## 5. CARE AND STORAGE

To maintain the appearance of your 3D puzzle model, follow these guidelines:

- **Cleaning:** Gently wipe the model with a dry, soft cloth to remove dust. Avoid using liquid cleaners or abrasive materials.
- **Storage:** Store the assembled model in a stable location away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.
- **Disassembly:** The high-quality parts allow for multiple assembly. If disassembling, do so carefully to avoid damaging the interlocking tabs.

## 6. TROUBLESHOOTING

If you encounter any issues during assembly:

- **Missing Pieces:** Double-check the packaging and surrounding area for any small pieces that may have been overlooked.

- **Difficulty Fitting Pieces:** Ensure the pieces are correctly oriented and that the tabs align precisely with the slots. Do not force pieces together, as this may cause damage. Refer to the instruction diagrams for clarification.
- **Unstable Structure:** Verify that all previously assembled sections are securely interlocked before adding new components.
