

truke Mega 8

truke Mega 8 True Wireless Earbuds User Manual

Model: F81

INTRODUCTION

Welcome to the truke Mega 8 True Wireless Earbuds user manual. These earbuds are designed to provide a superior audio experience with features like 24-Bit Spatial Audio, extended battery life, and advanced call clarity. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new earbuds.

WHAT'S IN THE BOX

Upon unboxing your truke Mega 8 earbuds, please ensure all the following items are present:

- Wireless Charging Case
- truke Mega 8 Earbuds (Left and Right)
- USB Charging Cable
- Eartips (various sizes)
- User Manual (this document)

SETUP

1. Initial Charging

Before first use, fully charge your truke Mega 8 earbuds and charging case. Connect the provided USB cable to the charging port on the case and a power source. The LED indicator on the case will show charging status. A full charge provides up to 70 hours of total playtime with the charging case.

70 Hours Playtime

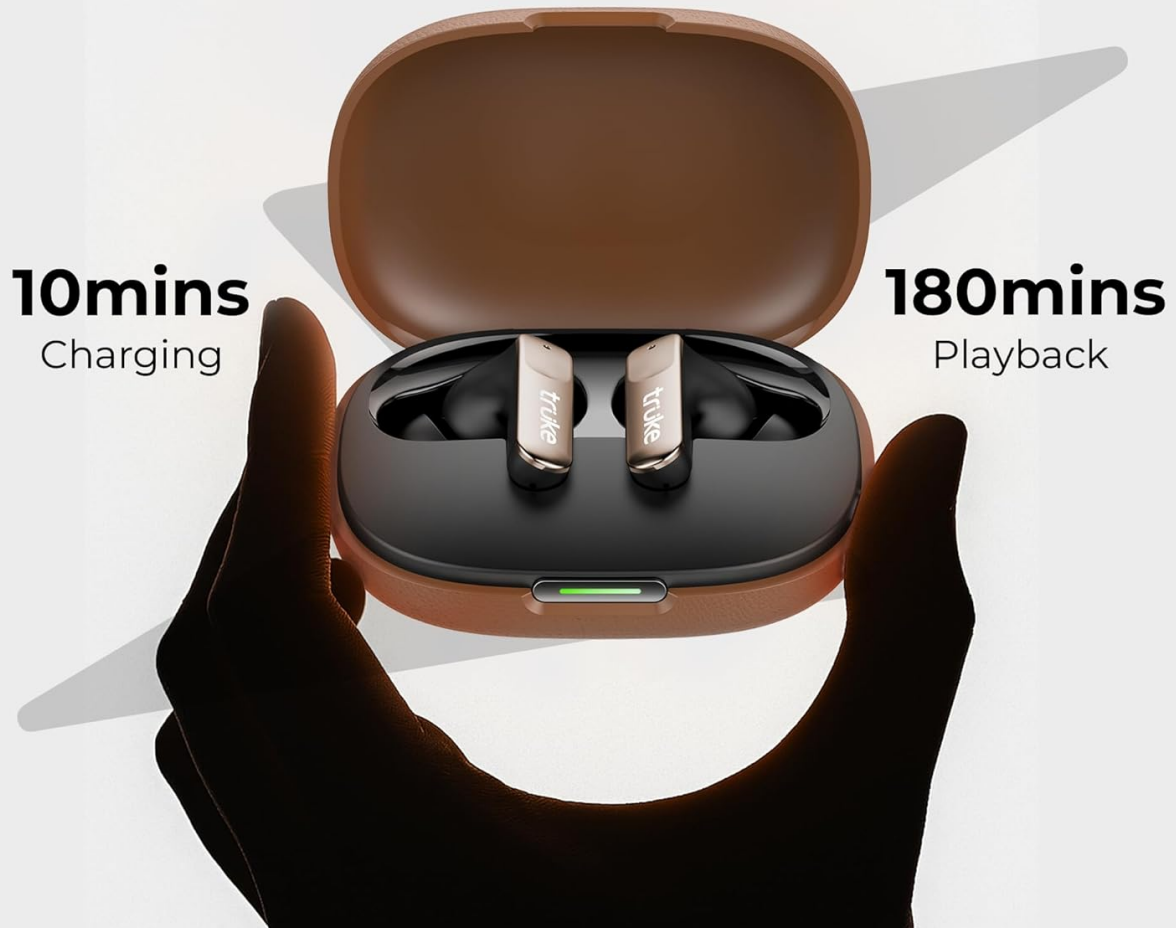

Image: truke Mega 8 Earbuds Charging and Playtime. This image illustrates the charging case with earbuds, highlighting '70 Hours Playtime' and '10 mins Charging = 180 mins Playback'.

2. Pairing with a Device

1. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing LED on the earbuds.
2. On your device (smartphone, tablet, laptop), go to Bluetooth settings.
3. Search for available devices and select "truke Mega 8".
4. Once connected, the LED indicator on the earbuds will stop flashing.

3. Dual Pairing

The truke Mega 8 supports dual pairing, allowing you to connect to two devices simultaneously. To use dual pairing:

1. Pair the earbuds with your first device as described above.
2. Disable Bluetooth on the first device. The earbuds will re-enter pairing mode.
3. Pair the earbuds with your second device.
4. Re-enable Bluetooth on the first device. The earbuds should automatically connect to both devices. You can now switch between audio sources seamlessly.

Dual Pairing

Connect the Earbuds to Two Devices Simultaneously

Image: truke Mega 8 Dual Pairing Feature. This image shows the earbuds and case next to a smartphone making a call and a laptop, illustrating the ability to connect to two devices simultaneously.

4. Wearing the Earbuds

Choose the eartips that provide the most comfortable and secure fit for optimal sound quality and noise isolation. Gently insert the earbuds into your ear canal and twist slightly to secure them.

OPERATING INSTRUCTIONS

Touch Controls

The truke Mega 8 earbuds feature intuitive touch controls. Specific functions may vary slightly, but common controls include:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.

- **Reject Call:** Press and hold either earbud.
- **Activate Voice Assistant:** Triple tap on either earbud.
- **Toggle Gaming Mode:** Press and hold the right earbud for 2 seconds.

24-Bit Spatial Audio

Experience immersive, lifelike sound with 24-Bit Spatial Audio. This feature enhances depth and clarity, creating a surround sound experience for your music and media.

13mm Titanium Drivers

40ms Ultra-Low Latency (Gaming Mode)

For an optimized gaming experience, activate the 40ms Ultra-Low Latency mode. This reduces audio delay, ensuring perfect synchronization between audio and video, giving you a competitive edge.

40ms Ultra Low Latency

Quad-Mic ENC Technology

The Quad-Mic Environmental Noise Cancellation (ENC) technology ensures crystal-clear voice calls by filtering out ambient noise. This allows for clear communication even in noisy environments.

Quad-Mic PureVoice ENC

MAINTENANCE

Cleaning

Regular cleaning helps maintain sound quality and hygiene:

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove eartips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Use a dry cotton swab to carefully clean the charging contacts on both the earbuds and the case.

Storage

Always store the earbuds in their charging case when not in use to protect them from damage and keep them charged.

Water Resistance

The truke Mega 8 earbuds are rated IPX5 water resistant. This means they are protected against low-pressure

water jets from any direction. They are suitable for workouts and light rain, but should not be submerged in water or exposed to heavy downpours.

TROUBLESHOOTING

If you encounter any issues with your truke Mega 8 earbuds, please refer to the following common solutions:

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them back in the case, close, then open again to re-enter pairing mode. Check your device's Bluetooth settings and forget previous connections if necessary.
No sound from one earbud	Place both earbuds back in the charging case, close the lid, wait a few seconds, then open and try again. Ensure both earbuds are charged.

Problem	Possible Solution
Low volume or poor sound quality	Adjust volume on your device. Ensure eartips provide a snug fit. Clean any debris from the earbud speakers.
Earbuds not charging	Ensure the charging cable is securely connected. Clean the charging contacts on both earbuds and case. Try a different USB port or power adapter.
Touch controls not responding	Ensure your fingers are clean and dry. Restart the earbuds by placing them in the case and taking them out again.
