HOMCOM 83B-038V00WN

HOMCOM 35.4" Sideboard Buffet Cabinet with Storage, Model 83B-038V00WN Instruction Manual

Brand: HOMCOM
Model: 83B-038V00WN

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your HOMCOM 35.4-inch Sideboard Buffet Cabinet, Model 83B-038V00WN. Please read all instructions carefully before assembly and use to ensure safe and proper functionality of the product.

The HOMCOM Sideboard Buffet Cabinet offers a stylish storage solution, featuring slatted tambour doors and metal legs, suitable for various room settings.

2. Safety Information

- Always assemble the cabinet according to the provided instructions.
- Do not overload the cabinet. The maximum weight capacity for the top and each compartment is 66 lbs (30 kg). The overall maximum weight capacity is 331 lbs (150 kg).
- Keep the cabinet away from direct heat sources and open flames.
- Do not place heavy objects on the doors or apply excessive force to them.
- Use the adjustable foot pads to level the cabinet and ensure stability on uneven surfaces.
- Utilize the anti-tipping design by securing the cabinet to a wall, if applicable, to prevent accidental tipping.

- Always supervise children when they are near the cabinet to prevent accidents.

3. Package Contents

Before beginning assembly, carefully unpack all components and verify that all parts are present and undamaged. Refer to the separate assembly guide included with your product for a detailed parts list and hardware identification.

The package typically includes:

- Cabinet panels (top, bottom, sides, back, shelves)
- Slatted tambour doors
- Metal legs and adjustable foot pads
- Handles
- Assembly hardware (screws, dowels, cam locks, etc.)
- Anti-tipping hardware
- Instruction manual

4. Setup and Assembly

Assembly of this cabinet is required. It is recommended to have two people for assembly. Please follow the step-by-step instructions provided in the separate assembly guide included in your package. Ensure you have all necessary tools before starting.

Key Assembly Steps:

1. **Prepare the Area:** Clear a spacious, clean, and flat area for assembly. Lay down a blanket or cardboard to protect the floor and cabinet parts.
2. **Identify Parts:** Match all components with the parts list in your assembly guide.
3. **Assemble Frame:** Connect the side panels to the bottom and top panels using the provided hardware.
4. **Install Shelves:** Insert the shelves into the designated slots.
5. **Attach Legs:** Secure the five steel legs to the bottom of the cabinet.
6. **Install Doors:** Carefully install the slatted tambour doors into their tracks.
7. **Attach Handles:** Secure the handles to the doors.
8. **Level the Cabinet:** Adjust the foot pads on the steel legs to ensure the cabinet is stable and level on your floor.
9. **Secure Anti-Tipping Device:** For added safety, attach the anti-tipping hardware to the cabinet and secure it to a wall stud according to the instructions.

The cabinet is supported by five sturdy steel legs equipped with adjustable and protective foot pads, allowing for leveling on uneven floors and preventing scratches.

5. Operating Instructions

Sliding Tambour Doors:

The HOMCOM Sideboard Buffet Cabinet features unique slatted tambour doors designed for smooth operation and space-saving access. To open or close the doors, gently slide them along their tracks. Avoid forcing the doors, as this may cause damage.

The cabinet features smooth-gliding slatted tambour doors that slide open to reveal storage compartments, providing easy access and saving space.

Adjustable Foot Pads:

The cabinet's steel legs are equipped with adjustable foot pads. If your floor is uneven, you can rotate these pads to raise or lower individual legs, ensuring the cabinet is perfectly level and stable. This also helps protect your flooring from scratches.

6. Maintenance

Cleaning:

- Wipe all surfaces with a soft, slightly damp cloth.

- Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- Immediately wipe up any spills to prevent moisture damage.

General Care:

- Periodically check all assembly screws and fasteners to ensure they remain tight. Retighten if necessary.
- Do not expose the cabinet to excessive moisture, humidity, or direct sunlight for prolonged periods, as this can cause warping or fading.
- Ensure the cabinet remains level by checking and adjusting the foot pads as needed.

7. Troubleshooting

- **Doors are stiff or difficult to slide:**
  Check that the cabinet is level. Adjust the foot pads if necessary. Ensure no obstructions are in the door tracks. Clean the tracks if dust or debris is present.
- **Cabinet wobbles or is unstable:**
  Verify that all assembly screws are tightened securely. Adjust the foot pads on each leg to stabilize the cabinet on uneven flooring. Ensure the anti-tipping device is properly installed and secured to a wall stud.
- **Missing parts or damaged components:**
  Refer to the contact information in the 'Warranty and Support' section to reach customer service for assistance.
