DERCASS Queen Murphy Bed with Slats Instruction Manual

Model: LP000664

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your DERCASS Queen Murphy Bed with Slats. Please read all instructions carefully before beginning assembly and retain this manual for future reference. Proper assembly and use are essential for safety and product longevity.

2. SAFETY INFORMATION

- Read and understand all instructions before assembling and using the bed.
- Ensure all parts are securely fastened according to the assembly instructions. Loose parts can cause injury or damage.
- Do not exceed the maximum weight capacity of 600 lbs for the bed.
- Keep children and pets away from the assembly area during installation.
- The Murphy bed must be securely anchored to a wall stud. Professional installation is recommended for wall mounting to ensure stability and safety.
- Use only the recommended mattress thickness of 6-8 inches.
- Exercise caution when opening and closing the bed to prevent pinching or injury.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. The package typically includes:

- Bed Frame components
- Cabinet Boards (Plywood + MDF)
- Hardware (screws, bolts, connectors, wall anchoring kit)
- Flexible Slats for mattress support
- Dual piston metal folding mechanism
- Support Leg(s)
- Assembly Tools (basic tools provided)

The product is shipped in 3 packages. Refer to the detailed parts list in the separate installation manual for specific component identification.

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required. Follow the step-by-step instructions provided in the separate installation manual included with your product. Ensure you have adequate space and assistance for assembly.

Key Assembly Steps:

1. **Unpack and Organize:** Carefully unpack all components and lay them out. Identify each part using the provided parts list.
2. **Assemble Cabinet Frame:** Construct the main cabinet structure using the plywood and MDF boards.
3. **Install Folding Mechanism:** Attach the dual piston metal folding mechanism to the cabinet frame. Ensure correct orientation and secure fastening.
4. **Assemble Bed Frame:** Construct the bed frame, including the slat supports.
5. **Attach Bed Frame to Mechanism:** Connect the assembled bed frame to the folding mechanism within the cabinet.
6. **Install Support Legs:** Attach the foldable support legs to the bed frame.
7. **Wall Anchoring:** This is a critical safety step. Securely anchor the entire unit to a wall stud using the provided wall anchoring kit. Failure to do so can result in serious injury.
8. **Insert Slats:** Place the flexible slats into the bed frame for mattress support.

5. OPERATING INSTRUCTIONS

The DERCASS Murphy Bed is designed for easy operation, allowing you to convert your space efficiently.

To Open the Bed:

1. Ensure the area in front of the cabinet is clear of obstructions.
2. Grasp the handles located on the front panel of the cabinet.
3. Gently pull the bed frame downwards. The dual piston mechanism will assist in a smooth descent.
4. As the bed lowers, flip the support leg(s) down onto the floor to provide stable support.
5. Once fully extended and supported, the bed is ready for use.

To Close the Bed:

1. Remove any bedding or items from the bed surface.

2. Fold the support leg(s) back into their stored position.
3. Grasp the handles and gently lift the bed frame upwards. The piston mechanism will assist in lifting the bed.
4. Continue lifting until the bed frame is fully vertical and securely latched into the cabinet.

6. MAINTENANCE

Regular maintenance will help ensure the longevity and safe operation of your Murphy bed.

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Fastener Check:** Periodically inspect all screws, bolts, and connections to ensure they remain tight. Retighten as necessary.
- **Mechanism Inspection:** Regularly check the dual piston folding mechanism for any signs of wear or damage. Ensure it operates smoothly. Do not attempt to lubricate unless specifically instructed by the manufacturer.
- **Wall Anchoring:** Verify that the wall anchoring system remains secure and that the bed is firmly attached to the wall.

7. TROUBLESHOOTING

If you encounter any issues with your DERCASS Murphy Bed, refer to the following common troubleshooting tips:

- **Bed does not open or close smoothly:**
 - Check for any obstructions around or under the bed frame.
 - Ensure all assembly hardware is properly tightened.
 - Verify that the piston mechanism is correctly installed and not damaged.
- **Bed feels unstable when open:**
 - Confirm that the support leg(s) are fully extended and locked into place.
 - Re-check the wall anchoring to ensure the unit is securely fastened to a wall stud.
 - Ensure all bed frame connections are tight.
- **Noise during operation:**
 - Inspect for any loose hardware and tighten as needed.
 - Ensure the bed frame is not rubbing against the cabinet during movement.

If these steps do not resolve the issue, please contact DERCASS customer support for further assistance.
