COZIWOW CW0761-0762

COZIWOW 110" Large Outdoor Cat Enclosure User Manual

Model: CW0761-0762

1. INTRODUCTION

Thank you for choosing the COZIWOW 110" Large Outdoor Cat Enclosure. This manual provides essential information for the safe assembly, operation, and maintenance of your new catio. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. Safety Instructions

- **Adult Assembly Required:** This product requires assembly by two or more adults.

- **Tool Recommendation:** A power drill is recommended for efficient assembly.

- **Stable Placement:** Ensure the catio is placed on a flat, stable surface to prevent tipping.

- **Regular Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight and secure.

- **Weather Protection:** While designed for outdoor use, extreme weather conditions may require additional precautions or temporary relocation.

3. Package Contents

The COZIWOW Cat Enclosure is shipped in **two separate boxes**. Please ensure you have received both packages before beginning assembly. Unpack all components and verify against the parts list provided in the separate assembly guide. If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the dedicated assembly manual included with your product. The general assembly process involves:

1. **Preparation:** Clear a spacious area for assembly. Identify all parts and hardware.

2. **Base Assembly:** Construct the base frame of the enclosure.

3. **Wall Panels:** Attach the side and back wall panels, ensuring proper alignment.

4. **Roof Structure:** Assemble the roof frame and attach the sunshine boards and removable PVC oxford cloth.

5. **Interior Elements:** Install the 7 jumping platforms, 2 bridges, and 2 condos as desired.

6. **Doors:** Attach the large human-sized door and the two small adjustable cat doors.

5. OPERATING INSTRUCTIONS

5.1. Access Doors

- **Large Door:** The 60" tall large door allows easy human access for cleaning, feeding, and interacting with your pets. Ensure it is securely latched when not in use.

- **Small Cat Doors:** The two small cat doors feature 4 adjustable modes:

  - **Fully Locked:** Prevents all entry and exit.
  - **Free Entry and Exit:** Allows cats to pass freely in both directions.
  - **One-Way Entry Only:** Cats can enter but not exit.
 - **One-Way Exit Only:** Cats can exit but not enter.

 Adjust the mode using the slider mechanism on each door.

5.2. Connecting to Your Home

The catio is designed to be connected to your house via a window or a cat tunnel. A removable panel allows for seamless integration. Ensure any connections are secure and weatherproof to prevent escapes or drafts.

6. Maintenance

- **Cleaning:** Regularly clean the wooden surfaces and wire mesh with a pet-safe cleaner and water. The removable PVC oxford cloth can be wiped down or removed for deeper cleaning.

- **Inspection:** Periodically inspect the entire structure for any signs of wear, damage, or loose components. Tighten screws as needed. Check the wire mesh for any breaks or weak points.

- **Weather Protection:** The fully covered roof with sunshine boards and removable PVC oxford cloth provides protection from sun, wind, rain, and snow. Ensure the roof covering is properly secured during inclement weather.

7. Troubleshooting

- **Assembly Difficulties:** If you encounter issues during assembly, double-check the step-by-step manual. Ensure all parts are correctly oriented and all hardware is used as specified. Remember, two or more people are recommended for assembly.

- **Stability Concerns:** If the catio feels unstable, verify that it is placed on a level surface and all screws are fully tightened.

- **Cat Door Malfunction:** If a small cat door is not functioning correctly, check for obstructions or ensure the mode slider is fully engaged in the desired position.
