Setup

- 1. Power On:** Locate the ON/OFF switch on the headset. Slide the switch to the "ON" position. A blue indicator light will illuminate, indicating the headset is powered on.
- 2. Pairing (Wireless):**
 - **Using USB Dongle:** Insert the provided USB dongle into an available USB port on your PC/Laptop. The headset should automatically pair with the dongle. The indicator light will show a steady blue when connected.
 - **Using Bluetooth (Direct):** If your device has built-in Bluetooth, slide the ON/OFF switch to the pairing position (usually indicated by a Bluetooth symbol or a flashing blue/red light). Go to your device's Bluetooth settings and select "Earbay KSG-CA-BT162S-H-D-2025" from the list of available devices.
- 3. Wired Connection:** For a wired connection, use a compatible TYPE-C cable to connect the headset directly to your device.

4. **Adjust Microphone:** The boom microphone is 270° rotatable. Adjust it to your preferred angle for optimal voice pickup.
5. **Adjust Headband:** Extend or retract the adjustable headband to ensure a comfortable and secure fit on your head.

Operating Instructions

- **Volume Control:** Use the volume buttons located on the headset to increase or decrease the audio volume.
- **Microphone Mute:** Press the dedicated mute button on the microphone boom to mute or unmute your voice. A mute indicator light will show the microphone status.
- **Call/End Button:** Use the Call/End button to answer incoming calls or end active calls.
- **Play/Pause:** Press the multi-function button (often the main button on the earcup) to play or pause audio playback.
- **Track Navigation:** Depending on the model, holding the volume up/down buttons may allow you to skip to the next/previous track.

Charging

The Earbay Wireless Headset is equipped with a Lithium Ion battery, providing up to 40 hours of average battery life on a 2-hour charge.

- Connect the provided USB-C charging cable to the headset's TYPE-C port and plug the other end into a USB power source (e.g., computer USB port, wall adapter).
- The indicator light will show charging status (e.g., red for charging, blue for fully charged).

Maintenance

- Clean the headset regularly with a soft, dry cloth.
- Avoid exposing the headset to extreme temperatures, moisture, or direct sunlight.
- Do not attempt to disassemble or repair the headset yourself.
- Store the headset in a safe place when not in use to prevent damage.

Troubleshooting

- **No Sound:**

- Ensure the headset is powered on and properly paired/connected to your device.
- Check the volume levels on both the headset and your connected device.
- Verify that the correct audio output device is selected in your device's sound settings.

- **Microphone Not Working:**

- Ensure the microphone is not muted (check the mute indicator light).
- Confirm that the headset microphone is selected as the input device in your application's audio settings.
- Check the microphone's physical connection if it's detachable.

- **Cannot Pair:**

- Ensure the headset is in pairing mode (flashing indicator light).
- Turn off and on your device's Bluetooth, then try pairing again.
- Move the headset closer to your device (within 15 meters).
