- 1. Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface. Refer to the parts list in your included manual to identify each piece.
- 2. Assemble the Headboard:** Attach the storage shelf sections to the main upholstered headboard. Ensure the USB/Type-C charging unit is correctly positioned and secured.
- 3. Attach Side Rails:** Connect the side rails to the assembled headboard using the provided hardware. Do not fully tighten bolts at this stage.

4. **Connect Footboard:** Attach the footboard to the side rails. Once all connections are made, fully tighten all bolts on the headboard, side rails, and footboard.
