## BUBLUE D10P

# BUBLUE D10P Robotic Pool Cleaner User Manual

Model: D10P | Brand: BUBLUE

## 1. SAFETY INFORMATION

---

Please read this manual carefully before operating the BUBLUE D10P Robotic Pool Cleaner. Retain this manual for future reference.

- Ensure the power supply is disconnected before any maintenance or cleaning.
- Do not operate the cleaner if the power cable is damaged. Contact customer support for replacement.
- Keep children and pets away from the pool area during cleaner operation.
- Only use the provided power box and accessories.
- The cleaner is designed for pool use only. Do not use it for other purposes.

## 2. PACKAGE CONTENTS

---

Verify that all items are present in the package:

- 1 x Robotic Pool Cleaner
- 1 x Power Box
- 1 x User Manual
- 1 x Carabiner
- 1 x Rope

Image: All components included in the BUBBLUE D10P package, including the robotic cleaner, power box, user manual, carabiner, and rope.

### 3. PRODUCT OVERVIEW

---

The BUBBLUE D10P Robotic Pool Cleaner is designed for comprehensive pool cleaning with advanced features.

#### 3.1 Key Features

- **4-in-1 Cleaning:** Offers Floor Only, Wall Only, and Auto Mode for versatile cleaning, including waterline scrubbing.
- **Superior Suction Power:** Equipped with Bluehole Technology, a 150 Watt Three-Axis Motor, and dual suction ports for effective debris removal.
- **Smart APP Control:** Connect via Bluetooth or WiFi for real-time status monitoring, custom scheduling, and remote control.
- **AI Navigation:** Bluesonic Path Navigation intelligently maps the pool for maximum coverage and obstacle detection.
- **TangleEase™ Tech:** Corded design with anti-tangle technology ensures uninterrupted, long-duration cleaning.

#### 3.2 Components

## 4. SETUP

Follow these steps to set up your BUBLUE D10P Robotic Pool Cleaner:

1. **Connect the Power Box:** Securely connect the cleaner's cable to the power box. Ensure the connection is tight to

prevent water ingress.

2. **Position the Power Box:** Place the power box in a safe, dry location, at least 3.5 meters (11.5 feet) from the pool edge.
3. **Uncoil the Cable:** Gently uncoil the floating cable and ensure it is free of tangles.
4. **Place in Pool:** Hold the cleaner by its handle and slowly submerge it into the pool. Allow it to sink to the bottom, releasing any trapped air bubbles.
5. **Connect to Power Outlet:** Plug the power box into a grounded electrical outlet.

Video: Demonstrates the unboxing and initial setup of the BUBLUE D10P robotic pool cleaner, including connecting the power unit and placing it into the pool.

## 5. OPERATING INSTRUCTIONS

The BUBLUE D10P offers both manual control via the power box and advanced control through a mobile application.

### 5.1 Manual Operation (Power Box)

1. **Power On:** Press the power button on the power box. The indicator light will illuminate.
2. **Select Mode:** Press the 'MODE' button to cycle through available cleaning modes: **ALL** (Floor & Wall), **WALL** (Wall Only), **FLOOR** (Floor Only).
3. **Set Time:** Press the 'TIME' button to select the desired cleaning duration: **2H** (2 hours), **3H** (3 hours), **4H** (4 hours).

4. The cleaner will begin its cycle according to the selected settings.

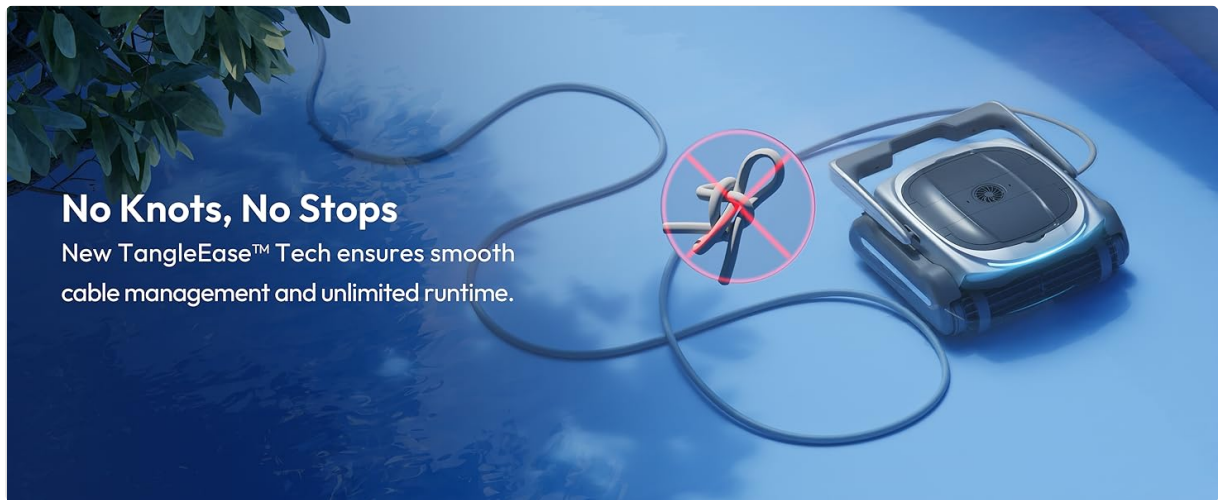

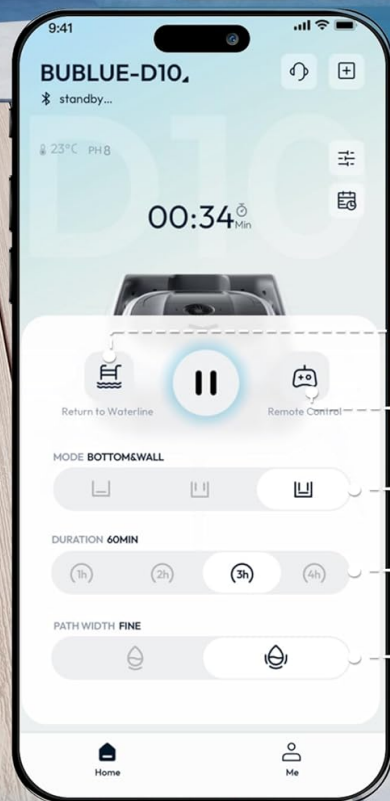

Image: The control panel of the power box, showing options for mode and time selection.

## 5.2 App Control

Download the BUBBLUE app from your device's app store to unlock advanced features:

- **Connect:** Pair your device via Bluetooth or WiFi as instructed in the app.
- **Remote Control Car Mode:** Manually steer the cleaner for precise spot cleaning.
- **Custom Scheduling:** Set specific cleaning times and modes for automated operation.
- **Return to Waterline:** Use the one-touch feature for easy retrieval of the cleaner.

# Effortless Control with the App

• One-Touch Waterline Return

• Remote Control

• Select Cleaning Mode

• Adjust Cleaning Cycle Length

• Customize Path Width

Note: Supports Wi-Fi & Bluetooth connection (2.4G Wi-Fi only); OTA updates available.

# Your Pool's Reliable Partner

Place the cleaner in an optimal position to ensure full pool coverage

Image: The app's scheduling function for automated cleaning tasks.

## All in One

- 1\*Robotic Pool Cleaner
- 1\*Power Box
- 1\*User Manual
- 1\*Carabiner
- 1\*Rope

Image: The cleaner automatically returning to the waterline for easy retrieval, controlled by the app.

Video: Shows the D10P pool vacuum operating in an above-ground pool, demonstrating its cleaning capabilities and the use of the control panel.

## 6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your cleaner.

## 6.1 Cleaning Filter Baskets

1. **Power Off:** Disconnect the cleaner from the power supply.
2. **Remove Cleaner:** Carefully lift the cleaner from the pool using its handle.
3. **Open Filter Compartment:** Locate and open the filter compartment latches.
4. **Remove Baskets:** Pull out the dual filter baskets.
5. **Rinse:** Rinse the filter mesh thoroughly with clean water to remove all debris.
6. **Reinstall:** Place the clean filter baskets back into the cleaner and secure the compartment latches.

Image: Demonstrates the simple process of removing and rinsing the filter basket.

Video: Illustrates the process of cleaning the filter baskets of the robotic pool cleaner, showing how to remove debris effectively.

## 7. TROUBLESHOOTING

Refer to the table below for common issues and their solutions:

Issue	Possible Cause	Solution
<b>Cable twist or cable winding</b>	Obstacles in the pool	Remove obstacles from the pool.
	Insufficient cable length in water	Place enough cable in the water to allow the cleaner to reach the farthest corner of the pool.
	Foreign object stuck between wheels	Remove foreign objects from the cleaner.
<b>Red light flashing</b>	Debris stuck in the impeller	Unplug the power box and then remove the debris.
	Impeller blocked	Unplug the power supply and then remove the debris.
<b>Motor not working</b>	Power or signal connection not properly connected	Check the cable connections between the cleaner and the power box.
<b>Cleaner not sinking</b>	Sponge on the roller brush is dry	Wet the sponge on the roller brush to keep it moist.
<b>Cleaner tipping over</b>	Filter clogged	Clean the filter and remove debris from the filter basket.
<b>Cleaner moves slowly or cleans inefficiently</b>	Filter clogged	Clean the filter and remove debris from the filter basket.

If these suggested solutions do not solve your problem, please contact our customer support team.

## 8. SPECIFICATIONS

---

Feature	Detail
Brand	BUBLUE
Model Name	D10P
Product Dimensions	19.6"L x 18.3"W x 9"H
Item Weight	35.5 pounds
Material	Plastic
Color	Gray
Power Source	Corded Electric
Voltage	28 Volts
Capacity	6 Liters (Dual 3L filter baskets)
Control Method	App, Manual Buttons
Max Pool Size	Up to 1,076 Sq.Ft.
Special Features	3 Cleaning Modes (Floor Only, Wall Only, Auto Mode), APP Control, Custom Scheduling, Corded Anti-Tangle Design, Enhanced Suction Power with Bluehole Tech, Smart Navigation
