7. TROUBLESHOOTING

If you encounter issues with your soundbar, refer to the following common solutions:

- **No Power:** Ensure the power cable is securely connected to both the soundbar and a working power outlet.
- **No Sound:**
 - Check that the correct input source is selected on the soundbar.
 - Verify that the volume is not muted or set too low on both the soundbar and your connected device.
 - For Optical connection, ensure your TV's audio output is set to 'PCM' or 'Stereo'.
 - For HDMI ARC, confirm that your TV's HDMI ARC/eARC port is used and CEC is enabled.
- **Bluetooth Disconnection:** Ensure the soundbar and your Bluetooth device are within the 15-meter range and there are no significant obstructions. Try re-pairing the device.
- **Remote Control Not Working:** Check if the AAA batteries are correctly inserted and not depleted. Ensure there are no obstructions between the remote and the soundbar.

For further assistance, please contact customer support.

8. CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your soundbar, follow these care guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the surface of the soundbar. Do not use liquid cleaners or abrasive materials.
- **Placement:** Avoid placing the soundbar in direct sunlight, near heat sources, or in areas with high humidity or dust.
- **Ventilation:** Ensure adequate ventilation around the soundbar to prevent overheating.
- **Handling:** Handle the soundbar with care, especially when detaching or reassembling the sections.
