- **Storage:** Store the assembled model or individual blocks in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model with care, especially articulated parts, to avoid accidental breakage.

7. TROUBLESHOOTING

If you encounter any issues during assembly or with the product, consider the following:

- **Missing Pieces:** Double-check the packaging and surrounding area. If a piece is genuinely missing, contact customer support with the part number (if available) and your purchase details.
