TRAUSI TG08

TRAUSI Smartwatch TG08 User Manual

Model: TG08

INTRODUCTION

This manual provides comprehensive instructions for the TRAUSI TG08 Smartwatch. It covers setup, operation, maintenance, and troubleshooting to ensure you get the most out of your device. The TG08 Smartwatch features a 1.83" HD display, 120 sports modes, IP67 waterproofing, Bluetooth call functionality, and health monitoring capabilities.

WHAT'S IN THE BOX

Upon opening your TRAUSI TG08 Smartwatch package, please verify that all the following items are included:

- Watch Dial
- Watch Band
- Owner's Manual
- Magnetic 2-Pin Charging Cable

PRODUCT OVERVIEW

The TRAUSI TG08 Smartwatch, featuring its main display and various function previews including weather, heart rate, and call notifications.

A view of the smartwatch's full-touch colorful screen, showcasing its diverse app icons and options for personalized watch faces.

The 1.83-inch touchscreen interface, highlighting quick access to essential functions such as sleep monitoring, heart rate, phone calls, and exercise tracking.

The smartwatch submerged in water, illustrating its IP67 waterproof capability. Key battery life indicators are shown: 5-7 days active use, 30 days standby time, and a 350mAh battery capacity.

SETUP

1. Charging the Device

Before initial use, fully charge your TRAUSI TG08 Smartwatch. Connect the magnetic 2-pin charging cable to the charging contacts on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer USB port. A full charge typically takes approximately 1.5 hours.

The smartwatch connected to its magnetic charging cable, indicating the charging process.

2. App Installation and Pairing

To unlock the full functionality of your smartwatch, download and install the companion application on your smartphone. The app is compatible with iPhone (iOS 9.0+) and Android (5.0+) devices.

1. Scan the QR code provided in the quick start guide or search for the app name (usually mentioned in the packaging or quick start guide) in your phone's app store (App Store for iOS, Google Play Store for Android).
2. Install the application.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. Ensure Bluetooth is enabled on your smartphone.
5. In the app, navigate to the "Device" or "My Device" section and select "Add Device" or "Pair New Device".
6. Select "TG08" from the list of available devices. Confirm the pairing request on both your phone and the smartwatch if prompted.
7. Once paired, the watch will synchronize time and data with your phone.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and functions. Tap to select.
- **Side Button:** Press to return to the home screen or wake the device. Long press for power options.

Bluetooth Call Function

After successful pairing with your smartphone, the TG08 Smartwatch supports Bluetooth calls, allowing you to make and receive calls directly from your wrist.

- **Making Calls:** Access the dial pad or contact list on the watch to initiate a call.
- **Receiving Calls:** When a call comes in, the watch will display the caller ID. Tap the green icon to answer or the red icon to reject.

Music Control

Control your smartphone's music playback directly from your smartwatch.

- Navigate to the music control interface on the watch.
- Play, pause, skip tracks (next/previous), and adjust volume.

120 Sports Modes

The smartwatch offers 120 sports modes to track various physical activities. Select your desired sport to monitor real-time data such as steps, distance, calories burned, and heart rate.

The smartwatch interface showing running metrics, surrounded by icons representing 120 different sports modes, with illustrative images of various athletic activities.

Health Monitoring

The TG08 Smartwatch provides continuous health monitoring features.

- **Heart Rate Monitoring:** The watch continuously monitors your heart rate. View real-time data on the watch or detailed historical data in the app.
- **Sleep Monitoring:** The watch automatically tracks your sleep patterns, including deep sleep, light sleep, and REM sleep. Review your sleep quality and duration in the companion app.

The smartwatch actively monitoring sleep, with a visual representation of sleep stages on the watch and comprehensive sleep data displayed on the connected smartphone application.

Notifications

Receive real-time notifications for calls, messages, and social media applications directly on your smartwatch. Ensure notification permissions are enabled in your smartphone's settings and the companion app.

The smartwatch demonstrating seamless connectivity, receiving notifications from various social media platforms.

Customizing Watch Faces

Personalize your smartwatch by choosing from a wide array of customizable watch faces available through the companion app. You can also upload your own photos to create unique watch faces.

MAINTENANCE

Cleaning Your Smartwatch

To maintain the appearance and functionality of your smartwatch, clean it regularly:

- Wipe the screen and watch body with a soft, lint-free cloth.
- For stubborn stains, dampen the cloth slightly with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts periodically to ensure proper charging.

Waterproofing Guidelines (IP67)

The TRAUSI TG08 Smartwatch has an IP67 waterproof rating, meaning it is protected from dust and can withstand immersion in water up to 1 meter for up to 30 minutes. While it is suitable for daily use, such as hand washing or light rain, it is not recommended for showering with hot water, diving, or prolonged submersion.

- Do not expose the watch to hot water or steam.
- Avoid using the watch in saunas or hot tubs.
- After exposure to water, wipe the watch dry before charging to prevent corrosion of the charging contacts.

TROUBLESHOOTING

If you encounter issues with your TRAUSI TG08 Smartwatch, please refer to the following common solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone. Make sure the watch is within range of your phone. Restart both the watch and your phone. Forget the device in your phone's Bluetooth settings and try pairing again through the app. Ensure the app has necessary permissions.
Notifications not received	Check notification settings in the companion app. Ensure app notifications are enabled in your phone's system settings. Verify the watch is connected via Bluetooth.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger's width from your wrist bone. Clean the sensor on the back of the watch.
Short battery life	Reduce screen brightness, disable continuous heart rate monitoring if not needed, and limit excessive notifications.

SPECIFICATIONS

Feature	Detail
