2. WHAT'S IN THE BOX

Verify that all items are present in your Google Pixel Watch 4 package:

- Google Pixel Watch 4 (45mm) LTE Moonstone
- Watch Band (Moonstone Active Band, includes both large and small sizes)
- USB-C Fast Charging Cable

- Quick Start Guide

3. SETUP

3.1. Initial Unboxing and Band Attachment

Carefully remove the Google Pixel Watch 4 from its packaging. The watch comes with two sizes of active bands. Select the band size that best fits your wrist. To attach the band, align the band with the watch case and slide it in until you hear a click, indicating it is securely fastened. Ensure both sides of the band are properly attached.

3.2. Pairing with an Android Device

The Google Pixel Watch 4 is compatible with most Android devices running Android 11.0 or newer. To pair your watch:

1. Power on your Google Pixel Watch 4.
2. Ensure Bluetooth is enabled on your Android phone.
3. Open the Google Pixel Watch app on your phone. If you don't have it, download it from the Google Play Store.
4. Follow the on-screen instructions in the app to detect and pair your watch. You may need to scan a QR code displayed on the watch face.
5. Keep your watch and phone close during the pairing process.

3.3. Charging Your Watch

The Google Pixel Watch 4 features a new side charging dock for fast charging. Connect the USB-C Fast Charging Cable to a compatible power adapter (not included) and then attach the magnetic charging dock to the side of your watch. The watch can achieve up to 15 hours of battery life in just 15 minutes of charging. A full charge can provide up to 40 hours of battery life, or up to 72 hours in Battery Saver mode.

4. OPERATING THE GOOGLE PIXEL WATCH 4

4.1. Display and Navigation

The Pixel Watch 4 features an Actua 360 domed display that is 10% larger and 50% brighter than previous models, offering enhanced visibility. Navigate the watch using the touchscreen and the side crown/button. Swipe through menus, tap to select options, and use the crown for scrolling or accessing specific functions.

4.2. Google Gemini AI Assistant

The Google Pixel Watch 4 has Gemini, your built-in AI assistant, to provide quick responses and personalized help. Simply ask questions or use voice commands to interact with Gemini directly from your wrist. Gemini also powers hyper-relevant quick replies for texting.

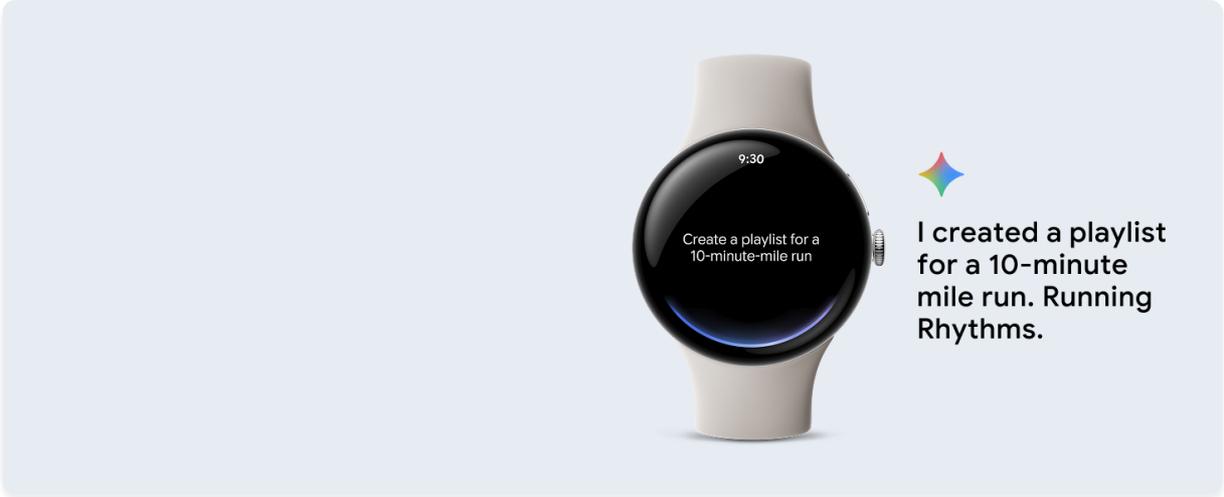

Image: The Google Pixel Watch 4 display showing the 'Ask Gemini' prompt, indicating hands-free access to the AI assistant.

4.3. Communication (LTE Model)

With the LTE model of the Google Pixel Watch 4, you can stay connected even without your phone nearby. Make and receive calls, and send texts directly from your wrist. This feature requires an LTE service plan from your mobile carrier.

Get the most from your Pixel Watch with 2 years of LTE service at no additional cost.

Easily find your way when you're out and about with Google Maps.²⁴

Stream your favorite music while you're working out or going for a run.

Stay connected with hyper-relevant AI-powered text suggestions.^{5,6}

Offer only valid on Pixel Watch 4 LTE sold by and shipped from Amazon. Restrictions apply.

4.4. Fitness Tracking (Fitbit Integration)

The Pixel Watch 4 integrates with Fitbit for comprehensive health and fitness tracking. Monitor your heart rate with Google's accurate tracking, analyze sleep patterns, and track key health metrics like SpO2 and HRV. It supports over 40 exercise modes and provides real-time stats on your wrist, along with high-precision dual-frequency GPS for accurate route tracking.

4.5. Safety Features

The Pixel Watch 4 includes advanced safety features for your peace of mind. Loss of Pulse Detection can identify a loss of pulse event and automatically contact emergency services. In remote locations without cellular service, the watch can connect to emergency services via geostationary satellites.

5. MAINTENANCE

5.1. Water Resistance

The Google Pixel Watch 4 has a water resistance rating of up to 50 meters. This means it is suitable for shallow-water activities like swimming in a pool or ocean. However, it is not recommended for scuba diving, waterskiing, or other activities involving high-velocity water or submersion below shallow depth. Avoid exposing the watch to soap, shampoo, conditioner, lotion, or perfume, as these can negatively affect water seals and acoustic membranes.

5.2. Cleaning Instructions

To keep your watch clean and functioning optimally, regularly wipe the watch case and band with a soft, lint-free cloth. If necessary, dampen the cloth with fresh water. Avoid using harsh chemicals or abrasive materials.

5.3. User-Serviceable Battery

The Google Pixel Watch 4 is designed with user-serviceable components, including the battery. This allows for individual component repair or replacement if needed, extending the lifespan of your device. For detailed instructions on battery replacement, refer to official Google support resources or authorized service centers.

6. TROUBLESHOOTING

If you encounter issues with your Google Pixel Watch 4, try the following common troubleshooting steps:

- **Connectivity Issues:** Ensure Bluetooth is on and your watch is within range of your paired phone. For LTE models, verify your service plan is active.
- **Battery Drain:** Check for excessive app usage or background processes. Adjust display brightness and use Battery Saver mode when needed.
- **Display Unresponsive:** Restart the watch by holding down the side button until the Google logo appears.
- **Tracking Inaccuracies:** Ensure the watch is worn snugly on your wrist. Clean the sensors regularly.
- **Software Updates:** Regularly check for and install software updates through the Google Pixel Watch app to ensure optimal performance and access to the latest features.

For more detailed troubleshooting or persistent issues, visit the official Google support website or contact customer service.

7. SPECIFICATIONS

Feature	Detail
Model Number	GA10849-US
Screen Size	45 Millimeters
Shape	Round

8. WARRANTY AND SUPPORT

Your Google Pixel Watch 4 is covered by a manufacturer's warranty. For specific details regarding warranty coverage, duration, and terms, please refer to the warranty information included in your product packaging or visit the official Google support website. For technical assistance, troubleshooting, or service requests, please contact Google customer support or visit their online help center.

Additional protection plans are available for purchase, offering extended coverage beyond the standard manufacturer's warranty. These plans may include accidental damage protection and other benefits.

Please check with your retailer or Google for more information on available protection plans.
