4. OPERATING AND CONFIGURATION

The LINKHOO Triple Bunk Bed offers flexible configurations to suit your needs.

Triple Bunk Configuration:

In its primary L-shaped triple bunk configuration, the bed provides sleeping space for three individuals. The upper bunk is a Twin XL size, and the two lower bunks are Twin size. The integrated ladder provides access to the top bunk, and a small table is positioned between the two lower beds for convenience.

Separated Bed Configuration:

For increased personal space or different room arrangements, the bunk bed can be disassembled into three separate beds: one Twin XL bed and two Twin beds. This allows for greater versatility as children grow or living situations change.
