SETUP AND ASSEMBLY

Your ONEMMLION sectional is designed for straightforward assembly. All necessary tools and clear instructions are included. The product ships in multiple packages, which may arrive separately.

Unboxing and Component Identification

1. Carefully open all packages and remove components. Ensure all parts are present according to the packing list.
2. Identify each modular section: armrests, seat bases, backrests, and ottoman.

Assembly Steps

1. Position the modular seat bases in your desired U-shaped configuration.
2. Attach the backrests to the corresponding seat bases using the provided hardware.
3. Secure the armrests to the outer modular sections.
4. Connect the modular sections using the integrated connectors to prevent shifting.
5. Place the ottoman in its desired position, either as an extension of a chaise lounge or as a standalone piece.

Cushion Preparation

After unboxing, gently fluff all cushions to help them regain their full shape. Full plumpness is typically restored within 72 hours. The cushions feature a dual-layer design with high-resiliency foam and pocket springs for optimal comfort and support.

MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your ONEMMLION sectional.

General Care for Chenille Fabric

- **Regular Vacuuming:** Gently vacuum the fabric regularly using an upholstery attachment to remove dust and debris.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sectional away from direct sun or use curtains/blinds.
- **Rotate Cushions:** Periodically rotate and flip seat and back cushions to ensure even wear and maintain their shape.

Cleaning Instructions

- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- **Mild Detergent:** For tougher stains, use a mild, water-free cleaning solvent or a foam upholstery cleaner. Test on an inconspicuous area first.
- **Removable Covers:** The back cushion covers are removable. Refer to the care tag on the cushion for specific washing instructions.

TROUBLESHOOTING

This section addresses common concerns you might encounter with your sectional.

- **Cushions Not Fully Plump:** After unboxing, cushions may appear compressed. Allow up to 72 hours for them to fully expand and regain their shape. Gentle fluffing can accelerate this process.
- **Sections Shifting:** Ensure all modular sections are securely connected using the integrated locking mechanisms. If the sectional is not against a wall, consider placing a non-slip rug pad underneath.
- **Uneven Legs:** If the sectional appears wobbly, check that all legs are properly tightened and making full contact with the floor. Adjust as necessary.
