Hagibis MMS07

Hagibis Mac mini M4 Stand Instruction Manual

Model: MMS07

INTRODUCTION

Thank you for choosing the Hagibis Mac mini M4 Stand. This aluminum stand is designed to elevate your Mac mini M4, providing improved heat dissipation, convenient access to ports, and a tidy workspace. Its robust construction and thoughtful design ensure a secure and stable platform for your device.

PRODUCT FEATURES

- Convenient Operation:** The stand's design ensures no obstruction to the power button, allowing easy access and operation of your Mac mini M4.
- Elevated Design for Cooling:** Elevates the Mac mini M4, creating space for enhanced airflow and heat dissipation through bottom vents.
- Premium Alloy Material:** Constructed from high-quality aluminum alloy, matching the aesthetic of the Mac mini M4 for a cohesive look. The elevated space can also be used for storage.
- Anti-slip and Protective:** Features dual-sided silicone pads. The top pad protects the Mac mini from scratches, while the bottom pads provide stability and prevent slipping on your desk.
- Compatibility:** Designed to integrate seamlessly with other Hagibis products such as the MC65 Docking Station, MC600 SSD Enclosure, and MC30/MC35/MC40 USB4 SSD Enclosures.

PACKAGE CONTENTS

- 1 x Hagibis Mac mini M4 Stand (Model: MMS07)

Packing List

1 Aluminum Stand

2 Box

SETUP AND INSTALLATION

- 1. Unpack the Stand:** Carefully remove the Hagibis Mac mini M4 Stand from its packaging.

Your browser does not support the video tag.

Video: An overview of the Hagibis Mac mini M4 Stand, demonstrating its features and how it integrates with the Mac mini.

- 2. Place the Mac mini:** Gently place your Mac mini M4 onto the stand. Ensure the Mac mini is

centered within the circular opening of the stand. The stand's top silicone pad will protect the Mac mini's base.

3. **Ensure Stability:** Verify that the stand is placed on a flat, stable surface. The bottom silicone pads will prevent movement.
4. **Connect Cables:** Connect all necessary cables (power, display, peripherals) to your Mac mini. The elevated design provides ample space for cable management underneath.

No Blocking of The On Button Easy to Operate

Round stand fits snugly on the bottom
Mac mini is easy to turn on

OPERATING INSTRUCTIONS

The Hagibis Mac mini M4 Stand is a passive accessory designed to enhance the functionality and aesthetics of your Mac mini. No active operation is required.

- **Improved Airflow:** The elevated position allows for better air circulation around the Mac mini, aiding in passive cooling and heat dissipation.

Elevated Design Ventilation and Cooling

Raised cooling space at the bottom of Mac mini M4
The bottom vents help to ventilate and dissipate heat

MAINTENANCE AND CARE

- **Cleaning:** Wipe the stand with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.
- **Silicone Pads:** Ensure the silicone pads remain clean and free of debris to maintain their anti-slip properties and protect your Mac mini.

Double-sided Silicone Mat

Top silicone mat protects equipment from wear and tear
Bottom silicone pads are stable and non-slip

Image: Detailed view of the double-sided silicone pads on the Hagibis Mac mini M4 Stand, designed for protection and stability.

- **Placement:** Place the stand on a stable, level surface to prevent accidental tipping.

TROUBLESHOOTING

As a passive accessory, the Hagibis Mac mini M4 Stand has minimal troubleshooting requirements.

- **Instability:** If the stand appears unstable, ensure it is placed on a flat, even surface. Check that the silicone pads are clean and intact.
- **Mac mini Not Fitting:** Ensure you are using a compatible Mac mini model (M4 / M4 Pro). The stand is specifically designed for these dimensions.
