DG Casa Wesley King Size Bed Frame - Walnut Finish User Manual

Model: 190850-K-WNT | Brand: DG Casa

1. INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your DG Casa Wesley King Size Bed Frame. Crafted from solid wood with a walnut finish, this platform bed features a spindle headboard and footboard, designed for durability and style. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Do not exceed a weight capacity of 900 lbs.
- Be cautious of sharp edges during assembly and use.
- Ensure adequate space for assembly of this King Size bed frame.
- Keep all hardware out of reach of children.
- Periodically check and tighten all connections to ensure stability.

2. PARTS LIST

Before assembly, verify that all components are present and undamaged. A complete parts list and hardware kit are included in the product packaging. Typically, the following main components are included:

- Headboard (1)
- Footboard (1)
- Side Rails (2)
- Wooden Slats (Quantity as specified in packaging)
- Center Support Legs (Quantity as specified in packaging)
- Assembly Hardware (Bolts, Washers, Allen Wrench, etc.)

3. SETUP AND ASSEMBLY

Assembly of the DG Casa Wesley King Size Bed Frame is designed to be straightforward. It is recommended to assemble the bed with two people. Ensure you have ample space and all tools provided (typically an Allen wrench).

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Attach Side Rails to Headboard:** Connect the two side rails to the headboard using the provided bolts and washers. Do not fully tighten bolts until all major components are connected.
3. **Attach Side Rails to Footboard:** Connect the other ends of the side rails to the footboard. Ensure all connections are secure and aligned.
4. **Tighten All Bolts:** Once the main frame (headboard, footboard, side rails) is assembled, carefully tighten all bolts using the provided Allen wrench. Do not overtighten.
5. **Install Center Support Legs:** Attach any required center support legs to the crossbeams or central support rail, if applicable. Adjust them to ensure they firmly touch the floor.
6. **Place Wooden Slats:** Lay the wooden slats across the side rails. Secure them in place according to the instructions in your package (e.g., using pre-drilled holes or Velcro strips). Ensure slats are evenly spaced for optimal mattress support.

simple assembly

NO BOX SPRING NEEDED

4. OPERATING AND USAGE

Your DG Casa Wesley King Size Bed Frame is designed for optimal comfort and support without the need for a box spring.

- **Mattress Placement:** Place your King size mattress directly onto the wooden slats. The integrated slat system provides sufficient support.
- **Recommended Mattress Thickness:** A mattress thickness of approximately 10 inches is recommended for optimal aesthetic and functional balance with the headboard and footboard height.
- **Weight Capacity:** The bed frame has a maximum weight capacity of 900 pounds, including the mattress and occupants. Do not exceed this limit.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your bed frame.

- **Cleaning:** Spot clean with a dry cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth.
- **Avoid Abrasive Cleaners:** Do not use harsh chemicals or abrasive cleaners, as these can damage the walnut finish.
- **Sunlight Exposure:** Avoid direct sunlight exposure for prolonged periods to prevent fading or discoloration of the wood finish.
- **Regular Checks:** Periodically inspect all bolts and connections and tighten them if necessary to maintain structural integrity.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, please refer to the following common solutions:

- **Squeaking Noises:**
 - Ensure all bolts are securely tightened. Loose connections are a common cause of squeaking.
 - Check that all wooden slats are properly seated and not rubbing against each other or the side rails.
 - Verify that center support legs (if applicable) are firmly on the floor and evenly supporting the frame.
- **Instability/Wobbling:**
 - Re-tighten all assembly hardware.
 - Ensure the bed frame is on a level surface.
- **Missing Parts:** If any parts are missing upon unboxing, contact DG Casa customer support immediately.

For issues not covered here, please contact DG Casa customer support for assistance.

7. SPECIFICATIONS

Model Number	190850-K-WNT
Brand	DG Casa
Size	King
Material	Solid Wood
Color	Walnut
Product Dimensions (L x W x H)	85.2" x 79.9" x 45.3"
Item Weight	103.6 Pounds
Maximum Weight Recommendation	900 Pounds
