

## RAPOO VT2

# RAPOO VT2 Wireless Gaming Mouse User Manual

## 1. INTRODUCTION

---

The RAPOO VT2 Wireless Gaming Mouse is engineered for high-performance gaming, combining an ultra-lightweight design with advanced features. It offers a native 8K polling rate, extended battery life, and durable mechanical switches, providing a precise and responsive experience for both gaming and professional use.

# 53g 超軽量設計

ハンドグリップとサイドボタンを最適化し、  
快適性と操作精度を向上させつつ、重量を 10% 削減しています。

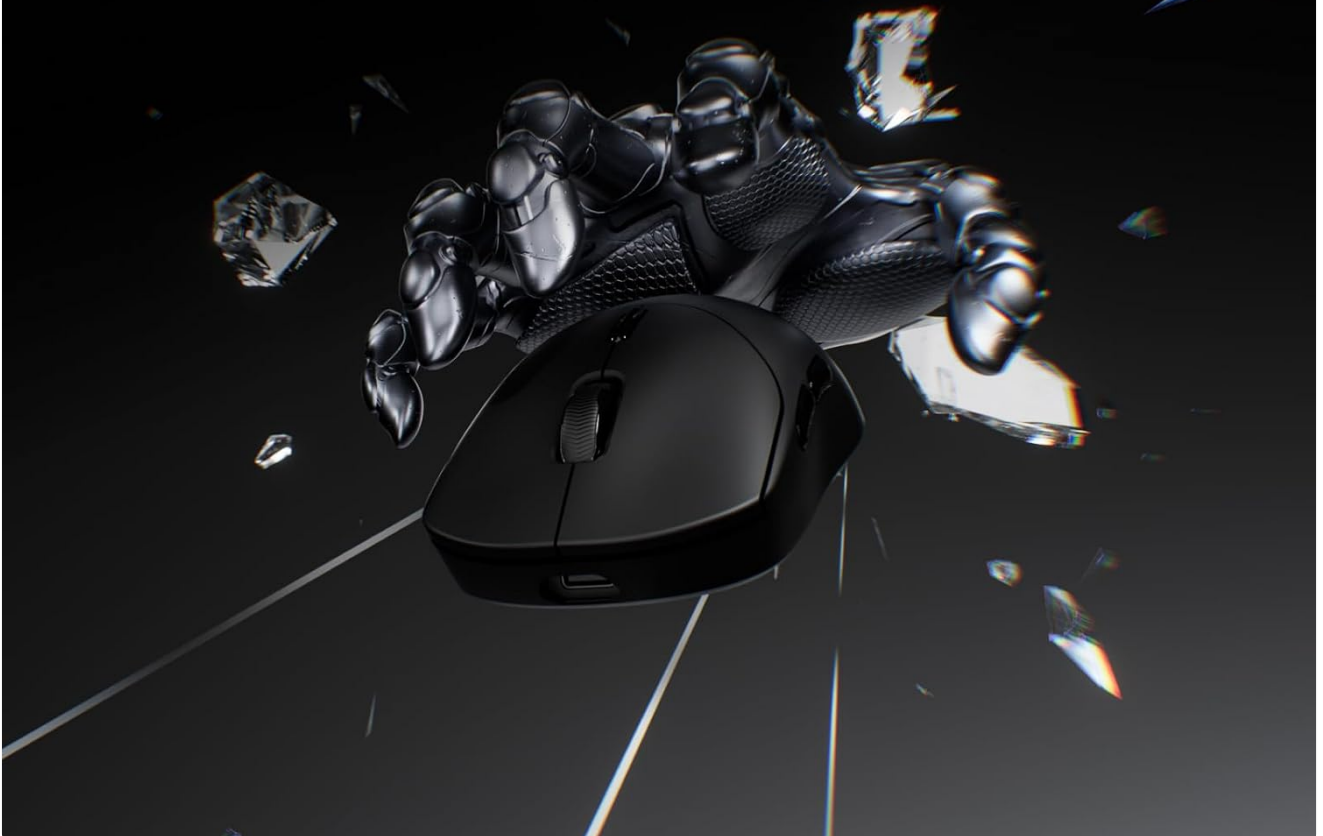

Figure 1: The RAPOO VT2 mouse highlighting its 53g ultra-lightweight design.

# バッテリー寿命 最大 750 時間

Nordic nRF54L15 MCUを搭載、超低消費電力ワイヤレスを実現し、  
1000Hz設定時の連続使用時間は最大 750 時間となります。

750h

# 1億回耐用性 Omron機械式スイッチ

業界トップクラスのクリアなメカニカル  
クリック感と耐久性を実現します。

Figure 4: Detail of the Omron mechanical switches, rated for 100 million clicks, ensuring durability.

## 2. SETUP INSTRUCTIONS

---

### 2.1 Package Contents

Before proceeding, ensure all items are present in the package:

- RAPOO VT2 Wireless Gaming Mouse
- 8K Faraday Shielded Cable (USB-C to USB-A)
- USB Adapter (for wireless dongle)
- Anti-slip Stickers
- Replacement PTFE Feet

Figure 5: Overview of the RAPOO VT2 mouse dimensions and included accessories.

## 2.2 Connecting the Mouse

1. **Wireless Connection:** Insert the USB adapter into an available USB port on your computer. The mouse will automatically connect.
2. **Wired Connection:** Connect the 8K Faraday shielded cable directly from the mouse to a USB port on your computer. The mouse will function in wired mode and charge simultaneously.

## 2.3 Charging the Mouse

The VT2 mouse can be charged via the included USB-C cable. For wireless charging, an optional P5 wireless charging dock (sold separately) is compatible.

# ワイヤレス充電対応

待機時にマウスを充電し、常に使用できる状態を保ちます。

\*P5 ワイヤレス充電ドックは別売りとなります。

Figure 6: The RAPOO VT2 mouse compatible with wireless charging (dock sold separately).

## 2.4 Software Installation (A HUB Driver)

To unlock the full potential of your VT2 mouse, including programmable buttons and macro functions, download and install the 'A HUB' driver from the official RAPOO website. This driver is compatible with Windows and Mac OS. The mouse features onboard memory, so your settings will be retained even when switching between devices or operating systems.

# Hub 機能

## Windows & Mac OS 対応

高度なソフトウェア機能により操作性の精度をさらに向上させ、オンボードメモリで複数のデバイスや OS 間でも使用可能です。

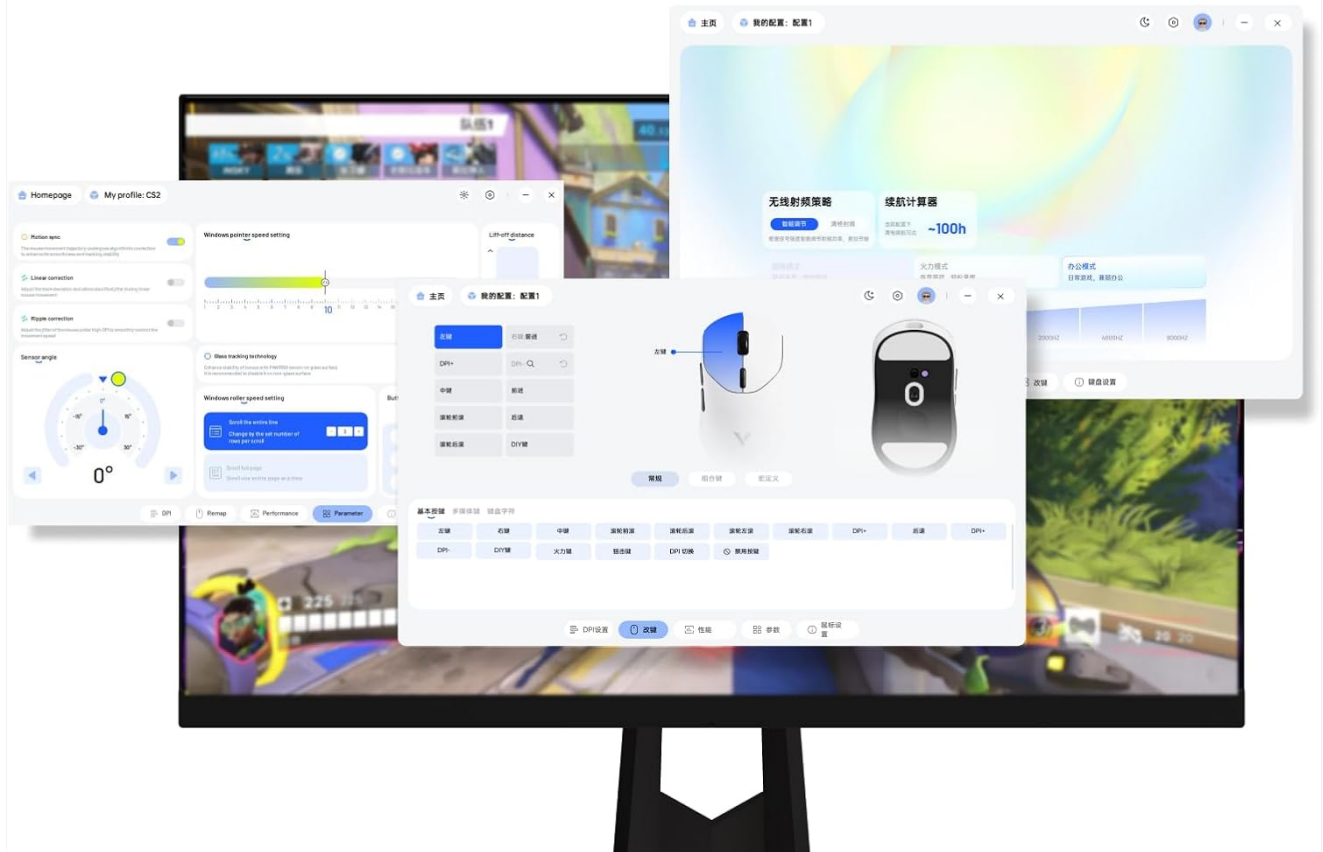

Figure 7: The A HUB software interface for customizing mouse settings on Windows and Mac OS.

### 3. OPERATING INSTRUCTIONS

#### 3.1 DPI Adjustment

The VT2 mouse features a maximum sensitivity of 26000 DPI. You can adjust the DPI levels instantly using the dedicated DPI +/- buttons on the mouse. The A HUB software allows for independent X/Y axis DPI settings to fine-tune sensitivity for horizontal and vertical movements, adapting to your display size and in-game preferences.

#### 3.2 Programmable Buttons and Macro Functions

The mouse is equipped with 10 programmable buttons. Use the A HUB software to assign custom functions, macros, or shortcuts to these buttons. This allows for personalized control and enhanced efficiency in various applications and games.

#### 3.3 Polling Rate

The RAPOO VT2 supports a native 8000Hz wireless polling rate, providing ultra-low latency and smooth cursor movement without the need for additional dongles or complex software algorithms. This ensures stable and

responsive performance, especially in competitive gaming environments.

# True 8K ワイヤレス ポーリングレート

ネイティブ 8000Hz トップクラスポーリングレートを実現、  
ソフトウェアアルゴリズムや追加ワイヤレス dongle 不要。

Figure 8: The RAPOO VT2 mouse delivering a true 8K wireless polling rate for superior tracking.

## 4. MAINTENANCE

---

### 4.1 Cleaning

To maintain optimal performance, regularly clean your mouse. Use a soft, dry cloth to wipe the surface. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid using harsh chemicals or abrasive materials.

### 4.2 Battery Care

To prolong battery life, avoid fully discharging the mouse frequently. Charge the mouse when the battery indicator is low. Store the mouse in a cool, dry place when not in use for extended periods.

### 4.3 Replacing PTFE Feet

The included replacement PTFE feet can be used if the original feet show signs of wear, ensuring smooth gliding

performance. Carefully peel off the old feet and apply the new ones, ensuring they are properly aligned.

## 5. TROUBLESHOOTING

---

### 5.1 Mouse Not Responding

- Ensure the mouse is charged.
- Check if the USB adapter is securely plugged into the computer.
- If using wired mode, ensure the cable is properly connected.
- Try connecting the mouse to a different USB port.
- Restart your computer.

### 5.2 Connection Issues

- Ensure the mouse is within range of the USB adapter (for wireless connection).
- Minimize interference from other wireless devices.
- Re-pair the mouse with the USB adapter if necessary (refer to A HUB software for pairing instructions).

### 5.3 DPI or Button Issues

- Ensure the A HUB software is installed and up to date.
- Check the button assignments and DPI settings within the A HUB software.
- Reset the mouse to factory settings via the A HUB software if custom settings are causing issues.

## 6. SPECIFICATIONS

---

<b>Brand</b>	RAPOO
<b>Model Number</b>	VT2
<b>Color</b>	Black
<b>Connectivity</b>	Wireless (USB Adapter), Wired (USB-C)
<b>Special Features</b>	Ergonomic Design, Programmable Buttons, Lightweight
<b>Movement Detection</b>	Optical
<b>Number of Buttons</b>	10
<b>Hand Orientation</b>	Ambidextrous
<b>Compatible OS</b>	Android, Chrome OS, Linux, Mac, Windows
<b>Battery Life</b>	Up to 750 Hours (at 1000Hz polling rate)
<b>Max Sensitivity</b>	26000 DPI
<b>Polling Rate</b>	Native 8000Hz Wireless
<b>Switch Durability</b>	100 Million Clicks (Omron Mechanical)
<b>Material</b>	Plastic

Country of Origin	China
