DNYN Full Size

DNYN Full Size Upholstered Daybed with Trundle, LED & USB Ports

Model: Full Size | Brand: DNYN

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your DNYN Full Size Upholstered Daybed with Trundle. This daybed features integrated LED lighting and USB charging ports, designed for comfort and convenience. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

Important Safety Warnings:

- Exercise caution around slats during assembly and use to prevent injury.
- Do not exceed the weight capacity of 500 pounds for the upper bed.
- Do not exceed the weight capacity of 250 pounds for the trundle bed.
- Follow all assembly instructions carefully to prevent instability or collapse of the bed frame.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten fasteners as needed.
- Keep small parts away from children during assembly to avoid choking hazards.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Upholstered Headboard and Side Panels
- Bed Frame Rails
- Wooden Slats (for main bed and trundle)
- Trundle Bed Frame
- LED Light Strip and Power Adapter

- USB Charging Module
- Hardware Pack (screws, bolts, washers, Allen wrench)
- Assembly Instructions Manual (this document)

ASSEMBLY INSTRUCTIONS

It is recommended that two adults assemble this daybed. Clear a spacious area for assembly. Do not fully tighten all bolts until the entire frame is assembled.

Step 1: Unpack and Identify Components

Carefully unpack all parts from the boxes. Lay them out on a soft, clean surface to prevent scratches. Refer to the parts list to identify each component.

Step 2: Assemble the Main Bed Frame

1. Attach the side rails to the headboard and footboard using the provided bolts and washers. Ensure the upholstered sides face outwards.
2. Securely tighten all connections for the main frame.

Step 3: Install Bed Slats

1. Place the wooden slats across the bed frame supports.
2. Secure each slat to the frame using the provided screws. Ensure even spacing for optimal mattress support.

Step 4: Assemble the Trundle Bed

1. Assemble the trundle frame according to the specific instructions provided in the hardware pack.
2. Install the trundle slats in the same manner as the main bed slats.
3. Slide the assembled trundle bed under the main daybed frame.

SIZE: INCH

Step 5: Connect LED Lighting and USB Ports

1. Locate the LED light strip and USB module. These are typically pre-installed or designed for easy attachment to the headboard.
2. Connect the LED light strip to its power adapter.
3. Plug the USB module into a power source (if not integrated with the LED power).
4. Route cables neatly and secure them to prevent tripping hazards.

OPERATING INSTRUCTIONS

LED Lighting

The daybed features integrated LED lighting with 7 adjustable colors. A control button or remote (if included) is typically located on the headboard or connected via a cable. Press the button to cycle through colors or turn the lights on/off. Refer to the specific LED controller instructions for advanced features.

USB Charging Ports

Two USB charging ports are integrated into the headboard. Simply plug your USB charging cable into the port to charge compatible devices. Ensure the bed's power adapter is connected to a wall outlet for the USB ports to function.

Trundle Bed Operation

To use the trundle bed, gently pull it out from under the main daybed frame. To store, push it back into place until it is fully recessed under the main bed. Ensure no obstructions are in the way when extending or retracting the trundle.

MAINTENANCE

- **Cleaning:** For the upholstered surfaces, use a soft, damp cloth with a mild fabric cleaner. Test on an inconspicuous area first. Do not use harsh chemicals or abrasive cleaners.
- **Dusting:** Regularly dust the bed frame with a soft, dry cloth.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Slats:** Inspect wooden slats for any signs of damage or cracking. Replace damaged slats immediately to ensure proper mattress support.
- **Electrical Components:** Keep LED lights and USB ports dry. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--|--|---|
| Bed feels wobbly or unstable. | Loose bolts or screws. | Check and re-tighten all assembly hardware. |
| LED lights not working. | Power adapter not plugged in; loose connection; faulty LED strip. | Ensure power adapter is securely plugged into a wall outlet and the LED strip. Check for any visible damage to the strip or wiring. |
| USB ports not charging devices. | Bed's power adapter not plugged in; faulty USB module; device cable issue. | Verify the bed's power adapter is connected. Try a different USB cable or device to rule out cable/device issues. |
| Trundle is difficult to pull out or push in. | Obstruction; uneven floor; damaged wheels. | Check for any items blocking the trundle's path. Ensure the bed is on a level surface. Inspect trundle wheels for damage. |

SPECIFICATIONS

| | |
|-------------------------------|------------------------------------|
| Brand | DNYN |
| Model Number | Full Size |
| Size | Full |
