Feonase FEO737E1

Feonase Upholstered Full Size Bed Frame Instruction Manual

Model: FEO737E1

Introduction

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Feonase Upholstered Full Size Bed Frame. Designed for comfort and functionality, this bed frame features a tufted wingback headboard, four integrated storage drawers, and a convenient charging station. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Important Safety Information

- Always assemble the bed frame carefully to avoid injury.
- Do not exceed the maximum weight limit of 1000 pounds.
- Regularly check and maintain the bed to prevent squeaking or creaking noises.
- Ensure all connections are secure before use.

Setup and Assembly

The Feonase bed frame is designed for easy assembly, requiring no special tools. It is recommended to have two people for assembly to ensure stability and ease of handling components.

Assembly Steps Overview:

1. Unpack all components and verify against the included parts list.
2. Assemble the headboard and footboard sections.
3. Attach the side rails to the headboard and footboard.
4. Install the solid wooden slats into the frame. The sheathes on each end of the wooden slats simplify installation.
5. Insert the four sturdy wire storage drawers into their designated positions under the bed.
6. Connect the power cable for the charging station to a wall outlet.

Assembly Tips:

- Lay out all parts on a soft, clean surface to prevent scratches.
- Refer to the detailed diagrams in the included manual for correct orientation of parts.
- The EVA silent strip between the bed and the iron frame helps reduce frictional noise. Ensure it is properly placed during assembly.

Operating Instructions

Storage Drawers:

The bed frame includes four sturdy wire drawers designed for under-bed storage. These drawers feature smooth wheels for easy access and a built-in lock mechanism to keep them securely in place.

- To open: Gently pull the drawer outwards.
- To close and lock: Push the drawer fully inwards until the lock engages. Ensure the drawer is properly aligned for smooth operation.

Charging Station:

The integrated PD charging station in the headboard provides convenient power access for your electronic devices.

- The charging station includes two standard power outlets, one Type-C USB port, and one standard USB port.
- Plug your devices directly into the appropriate ports for quick charging.
- Ensure the bed frame's power cable is securely connected to a functional wall outlet for the charging station to operate.

Maintenance

- **Cleaning:** The upholstered headboard and frame should be dry cleaned only. Avoid using liquid cleaners or abrasive materials.
- **Structural Check:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Tighten any loose fasteners to maintain the bed frame's stability and prevent noise.
- **Drawer Maintenance:** Keep the area under the bed clear to allow the storage drawers to slide smoothly. Clean any debris from the wheels as needed.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is squeaking or creaking.	Loose connections or improper placement of EVA silent strips.	Tighten all bolts and screws. Ensure the EVA silent strips are correctly positioned between the slats and the metal frame.
Storage drawers are difficult to open/close or do not align properly.	Obstruction under the bed, misaligned drawer, or issue with the lock mechanism.	Clear any items obstructing the drawers. Gently adjust the drawer's position to align with the frame. Ensure the lock mechanism is not jammed.
Charging station is not working.	Power cable is not connected or loose.	Verify that the bed frame's power cable is securely plugged into a functional wall outlet. Check device cables for damage.
Bed frame feels unstable.	Loose fasteners or uneven floor surface.	Retighten all assembly hardware. If the floor is uneven, consider using furniture levelers under the bed legs.

Product Specifications

Feature	Detail
Brand	Feonase
Model Number	FEO737E1
Size	Full
Product Dimensions	81"L x 57"W x 46"H
