MAINTENANCE

Regular cleaning ensures optimal performance and extends the lifespan of your diffuser.

1. **Cleaning the Nozzle:** If the diffuser's output seems weak or inconsistent, the nozzle may be clogged. Unscrew the essential oil bottle and carefully clean the nozzle with a cotton swab dipped in rubbing alcohol. Allow it to air dry completely before reattaching.
2. **Cleaning the Exterior:** Wipe the exterior of the diffuser with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water.
3. **Changing Essential Oils:** When changing essential oils, it is recommended to clean the nozzle as described above to

prevent mixing of scents and potential clogging.

4. **Storage:** If storing the diffuser for an extended period, ensure the essential oil bottle is removed and the nozzle is clean and dry. Store in a cool, dry place.
