CANMOV Manual Recliner Chair with Massage and Heat User Manual

Model: 08854594-e4a5-49dc-a424-98d8bace8b33

1. PRODUCT OVERVIEW

The CANMOV Manual Recliner Chair is designed to provide comfort and relaxation with its integrated massage and heating functions. This single sofa features overstuffed armrests and back for sturdy support, along with convenient cup holders and a side pocket. It is upholstered in a soft fabric and offers multiple reclining angles for various activities.

Product Dimensions

2. ASSEMBLY INSTRUCTIONS

This recliner chair is designed for easy assembly and is shipped in two packages. No additional tools are required. Please ensure both packages have arrived before beginning assembly. While typically shipped simultaneously, delivery timelines may vary.

2.1 Package Contents

- Recliner Backrest
- Recliner Seat Base with Armrests
- Power Adapter for Massage/Heat (if applicable)
- Instruction Manual (this document)

2.2 Assembly Steps

1. Carefully unpack all components from both packages.
2. Align the backrest with the seat base. Slide the backrest onto the metal brackets located on the seat base until it clicks securely into place.

3. Connect any electrical cables for the massage and heat functions, ensuring they are securely fastened.
4. Place the chair in its desired location.
5. Verify all connections are secure and the chair is stable before use.

3. OPERATING INSTRUCTIONS

3.1 Reclining Function

The recliner offers multiple angle adjustments, up to a maximum of 150 degrees. To recline, locate the ring handle positioned between the armrest and the seat. Pull this handle to release the footrest. Lean back gently to adjust the recline angle to your preference. To return to the upright position, push the footrest down with your legs while leaning forward.

Image 2: Demonstrates how to operate the manual reclining mechanism by pulling the handle, illustrating various comfortable positions.

3.2 Massage and Heating Functions

The recliner is equipped with 8 vibration points and a lumbar heating function. These features are controlled via a remote. The massage system offers 3 vibration intensity levels and 5 vibration modes for

full-body relaxation. The lumbar heating function is designed to promote blood circulation and alleviate back pain.

Image 3: Visual representation of the massage and heating zones within the recliner, highlighting the 8 vibration points and lumbar heat.

To operate the massage and heat functions:

- **Power:** Press the 'POWER' button on the remote to turn the massage function on or off.
- **Heat:** Press the 'HEAT' button to activate or deactivate the lumbar heating function.
- **Intensity:** Use the 'INTENSITY' buttons (High/Low) to adjust the strength of the vibration massage.
- **Mode:** Cycle through the 5 available vibration modes using the 'MODE' button (Pulse, Press, Wave, Auto, Normal).
- **Zone Selection:** Use the individual buttons corresponding to 'BACK', 'LUMBAR', 'THIGH', and 'LEG' to target specific massage areas.
- **Timer:** The remote may include a timer function to set the duration of the massage.

4. FEATURES AND DESIGN

The CANMOV recliner is designed for user convenience and comfort. It includes:

- **Overstuffed Armrests and Back:** Provides enhanced comfort and support.

- **High-Density Foam Padding:** Ensures durability and comfort during prolonged use.
- **Two Cup Holders:** Conveniently located for beverages.
- **Side Pocket:** Ideal for storing phones, magazines, or remote controls.

Suitable for a variety of scenarios

5. MAINTENANCE

Proper care and maintenance will extend the life of your recliner chair.

- **Cleaning:** For general cleaning, use a soft, damp cloth with mild soap. Avoid harsh chemicals or abrasive cleaners. Test any cleaning solution on an inconspicuous area first.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub.
- **Fabric Care:** Vacuum regularly using an upholstery attachment to remove dust and debris.
- **Mechanism:** Periodically check all bolts and screws to ensure they are tight. Do not over-tighten.
- **Placement:** Avoid direct sunlight and excessive heat to prevent fabric fading and material degradation.

6. TROUBLESHOOTING

If you encounter any issues with your recliner, please refer to the following common solutions:

- **Reclining Mechanism Not Engaging:** Ensure the handle is pulled fully. Check for any obstructions around the footrest mechanism.
- **Massage/Heat Not Working:** Verify the power adapter is securely plugged into both the chair and a working electrical outlet. Check the remote control for battery issues (if applicable) or ensure it is properly connected.
- **Chair Feels Unstable:** Re-check all assembly connections, especially where the backrest attaches to the base. Ensure all bolts are tightened. The chair has a heavy-duty metal base and a maximum weight capacity of 350 pounds.
- **Unusual Noises:** If the chair makes popping or moving sounds, inspect the frame and connections for loose parts.

If problems persist, please contact CANMOV customer support for assistance.
