charging status.

### 3.2 Connecting to the 'Doway' App

1. Download the 'Doway' app from your smartphone's app store (compatible with iPhone and Android).
2. Ensure Bluetooth is enabled on your smartphone.
3. Turn on the Fohil AI Voice Recorder.
4. Open the 'Doway' app and follow the on-screen instructions to pair your device via Bluetooth.
5. Once paired, the app will display the device status and allow access to advanced features.

## 4. OPERATING INSTRUCTIONS

## 4.1 One-Button Recording

The Fohil AI Voice Recorder features a simple slide switch for quick recording:

- **To Start Recording:** Slide the recording button upwards. The device will vibrate briefly to confirm recording has started.
- **To Stop and Save:** Slide the recording button downwards. The device will automatically save the recording.

## 4.2 Switching Recording Modes

The device supports two main recording modes: Normal Mode and Call Recording Mode.

### 対面も通話も逃しさない完璧録音

指先ひとつで最適な録音環境を構築

電源キーをダブルクリックするだけで  
モード切替

通話録音モード

通常録音モード

Figure 4.1: Double-click the power button to switch between Call Recording Mode and Normal Recording Mode.

- **Normal Mode:** Ideal for lectures, meetings, and interviews. This mode utilizes AI voice enhancement to capture clear audio from the environment.
- **Call Recording Mode:** Designed for phone calls. When attached to your smartphone (e.g., via MagSafe), this mode minimizes electrical noise and amplifies the speaker's voice up to 3 times for clear call recording.

To switch between modes, double-tap the power button. The device's small 0.5-inch display will indicate the current mode.

### 4.3 AI Features via 'Doway' App

Once recordings are synced with the 'Doway' app, you can access powerful AI features:

- **Automatic Transcription:** Converts recorded audio into text using GPT-4o technology.
- **Summarization:** Generates concise summaries of long recordings.
- **Mind Map Creation:** Automatically creates visual mind maps from your meeting notes or lecture recordings.
- **Speaker Identification:** Distinguishes between different speakers in a conversation.
- **Smart Audio Trimming:** Helps in editing and refining your audio files.

The app also allows for seamless editing of meeting minutes and templates on your PC while simultaneously generating and adjusting mind maps on your smartphone.

### 4.4 Cloud Storage and Data Management

The Fohil AI Voice Recorder offers a dual-layer storage system:

- **64GB Internal Storage:** Provides ample space for up to 500 hours of recordings.
- **Private Cloud Service:** Recording data is automatically backed up and permanently stored in a dedicated private cloud, ensuring data security and preventing loss. This allows for quick retrieval of past recordings.

Each device is linked to a single account, enhancing privacy and making information leakage difficult.

## 5. MAINTENANCE

---

### 5.1 Cleaning

Wipe the device with a soft, dry cloth. Do not use liquid cleaners or solvents, as they may damage the device.

### 5.2 Battery Care

To prolong battery life, avoid fully discharging the device frequently. Charge it regularly, even if not in constant use. Store the device in a cool, dry place when not in use for extended periods.

### 5.3 Software Updates

Periodically check the 'Doway' app for any available firmware or software updates for your recorder. Updates can improve performance, add new features, and fix bugs.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Fohil AI Voice Recorder, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Low battery.	Charge the device for at least 30 minutes.

Problem	Possible Cause	Solution
Recording stops unexpectedly.	Internal error or low battery.	Ensure the device is fully charged. Restart the device. If the issue persists, contact support.
My voice is too quiet in recordings.	Microphone placement or recording mode.	Ensure the microphone is not obstructed. For calls, use Call Recording Mode. Speak clearly and at a reasonable distance from the device.
Transcription accuracy is low.	Background noise, unclear speech, or language settings.	Record in a quiet environment. Speak clearly. Check language settings in the 'Doway' app.
Cannot connect to the 'Doway' app.	Bluetooth off, app error, or device not discoverable.	Ensure Bluetooth is on. Restart the app and the recorder. Try re-pairing the device in the app settings.

## 7. SPECIFICATIONS
