

Glocusent A102

Glocusent 12 LED Rechargeable Book Light User Manual

Model: A102 | Brand: Glocusent

1. INTRODUCTION

Thank you for choosing the Glocusent 12 LED Rechargeable Book Light, Model A102. This manual provides essential information for the safe and efficient operation of your device. Please read it thoroughly before use and retain it for future reference.

2. PRODUCT OVERVIEW & FEATURES

The Glocusent A102 book light is designed to provide optimal illumination for reading, featuring advanced LED technology and user-friendly controls.

- **Wider & More Even Illumination:** Equipped with a 150% larger lamp head and 12 upgraded LEDs, this light delivers broad, uniform lighting. A high Color Rendering Index (CRI ≥ 90) ensures natural color appearance. It is engineered to be free from harsh glare, dark spots, and flicker, promoting eye comfort.
- **Adjustable Brightness & Color Temperatures:** Offers 5 stepless brightness levels (3–60 lumens) and 5 color temperatures (1800K/2500K/3400K/4500K/6000K). The 1800K amber mode filters out 99.9% of blue light to protect eyes, while the 6000K crisp white light is suitable for detailed work.
- **Extended Battery Runtime:** Features a built-in 650mAh battery providing up to 100 hours of light on a single charge, allowing for prolonged use without frequent recharging. Four clear power indicators display the current battery level.
- **Durable & Ergonomic Design:** The 110° light angle minimizes light spill, ensuring private reading. Quiet buttons prevent disturbance. The lamp head can be adjusted 90° left/right and tilted 60° down for precise illumination. Constructed from strong ABS material with smooth hinges, the clip securely attaches to books of various thicknesses without causing damage. It can also function as

a mini desk lamp when freestanding.

- **Portable & User-Friendly:** Weighing only 1.8oz and folding down to 0.58 inches, it is highly portable for travel. The intuitive 3-button interface allows for quick adjustments, even in low light, and a smart memory function recalls your last settings.

3. WHAT'S IN THE BOX

Your Glocusent 12 LED Rechargeable Book Light package includes:

- 1x Bookmark Style Book Light (Model A102)
- 1x USB-C Charging Cable
- 1x Bookmark
- 1x User Manual

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Initial Charge:** Before first use, fully charge the book light using the provided USB-C cable. Connect the USB-C end to the light's charging port and the USB-A end to a compatible USB power adapter (not included). The 4 LED indicators will show charging progress and turn solid green when fully charged.
3. **Attach to Book:** Open the clip at the base of the light and slide it onto the cover or pages of your book. The clip is designed to hold securely without damaging the pages.
4. **Adjust Head:** Gently adjust the lamp head to direct light onto your reading area. The head can rotate 90° left/right and tilt 60° down.

5. OPERATING INSTRUCTIONS

The Glocusent A102 features an intuitive 3-button control panel for easy operation.

Image: Close-up of the Glocusent A102 Book Light's control panel, showing the Power, Brightness, and Color Temperature buttons.

- **Power On/Off:** Press the **Power Button** (top button) once to turn the light on or off.
- **Adjust Brightness:** Press the **Brightness Button** (middle button) to cycle through the 5 stepless brightness levels (3-60 lumens). The light will remember your last brightness setting.
- **Change Color Temperature:** Press the **Color Temperature Button** (bottom button) to switch between the 5 color modes (1800K, 2500K, 3400K, 4500K, 6000K). The light will remember your last color temperature setting.
- **Head Adjustment:** The lamp head can be manually rotated 90° left or right and tilted 60° down to precisely position the light over your reading material.

6. CHARGING

To charge your Glocusent A102 Book Light:

1. Locate the USB-C charging port on the side of the device.
2. Connect the provided USB-C charging cable to the port.
3. Plug the USB-A end of the cable into a compatible USB power source (e.g., wall adapter, computer USB port, power bank).
4. The 4 LED indicators on the device will illuminate to show charging status. They will progressively light up and turn solid green when charging is complete.

A full charge provides up to 100 hours of light, depending on the brightness and color settings used.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the book light. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the book light in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the device frequently. Charge it regularly, even if not in constant use.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Low or no battery charge.	Charge the book light fully.
Light flickers or is dim.	Low battery.	Recharge the device.
Buttons are unresponsive.	Temporary software glitch.	Turn the device off and on again. If the issue persists, contact customer support.
Light does not clip securely.	Incorrect positioning or book thickness.	Ensure the clip is fully open and positioned correctly on the book. Avoid excessively thick books.
