## 4. SETUP

### 4.1 App Download and Installation

The MINISO MS193 earbuds require the companion application, **EarJoy**, for full functionality, especially for translation features. The app is available for free download without subscription.

1. Scan the QR code provided in the product packaging or search for "AurallIntelli" (or "EarJoy" if AurallIntelli is not found) in your device's app store (App Store for iOS, Google Play Store for Android).
2. Download and install the application.

# APP downloaden

Sprachfehler mit künstlicher Intelligenz sind nur für die APP erlaubt

01

Laden Sie die App, "EarJoy" herunter.

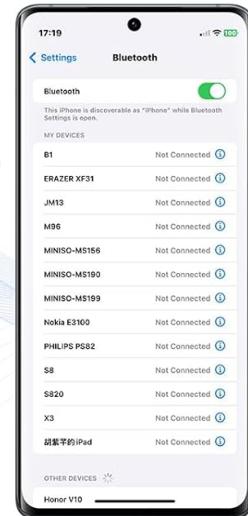

02

Melden Sie sich in der App an.

03

Nehmen Sie die Kopfhörer heraus und verbinden Sie sie mit Ihrem Gerät.

04

Rufen Sie die App auf und verbinden Sie sie per Bluetooth.

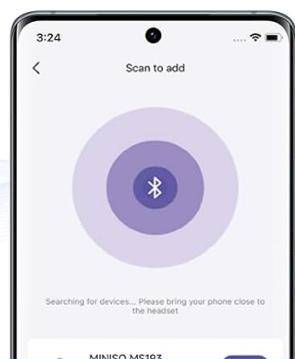

Image 4.1: Visual guide for downloading and connecting the companion application.

## 4.2 Bluetooth Connection

To connect your earbuds to your smartphone:

1. Ensure your earbuds are charged and removed from the charging case.
2. Enable Bluetooth on your smartphone.
3. Open the **EarJoy** (or AurallIntelli) app.
4. In the app, navigate to the device connection section and select "Add New Device" or similar option.
5. Locate "MINISO-MS193" or "NE40" in the list of available Bluetooth devices and tap to connect.
6. Once connected, the app will display the device status.

Your browser does not support the video tag.

**Video 4.1:** This video demonstrates the process of downloading the companion application and connecting the NE40 earbuds via Bluetooth to a smartphone. It shows scanning a QR code, searching the App Store for "AurallIntelli", installing the app, and then pairing the earbuds by selecting "NE40" from the Bluetooth device list within the app.

## 5. OPERATING INSTRUCTIONS

The MINISO MS193 offers various modes for translation and audio use:

## 5.1 Translation Modes

- **Hands-Free Mode:** For real-time conversation flow.
- **Touch Control Mode:** Operate translation with a single earbud.
- **Photo Translation:** Capture text with your phone camera for instant translation.
- **AI Chat Assistant:** Engage in natural dialogue with an AI assistant.
- **Meeting Mode:** Facilitates multilingual group discussions.
- **Hybrid Mode:** Enjoy music and simultaneous translation.
- **Voice Notes:** Automatically transcribes memos.

**Image 5.2:** Overview of the different translation modes available with the earbuds.

Your browser does not support the video tag.

**Video 5.1:** This video showcases the real-time translation capabilities of the NE40 earbuds. It demonstrates a conversation being translated between English and Spanish, with the translated text appearing on both the smartphone app and the earbud's display.

Your browser does not support the video tag.

**Video 5.2:** This short preview video illustrates various use cases for the Olycism instant translator earbuds, including business meetings, air travel, shopping abroad, and photo translation. It highlights the ability to break language barriers in different scenarios.

## 5.2 General Use

- **Audio Playback:** Use the earbuds for listening to music or other audio content. Control playback via the charging case's LCD touch screen or your connected device.
- **HD Calls:** The earbuds provide clear audio for phone calls.
- **Voice Commands:** Utilize voice commands for various functions as supported by the app.

Image 5.3: The earbuds are suitable for diverse environments such as business meetings, travel, and personal use.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your MINISO MS193 earbuds:

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the earbuds in their charging case when not in use to protect them from dust and damage.
- **Charging:** Use the provided USB-C cable for charging. Avoid overcharging or using damaged cables.
- **Water Resistance:** The earbuds have an IPX5 rating, meaning they are resistant to splashes and sweat. Do not submerge them in water.

Image 6.1: The earbuds feature IPX5 water resistance, making them suitable for active use.

## 7. TROUBLESHOOTING

If you encounter issues with your MINISO MS193 earbuds, please refer to the following common solutions:

- **Connection Issues:** Ensure Bluetooth is enabled on your device and the earbuds are within range. Try unpairing and re-pairing the earbuds.
- **App Not Responding:** Close and restart the EarJoy (or AurallIntelli) app. Ensure the app is updated to the latest version.
- **Translation Inaccuracy:** Ensure a clear speaking environment and speak clearly. Check your internet connection if using online translation features.
- **Audio Problems:** Check the volume levels on both your earbuds and connected device. Ensure earbuds are properly seated in your ears.
- **Earbuds Lost:** Use the smart location management feature in the app to track their last known position.

For further assistance, please contact our support team via the companion application.
