5. OPERATING INSTRUCTIONS

Your interactive puppy offers various ways to play and interact:

5.1 Voice Commands

The puppy responds to 8 daily conversation commands. Speak clearly and at a moderate volume for best results, especially in a quiet setting.

- **"Lucy, Lucy!"**: The puppy will respond with barks and movements.
- **"Go to eat!"**: The puppy will make licking sounds, simulating eating.
- **"Let's walk!"**: The puppy will begin to walk forward.
- **"Sing a song!"**: The puppy will play one of its programmed songs.
- **"Show happy!"**: The puppy will wag its tail and express joy.
- Other commands will elicit various interactive responses.

7. MAINTENANCE

To ensure the longevity and proper functioning of your interactive puppy, please follow these maintenance guidelines:

- **Cleaning:** Wipe the surface of the toy with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners. Do not submerge the toy in water.
- **Battery Care:** Remove batteries if the toy will not be used for an extended period to prevent leakage. Replace all batteries at the same time with new ones of the same type.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

If you encounter any issues with your JoyCat Smart Interactive Puppy, please refer to the following common solutions:

Problem	Possible Cause	Solution
Toy does not turn on or respond.	Batteries are low or incorrectly installed.	Check battery polarity, replace with fresh batteries. Ensure ON/OFF switch is in 'ON' position.
Toy does not respond to voice commands.	Background noise, unclear speech, or distance.	Reduce background noise, speak clearly and closer to the toy. Ensure the toy is in an interactive mode.
Toy does not walk properly on carpet.	Friction from carpet fibers.	The toy performs best on smooth, hard surfaces. Avoid thick carpets.
Recording function not working.	Incorrect activation of "Learn to say" mode.	Ensure you say "Learn to say" clearly before speaking your phrase.
