AERZY HQ-JS2326

AERZY 5Gal Smart Humidifier Instruction Manual

Model: HQ-JS2326

1. Introduction and Overview

The AERZY 5-gallon smart humidifier is designed to provide optimal humidity for large rooms up to 2800 sq. ft. It features advanced triple-core atomization technology, delivering an impressive 1000mL/H mist output. The large tank ensures up to 60 hours of continuous operation, offering non-stop comfort and relief from dry air. This humidifier is equipped with smart controls, an auto-rotating nozzle, and customizable settings to enhance your indoor environment.

Figure 1: The AERZY Smart Home Humidifier in a modern living room, showcasing its large capacity and powerful performance.

Key features include smart APP and remote control, a 180° auto-rotating spray pipe for even mist distribution, 6 mist levels, a 40-90% RH auto humidistat, a 24-hour timer, and a quiet sleep mode. It also incorporates an aroma pad tray and 7-color ambient light for enhanced relaxation. The humidifier is designed for effortless mobility with its upgraded 6-wheel system and built-in handles.

2. Setup

2.1 Unboxing and Assembly

Carefully remove all components from the packaging. The humidifier consists of a base unit, a top control panel, and an extended spray pipe. Assemble the spray pipe by securely attaching its sections. Place the top control panel onto the base unit, ensuring it is properly aligned and seated.

2.2 Filling the Water Tank

The humidifier features a convenient top-fill design. Remove the top cover to access the water tank. Fill the tank with clean, distilled water up to the 'MAX' line indicated on the side. The large 5-gallon tank minimizes the frequency of refills.

Figure 3: Visual guide for easy top-filling and disassembly for cleaning of the humidifier.

Do not add essential oils directly into the water tank, as this may cause damage. Use the dedicated aroma pad tray for essential oils.

3. Operating Instructions

3.1 Control Panel and Remote

The humidifier can be operated via its intuitive touch control panel or the included remote control. The control panel displays current humidity and temperature, along with various settings. The remote allows convenient adjustment of settings from up to 20 feet away.

Figure 4: Remote and app control options for the AERZY Smart Humidifier, offering convenient management of settings.

Available settings include: 6 mist levels, 40-90% RH Auto Humidistat, 24-hour timer, and sleep mode. The unique 18-inch extended spray pipe features 180° automatic rotation to distribute mist evenly, preventing concentrated moisture.

Figure 5: The 180° auto-rotating spray nozzle ensures even mist distribution throughout the room.

3.2 Mist Levels and Modes

Choose from 6 mist levels to achieve your desired humidity. Activate the Auto Humidistat to automatically maintain

humidity levels between 40-90% RH. Sleep mode silences operation and turns off all lights for an undisturbed night.

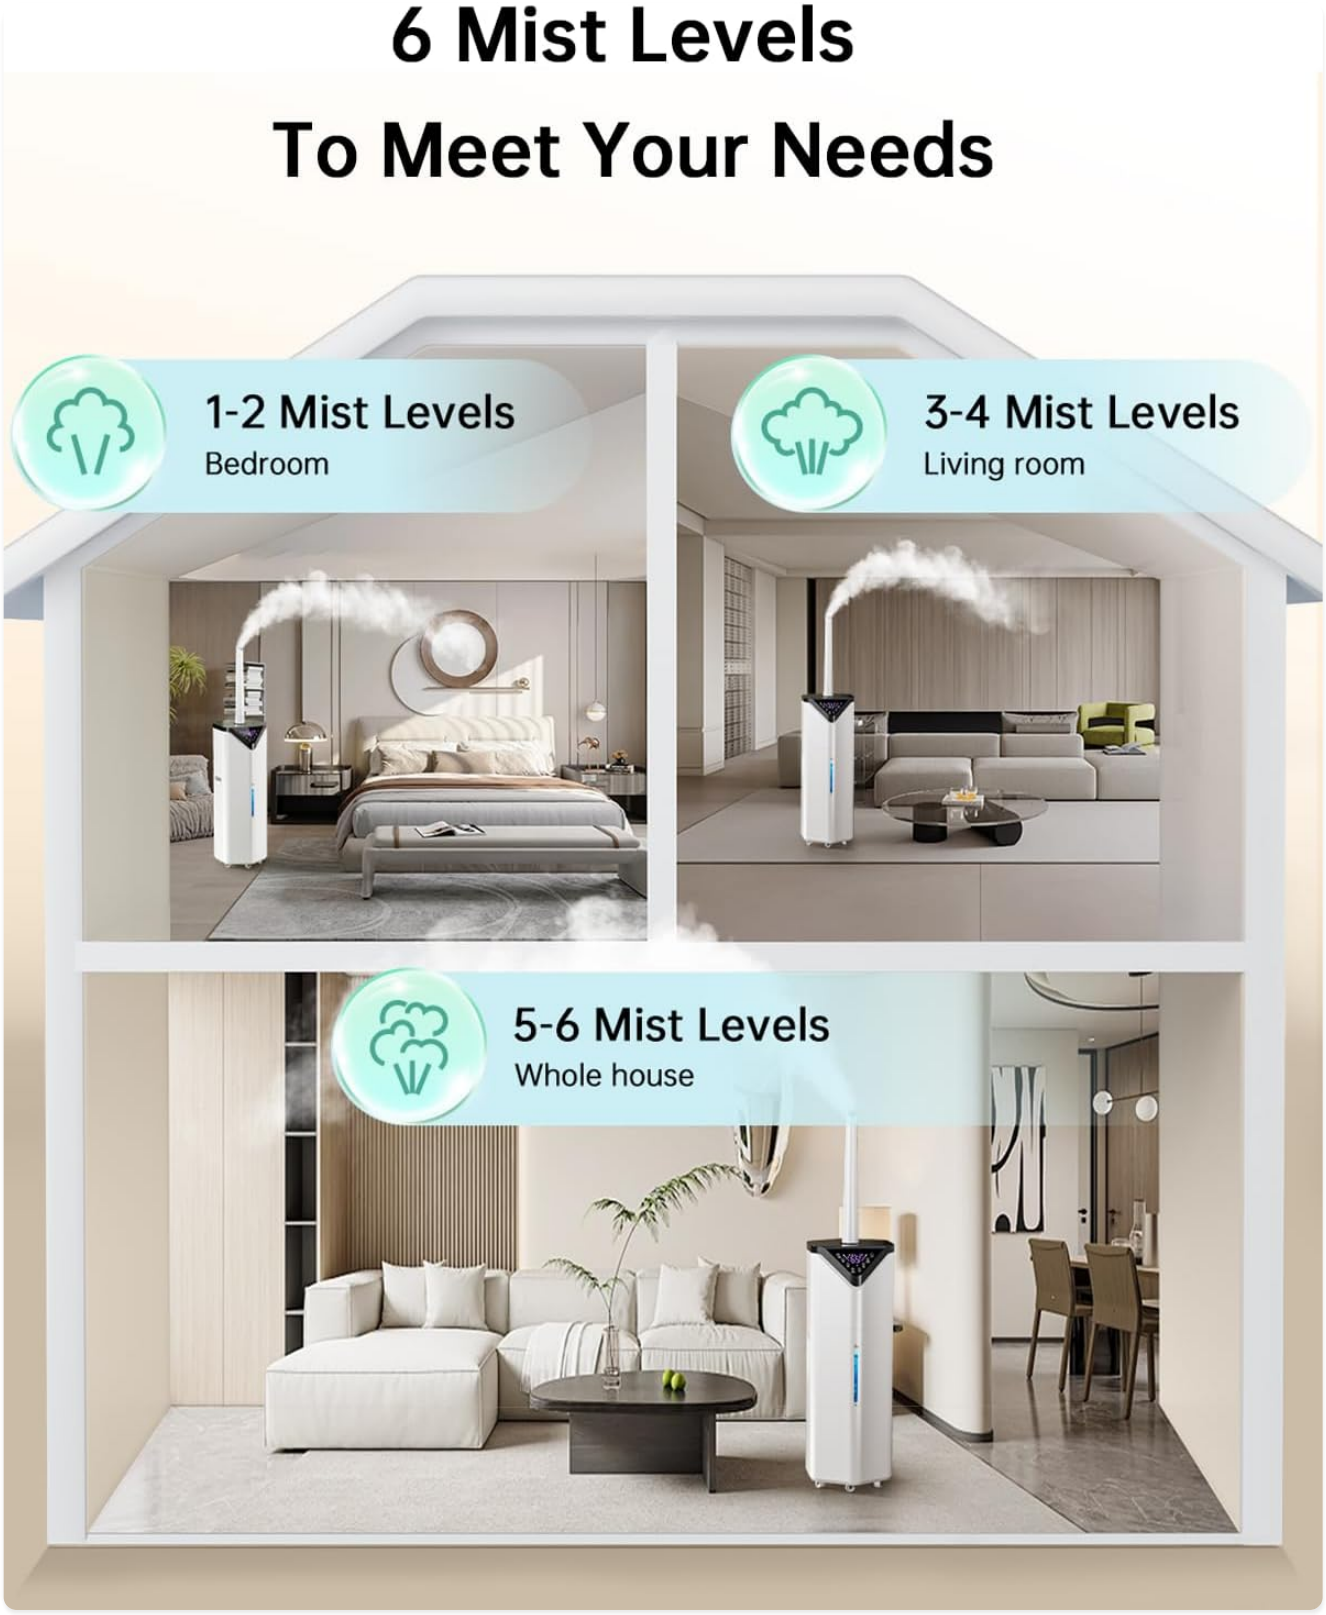

Figure 6: Recommended mist levels for different room sizes, from bedrooms to whole houses.

3.3 Smart APP Control

Manage your humidifier from anywhere using the Tuya app on your smartphone (requires 2.4GHz network). The app provides ultimate control over all settings, allowing you to adjust humidity, mist volume, and set timers remotely.

Video 2: This video highlights the high-output mist capabilities of the AERZY humidifier, demonstrating its effectiveness in quickly humidifying large spaces.

4. Maintenance

4.1 Cleaning

Regular cleaning is essential for optimal performance and hygiene. Unplug the humidifier before cleaning. Remove the top cover and the extended spray pipe. The water tank can be easily accessed for thorough cleaning. Use a soft cloth and mild detergent to clean the tank and internal components. Rinse thoroughly and ensure all parts are dry before reassembly.

For scale removal, a citric acid solution can be used. Follow the instructions in the video for a similar model for general cleaning guidance, ensuring not to get water into the air outlet.

Figure 7: Visual guide for easy top-filling and disassembly for cleaning of the humidifier.

4.2 Aroma Pad Tray

The built-in aroma pad tray is located on the side of the unit. Pull out the tray, add 2-5 drops of your preferred essential oil onto the aroma pad, and slide the tray back in. Do not add oils directly to the water tank.

5. Troubleshooting

If the humidifier is not producing mist, check if the water tank is full and properly seated. Ensure the power cord is

securely plugged in. If the mist output is weak, clean the atomization plates as described in the cleaning section. For any app connectivity issues, ensure your Wi-Fi network is 2.4GHz and try resetting the Wi-Fi connection on the device.

6. Specifications

Feature	Detail
Brand	AERZY
Model Name	HQ-JS2326
Color	White
Operation Mode	Ultrasonic
