SETUP AND ASSEMBLY

The GarveeHome Armoire Wardrobe is designed for straightforward assembly. All necessary parts are clearly labeled, and detailed step-by-step instructions are included in the packaging. For optimal results and safety, we recommend the following:

- **Two-Person Assembly:** While assembly is designed to be easy, having two people will significantly aid in handling larger components and ensure stability during construction.
- **Tools:** A power screwdriver is recommended over manual tools for efficiency, but avoid over-tightening screws.
- **Anti-Tip Hardware:** Always install the provided wall-mount anti-tip hardware to secure the wardrobe to a wall, especially in homes with children or pets. Locate wall studs for the most secure attachment.
- **Check All Parts:** Before starting, verify that all accessories and parts are present and undamaged.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they are tight. Re-tighten if necessary to maintain structural integrity.
- **Avoid Overloading:** Do not exceed the weight capacity of the hanging rod or drawers to prevent damage.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading or discoloration of the wood finish.

TROUBLESHOOTING

- **Wobbly Wardrobe:** Ensure all cam locks and screws are fully tightened. Verify that the wardrobe is placed on a level surface. If necessary, adjust the anti-tip hardware.
- **Drawers Not Sliding Smoothly:** Check that the drawer slides are correctly installed and free from obstructions. Ensure the drawer box is assembled squarely.
- **Doors Not Aligning or Closing Properly:** Adjust the hinges as needed. Small adjustments can often correct door alignment issues.
