## KOMFOTT 10483-HU-KT

# KOMFOTT Full Floor House Bed Instruction Manual

Model: 10483-HU-KT

## 1. PRODUCT OVERVIEW

---

The KOMFOTT Full Floor House Bed is designed to provide a safe and engaging sleeping environment. This wooden bed frame features a unique house-shaped design, a low-to-ground profile for easy access, and a sturdy slat system that eliminates the need for a box spring.

Image 1.1: Fully assembled KOMFOTT Full Floor House Bed in a natural finish.

## Key Features:

- **House-Shaped Design:** Encourages creativity and can be decorated with various ornaments (not included).
- **Solid Wood Construction:** Crafted from solid pine and plywood for durability and stability.
- **No Box Spring Needed:** Features 7 plywood slats with a center support bar for direct mattress placement.
- **Low-to-Ground Design:** Ensures easy and safe access for children, promoting independence.
- **Supportive Headboard and Footboard:** Provides comfort and helps keep the mattress in place.

## 2. SAFETY INFORMATION

---

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury.

- Ensure all hardware is securely tightened before use. Periodically check and re-tighten fasteners.
- Do not allow children to hang or climb on the roof structure or any part of the bed frame, as this may cause

damage or injury.

- Place the bed on a flat, level surface.
- Keep small parts away from children during assembly to prevent choking hazards.
- Use only a full-size mattress with a maximum thickness of 6 inches (15 cm) to maintain the low-to-ground safety feature.

### 3. SETUP AND ASSEMBLY

---

Assembly of the KOMFOTT Full Floor House Bed is required. It is recommended to have two adults for assembly. Please ensure all parts are present before beginning.

#### Included Components:

- House Bed Frame components (headboard, footboard, side rails, roof beams, support legs, slats)
- Hardware pack (screws, bolts, Allen wrench, etc.)
- User Manual (this document)

#### Assembly Steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list provided in the separate assembly diagram (if applicable) to ensure nothing is missing or damaged.
2. **Assemble Headboard and Footboard:** Attach the vertical slats to the horizontal rails of the headboard and footboard sections using the provided hardware.
3. **Attach Side Rails:** Connect the assembled headboard and footboard sections using the long side rails. Ensure all connections are secure but do not fully tighten until the frame is squared.
4. **Install Center Support:** Place the center support bar and any additional support legs as indicated in the assembly instructions.
5. **Place Slats:** Lay the plywood slats across the bed frame, ensuring they are evenly spaced and secured to the side rails or support beams as per the instructions.
6. **Assemble Roof Structure:** Attach the roof beams to the top of the headboard and footboard posts, forming the house shape.
7. **Final Tightening:** Once the entire frame is assembled and aligned, fully tighten all screws and bolts.

Image 3.2: Illustration demonstrating that no box spring is needed, with a mattress placed directly on the slats.

## 4. OPERATING INSTRUCTIONS

---

The KOMFOTT Full Floor House Bed is designed for sleeping and imaginative play within its structure.

- **Mattress Placement:** Place a full-size mattress directly onto the provided plywood slats. A mattress thickness of approximately 6 inches (15 cm) is recommended for optimal use with the low-to-ground design.
- **Decoration:** The house-shaped frame can be customized with lightweight decorations such as fairy lights, fabric curtains, or flags. Ensure any decorations are securely attached and do not pose a strangulation or fire hazard. Ornaments are not included.

## 5. MAINTENANCE

---

Proper maintenance will extend the life and appearance of your KOMFOTT Full Floor House Bed.

- **Cleaning:** Wipe the wooden surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the wood finish.
- **Hardware Check:** Periodically inspect all screws, bolts, and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability and safety.
- **Environmental Conditions:** Avoid placing the bed in direct sunlight or near heat sources, which can cause wood to dry out, crack, or warp. Maintain a stable room temperature and humidity.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your KOMFOTT Full Floor House Bed, please refer to the following common solutions.

- **Wobbling or Instability:** Ensure all assembly hardware is fully tightened. Check that the bed is placed on a flat, even surface. If the issue persists, disassemble and reassemble, carefully following the instructions.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, do not proceed with assembly. Contact KOMFOTT customer support immediately for assistance.
- **Squeaking Noises:** Squeaking can often be resolved by re-tightening all hardware. If the noise continues, apply a small amount of paraffin wax or silicone spray to the joints where wood meets wood or wood meets metal.

## 7. SPECIFICATIONS

Feature	Specification
Brand	KOMFOTT
Model Number	10483-HU-KT
Size	Full
Color	Natural
