Belkin WIZ036kqBK

Belkin 3-in-1 Qi2 Magnetic Wireless Charger

Model: WIZ036kqBK

Introduction

Thank you for choosing the Belkin 3-in-1 Qi2 Magnetic Wireless Charger. This device is designed to provide fast and efficient wireless charging for your iPhone, Apple Watch, and AirPods simultaneously. Featuring the latest Qi2 technology and MagSafe compatibility, it offers a convenient and clutter-free charging experience.

Package Contents

- Belkin UltraCharge 3-in-1 Convertible Magnetic Charging Station
- 45W USB-C Power Adapter
- 1.5m USB-C to USB-C Cable

Setup Instructions

1. **Unpack the Charger:** Carefully remove all components from the packaging.
2. **Connect Power Adapter:** Plug the 45W USB-C Power Adapter into a wall outlet.
3. **Connect Charging Cable:** Connect one end of the provided 1.5m USB-C to USB-C cable to the power adapter and the other end to the USB-C port on the Belkin 3-in-1 charging station.
4. **Placement:** Place the charging station on a flat, stable surface. Ensure there is adequate ventilation around the device.

The charger is now ready for use.

Operating Instructions

Charging Your iPhone (Qi2/MagSafe Compatible)

This charger supports fast wireless charging up to 25W for Qi2-compatible iPhones and devices. It is also MagSafe-compatible.

1. **Positioning:** Place your iPhone onto the magnetic charging pad. The magnetic alignment will securely hold your phone in the correct position for optimal charging.
2. **Charging Status:** Your iPhone's screen will indicate that charging has begun. The charger supports iPhone StandBy mode for smart use while charging.
3. **Case Compatibility:** The charger supports charging through MagSafe-compatible cases up to 3mm thick.

Charging Your Apple Watch

The charger features an integrated MFi-certified Apple Watch charging module.

1. **Positioning:** Place your Apple Watch onto the dedicated charging puck.
2. **Charging Status:** Your Apple Watch will display its charging status. Fast charging is supported for Apple Watch Series 7 and newer.

Charging Your AirPods

The base of the charging station includes a wireless charging pad for your AirPods.

1. **Positioning:** Place your AirPods (with wireless charging case) onto the flat charging area at the base.
2. **Charging Status:** The LED indicator on your AirPods case will show the charging status.

Adjustable and Portable Design

The charging station is designed to be foldable for easy transport. It can also charge your iPhone when fully folded. The stand is tiltable up to 65 degrees, supporting both landscape and portrait orientations for your iPhone.

Image: The charger shown in its compact, folded form and its upright, adjustable configuration, highlighting its travel-friendly design.

Maintenance

- **Cleaning:** Disconnect the charger from power before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the charger in a cool, dry place. Its foldable design makes it easy to store or transport.
- **Avoid Liquids:** Keep the charger away from water and other liquids.

Troubleshooting

- **Device Not Charging:**
  - Ensure the power adapter is securely plugged into a working wall outlet.
  - Verify the USB-C cable is firmly connected to both the adapter and the charging station.
  - Reposition your device on the charging pad to ensure proper magnetic alignment.
  - Remove any non-MagSafe compatible cases or cases thicker than 3mm.
  - Check if your device is Qi2/MagSafe compatible.
- **Slow Charging:**
  - Ensure you are using the provided 45W power adapter and cable.
  - Close unnecessary background applications on your device.
  - Environmental factors can affect charging speed. Ensure the charger is not in an excessively hot environment.
- **Overheating:**
  - The charger features Belkin SmartProtect and ChillBoost passive cooling for safe operation. If excessive heat is detected, charging may temporarily pause.
  - Ensure no foreign objects are on the charging surface.

- If overheating persists, disconnect the charger and contact support.

Specifications

Feature	Detail
Model Number	WIZ036kqBK
Brand	Belkin
Connector Type	USB Type C
Compatible Devices	iPhone 12 series and newer (up to iPhone 17 Pro Max), Apple Watch SE/Ultra/Series 4-11, AirPods Pro 1/2, AirPods 3/4 (MagSafe/ANC)
Special Features	Wireless Charging, MagSafe-compatible, Qi2.2 25W, Ultra-Fast Charging
Input Voltage	15 Volt
Amperage	2 Ampere
Wattage	25 Watt
Output Current	2 Ampere
Output Voltage	5 Volt
Power Source	Corded Electric
Portable	Yes
Plug Type	Type C/EF - 2-pin (Europlug/FR-DE hybrid)
Wireless Charging Standard	Qi
Power	DC
Wired Charging Connector Type	USB Type C
Connectivity Technology	USB-C
Material	Soft-touch silicone
Weight	190 Grams
