2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always secure the nightstand to the wall using the anti-tip device provided in the package. This prevents accidental tipping, especially in households with children or pets.
- Do not place items exceeding the maximum static load capacity on the top surface (110 lb / 49.9 kg) or in each drawer (20 lb / 9.1 kg).
- Exercise caution during assembly to avoid pinch points and ensure all fasteners are securely tightened.
- Ensure the power cord for the charging station is routed safely and not pinched or exposed to excessive heat or moisture.
- Keep liquids away from the charging station to prevent electrical hazards.

3. PRODUCT FEATURES

The RALGEND Farmhouse Nightstand is equipped with several features designed for convenience and security:

- **Integrated Charging Station:** Features 2 AC outlets (125V/12A), 1 USB port (5V/2A), and 1 Type-C port (5V/2A) for convenient charging of electronic devices.

4. SETUP AND ASSEMBLY

The RALGEND Farmhouse Nightstand requires assembly. All necessary hardware and an illustrated manual are included in the package. Follow the steps below for a smooth assembly process.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all numbered parts and hardware listed in the included manual are present.
2. **Identify Parts:** Refer to the assembly manual to identify each component. Parts are typically labeled with numbers or letters.
3. **Follow Illustrated Steps:** Assemble the nightstand by following the step-by-step illustrations in the provided assembly manual. Ensure all screws and connectors are tightened securely.
4. **Install Anti-Tip Device:** Once assembled, attach the anti-tip device to the back of the nightstand and secure it to a wall stud according to the instructions. This is a critical safety step.
5. **Connect Power:** Plug the nightstand's power cord into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

5.1. Using the Charging Station

- Ensure the nightstand's power cord is securely plugged into a functional wall outlet.
- Connect your devices to the available 2 AC outlets, 1 USB port, or 1 Type-C port.
- The charging station is always active when the nightstand is plugged in.

5.2. Operating the LED Light

- The LED light strip is located within the open storage compartment.
- Use the provided remote control to turn the LED light on/off, change colors (20 options), adjust brightness (8 levels), and select from various modes (21 options).
- Point the remote control directly at the LED receiver for optimal response.

5.3. Accessing the Hidden Sliding Drawer

- The hidden drawer is located beneath the top surface of the nightstand.
- Gently slide the top panel to reveal the concealed compartment.
- To close, slide the panel back until it is flush with the top surface.

6. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If needed, a small amount of silicone lubricant can be applied.
- **Electrical Components:** Ensure the charging station and LED light components are free from dust and debris. Do not attempt to disassemble or repair electrical parts yourself.

7. TROUBLESHOOTING

- **Charging Station Not Working:**
 - Ensure the nightstand's main power cord is securely plugged into a functional wall outlet.
 - Check if the wall outlet itself is working by plugging in another device.
 - Verify that your device's charging cable is properly connected to the nightstand's ports.
- **LED Light Not Responding:**
 - Check the remote control's battery and replace if necessary.
 - Ensure there are no obstructions between the remote and the LED receiver.
 - Confirm the nightstand is plugged into power.
- **Drawers Sticking:**
 - Ensure drawers are not overloaded.
 - Check for any foreign objects obstructing the drawer slides.
 - Refer to the maintenance section for lubricating drawer slides if needed.
