Bemis 1998SC

Bemis 1998SC Coralink Elongated Toilet Seat Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Bemis 1998SC Coralink elongated toilet seat. Please read these instructions carefully before installation and retain them for future reference.

The Bemis 1998SC Coralink toilet seat features a durable plastic construction with a closed front and lid, designed for comfort and hygiene. It includes slow-close hinges and the Permajuste™ system for secure fitting.

1. SETUP AND INSTALLATION

1.1 Unpacking

Carefully remove all components from the packaging. Ensure all parts are present: toilet seat with lid, Hex-Tite screws, and corrosion-resistant nuts.

1.2 Preparing the Toilet Bowl

Ensure the toilet bowl surface where the seat will rest is clean and dry. Remove any old toilet seat and hardware.

1.3 Attaching the Hinges

The Bemis 1998SC Coralink seat features fixed hinges for secure attachment. Position the hinge posts into the mounting holes on the toilet bowl.

Image: Hands carefully placing the Bemis Coralink toilet seat onto the two mounting posts on the toilet bowl.

1.4 Securing the Seat

From underneath the toilet bowl, thread the corrosion-resistant nuts onto the Hex-Tite screws. Tighten them securely to ensure a firm and stable fit. Do not overtighten.

Image: A finger pressing down on the hinge mechanism of the Bemis Coralink toilet seat, demonstrating how it locks into place on the mounting posts.

Image: Bemis Coralink elongated toilet seat in white, with the lid closed, showing the integrated hinges and mounting hardware from a top-down perspective.

2. OPERATING INSTRUCTIONS

The Bemis 1998SC Coralink toilet seat is designed for straightforward use.

2.1 Opening and Closing the Lid/Seat

To open, simply lift the lid and/or seat. To close, gently push the lid and/or seat downwards. The slow-close feature will engage, allowing the lid and seat to close softly and quietly without slamming.

2.2 Functional Design

The closed-front design and included lid provide enhanced hygiene and comfort during use.

3. MAINTENANCE AND CLEANING

Regular cleaning will help maintain the appearance and longevity of your Bemis 1998SC Coralink toilet seat.

3.1 Cleaning Instructions

Use mild soap and water with a soft cloth or sponge. Avoid abrasive cleaners, brushes, or scouring pads, as these can damage the plastic surface and multi-layer enamel finish.

Do not use harsh chemical cleaners, especially those containing bleach, acids, or ammonia, as they can discolor or degrade the material.

3.2 Inspection

Periodically check the tightness of the mounting nuts. If the seat feels loose, gently retighten the nuts.

4. TROUBLESHOOTING

This section addresses common issues you might encounter with your toilet seat.

4.1 Seat is Loose

Solution: Check the Hex-Tite screws and corrosion-resistant nuts underneath the toilet bowl. Tighten them firmly until the seat is stable. Do not overtighten.

4.2 Slow-Close Feature Not Working Properly

Solution: Ensure the hinges are clean and free from debris. If the issue persists, contact customer support.

4.3 Seat Discoloration or Stains

Solution: Ensure you are using only mild soap and water for cleaning. Harsh chemicals can cause discoloration. For stubborn stains, a non-abrasive bathroom cleaner specifically designed for plastic surfaces may be used sparingly, followed by thorough rinsing.

5. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Bemis
Model Number	1998SC
Color	White
Product Dimensions (L x W)	40 cm x 10 cm (approximately 15.75 in x 3.94 in)
