SETUP GUIDE

1. Power Connection

1. Place the Feihe SR-16ST on a stable, flat surface.
2. Connect the AC adapter to the power input port on the back of the unit.
3. Plug the AC adapter into a standard 110V AC power outlet. The unit requires a continuous power source as it does not have a built-in battery.

2. Initial Android TV Setup

1. Press the Power button on the unit or the remote control to turn on the TV.

2. Follow the on-screen instructions to complete the initial setup, which includes selecting your language, connecting to a Wi-Fi network (2.4GHz or 5GHz supported), and signing in with your Google account.
3. The Google Assistant voice control remote will guide you through its pairing process during the initial setup.

3. Wireless Microphone Setup

1. Insert batteries into the wireless microphones (batteries not included).
2. Turn on the microphones. The TV system should automatically detect and connect to them.
3. Adjust microphone volume and echo settings using the controls on the unit or remote.

OPERATING INSTRUCTIONS

1. Basic TV Operation

- **Power On/Off:** Use the power button on the unit or remote.
- **Navigation:** Use the directional pad and OK button on the remote to navigate the Android TV interface.
- **Input Selection:** Press the "Source" button on the remote to switch between HDMI, AUX, USB, and ATSC tuner inputs.
- **Google Assistant:** Press the Google Assistant button on the remote and speak your commands for content search, app control, and more.

2. Bluetooth Speaker Operation

- **Pairing:**
 - a. Ensure Bluetooth is enabled on your smartphone, tablet, or laptop.
 - b. On the Feihe SR-16ST, navigate to the Bluetooth settings or select the Bluetooth input source.
 - c. Search for "KT-010" (or similar device name) on your external device and pair.
- **Audio Control:** Adjust volume using the TV remote or the dedicated volume knob on the unit. The speaker system provides 200W peak power with deep bass and clear treble.
