Garvee CH8008

Garvee Power Lift Recliner Chair Model CH8008 User Manual

Model: CH8008 | Brand: Garvee

1. Introduction

Thank you for choosing the Garvee Power Lift Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read it thoroughly before use and retain it for future reference.

This power lift recliner is designed to provide comfort and assistance, featuring power lift, recline, heat, and massage functions, controlled by an easy-to-use remote.

2. Safety Instructions

To ensure safe operation and prevent injury or damage, please adhere to the following safety guidelines:

- Do not exceed the maximum weight capacity of 400 lbs.
- Keep children and pets away from the chair's moving parts.
- Ensure the power cord is not pinched or damaged. Do not operate the chair if the cord or plug is damaged.
- Unplug the chair from the power outlet before cleaning or performing any maintenance.
- Do not place hands or feet near the mechanism when operating the chair.
- Avoid spilling liquids on the chair, especially near electrical components.
- Regularly inspect electrical components and upholstery for signs of wear or damage.
- Use the chair only for its intended purpose as a recliner.

3. Package Contents

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Recliner Base
- Backrest
- Armrests (Left and Right)
- Remote Control
- Power Adapter and Cable
- Assembly Instructions

Image: The Garvee Power Lift Recliner Chair packaged in a single box, indicating minimal assembly required.

4. Assembly Instructions

Assembly instructions are included with your product. Please follow the detailed steps provided in the separate assembly guide for proper setup. Generally, assembly involves connecting the backrest to the base, attaching armrests, and connecting the power supply.

Ensure all connections are secure before plugging in the chair.

5. Operating Instructions

Your Garvee Power Lift Recliner is operated using the included remote control. Familiarize yourself with the remote's buttons before use.

5.1. Power Lift Function

To activate the power lift function, press and hold the designated lift button on the remote control. The chair will slowly tilt forward and lift, assisting you to a standing position. Release the button to stop at your desired height.

Image: The recliner in a lifted position, demonstrating its assistance for standing.

5.2. Recline Function

To recline, press and hold the recline button on the remote. The backrest will lean back, and the footrest will extend. Release the button to stop at any desired reclining angle. The chair offers multiple reclining positions for various activities like watching, reading, or full relaxation.

5.3. Heat and Massage Functions

The remote control also manages the heat and massage features. Use the dedicated buttons to activate and adjust these functions.

- **Heat:** Activate heat for two lumbar areas.
- **Massage Modes:** Select from 5 different massage modes.
- **Vibration Points:** Enjoy massage from 8 vibration points.
- **Timing Function:** Set a timer for massage sessions.

6. Maintenance and Care

Proper maintenance ensures the longevity and performance of your recliner.

- **Cleaning:** The faux PU leather is easy to clean. Wipe clean with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Regularly inspect all electrical components, cords, and upholstery for any signs of wear, fraying, or damage. If damage is found, discontinue use and contact customer support.
- **Mechanism:** Keep the reclining mechanism free from obstructions. Do not lubricate the mechanism unless

specifically instructed by the manufacturer.

7. Troubleshooting

If you encounter issues with your recliner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Chair does not power on.	Power cord unplugged, outlet not working, or power adapter issue.	Check if the power cord is securely plugged into both the chair and a working wall outlet. Test the outlet with another device.
Remote control not responding.	Loose connection or remote malfunction.	Ensure the remote control cable is securely connected to the chair. If the issue persists, contact customer support.
Lift or recline mechanism not moving smoothly.	Obstruction, loose connection, or motor issue.	Check for any objects obstructing the mechanism. Ensure all assembly connections are tight. If the problem continues, contact customer support.
Heat or massage not working.	Loose connection or internal component issue.	Verify all power connections. If other functions work but heat/massage do not, contact customer support.
