maylit Rope Lights 25ft

maylit 25ft 360-Degree Luminous Reticulate Weave ICRGB LED Rope Lights User Manual

Model: Rope Lights 25ft

1. INTRODUCTION

Thank you for choosing the maylit 25ft 360-Degree Luminous Reticulate Weave ICRGB LED Rope Lights. This product is designed to provide versatile and vibrant lighting for various indoor and outdoor applications. Featuring 360-degree illumination, advanced ICRGB technology for multi-color displays, music synchronization, and convenient USB power, these lights offer extensive customization options to enhance any environment. Please read this manual thoroughly before use to ensure proper installation and operation.

2. SAFETY INFORMATION

- Ensure the power source matches the product's requirements (USB 5V).
- Do not cut or modify the rope light, as this may damage the product and void the warranty.
- Avoid exposing the USB connector and control unit to water, even though the rope light itself is waterproof.
- Keep out of reach of children and pets.
- Do not stare directly into the LED lights for extended periods.
- Unplug the device from the power source before cleaning or when not in use for extended periods.

3. PACKAGE CONTENTS

Verify that all components are present in the package:

- 1 x maylit 25ft 360-Degree Luminous Reticulate Weave ICRGB LED Rope Light
- 1 x Remote Control
- 1 x USB Power Cable with Integrated Control Unit
- Mounting Clips and Screws (quantity may vary)
- 1 x User Manual

Figure 2: Package Contents. This image shows the complete kit, including the rope light, USB power cable, remote, and mounting accessories.

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging.

2. **Plan Placement:** Determine the desired location for your rope lights. The flexible design allows for creative shapes and contours.
3. **Mounting (Optional)::** If permanent installation is desired, use the provided mounting clips and screws to secure the rope light to a surface. Ensure the surface is clean and dry before installation.
4. **Connect Power:** Plug the USB power cable into a compatible USB port (e.g., laptop, power bank, USB wall adapter). The lights should illuminate.

Figure 3: Installation Examples. This image illustrates various creative ways the rope lights can be installed in different indoor and outdoor settings.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

Press the 'ON' button on the remote control or the integrated control unit to turn the lights on. Press 'OFF' to turn them off.

5.2 Remote Control Functions

The included 40-key remote control provides access to various lighting modes and settings:

Figure 4: Remote Control Functions. This diagram labels the buttons on the remote control, explaining their respective functions for light adjustment, color selection, and mode changes.

- **Brightness Adjustment:** Use the sun icon buttons to increase or decrease brightness.
- **On/Off:** Dedicated buttons for powering the lights.
- **LED Color Buttons:** Select from 13 static colors.
- **Music Rhythm Mode:** Activates sound-reactive lighting effects.
- **Timing Turn Off:** Set a timer for 1 hour, 2 hours, or 4 hours.
- **Symphony Change:** Cycles through various dynamic color patterns.
- **Marquee Lights:** Displays a scrolling light effect.
- **Seven Color Jump:** Rapidly cycles through seven distinct colors.
- **Seven-Color Gradient:** Smoothly transitions between seven colors.
- **Scene Lighting Mode:** Pre-programmed lighting scenes (e.g., Night, Starry, Party, Movie).

- **8 Kinds of Flowing Light Mode:** Various dynamic flowing light patterns.

5.3 App Control

For extended functionality and customization, download the dedicated app by scanning the QR code provided in the manual or on the packaging. The app allows for:

Figure 5: App Interface. This image displays the various screens of the control app, highlighting options for music synchronization, custom color selection, and scheduling.

- **Music Sync:** Utilizes the device's microphone to synchronize lights with music.
- **DIY Design:** Create custom lighting patterns and color sequences.
- **Color Adjustment:** Fine-tune colors using a color wheel.
- **Scheduling:** Set timers for automatic on/off functions.

5.4 Unique ICRGB Technology

The ICRGB technology allows for multiple colors to be displayed simultaneously along the rope light, creating dynamic and vibrant

effects not possible with standard RGB lights.

Figure 6: ICRGB Multi-Color Display. This image showcases the rope light coiled, demonstrating its ability to display a smooth, continuous spectrum of colors at once.

5.5 360-Degree Luminous Design

The reticulate weave design ensures that light is emitted evenly in all directions, providing a consistent and immersive glow from any viewing angle.

Figure 7: 360-Degree Luminous Design. This close-up image emphasizes the uniform light distribution and durable construction of the rope light.

6. MAINTENANCE

- **Cleaning:** Gently wipe the rope light with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, coil the rope light neatly and store it in a cool, dry place away from direct sunlight.
- **Inspection:** Periodically check the rope light and power cable for any signs of damage. Discontinue use if damage is found.

7. TROUBLESHOOTING

- **Lights not turning on:** Ensure the USB cable is securely connected to a working power source. Check if the power source is providing sufficient power (5V).
- **Remote control not working:** Check the battery in the remote control. Ensure there are no obstructions between the remote and the control unit.

- **App connectivity issues:** Ensure Bluetooth is enabled on your smartphone and the app has the necessary permissions. Try restarting the app and the rope light.
- **Inconsistent lighting:** Ensure the rope light is not kinked or severely bent, which could affect light distribution.

8. SPECIFICATIONS
